Radio Public Service Announcements
(Air prior to September 10, 2007)

60-Second PSA:

Are you a rancher or livestock producer? Did you suffer feed or livestock losses because of natural disasters in recent years?

If so, you may be eligible to receive benefits through two new disaster programs being offered by the U-S Department of Agriculture. Sign-up begins September 10th, 2007.

USDA's Livestock Compensation Program compensates producers for feed losses between January 1st, 2005, and February 28th, 2007. Also, producers who suffered losses during blizzards in 2006 that continued into 2007 may be eligible.

The Livestock Indemnity Program compensates producers for livestock losses during the same periods.

Only producers in primary or contiguous secretarial disaster counties or presidential disaster counties are eligible.

Learn more about USDA's two new livestock disaster programs by visiting your local USDA Service Center or online at www-dot-FSA-dot-USDA-dot-gov.
