### **Farm Storage Facility Loans**

The Farm Storage Facility Loan Program (FSFLP) allows producers of eligible commodities to obtain low-interest financing to build or upgrade farm storage and handling facilities.

The new maximum principal amount of a loan through FSFL is \$500,000. Participants are now required to provide a down payment of 15 percent, with CCC providing a loan for the remaining 85 percent of the net cost of the eligible storage facility and permanent drying and handling equipment. New loan terms of 7, 10 or 12 years are available depending on the amount of the loan. Interest rates for each term rate may be different and are based on the rate which CCC borrows from the U.S. Treasury Department.

Payments are available in the form of a partial disbursement and the remaining final disbursement. The partial disbursement will be available after a portion of the construction has been completed. The final fund disbursement will be made when all construction is completed. The maximum amount of the partial disbursement will be 50 percent of the

## SURE Program Status

The Supplemental Revenue Assistance Payments (SURE) Program provides assistance to producers suffering crop losses due to natural disasters occurring through Sept. 30, 2011. To receive SURE payments, an eligible producer must have qualifying losses of at least 10 percent production loss affecting at least one crop of economic significance due to natural disaster on a farm in a disaster county.

Producers outside a declared disaster county are eligible if they experience production losses greater than or equal to 50 percent of normal production in the farm. To be eligible for SURE, a producer must have obtained a policy or plan of insurance for all crops through the Federal Crop Insurance Corporation and obtained Noninsured Crop Disaster Assistance Program (NAP) coverage, if available, from the Farm Service Agency. Forage crops intended for grazing are not eligible for SURE benefits.

## Loans for the Socially Disadvantaged

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production.

Loans are available for operating type loans and/or purchase or improve farms or ranches. While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of socially disadvantaged groups.

A socially disadvantaged applicant is a member of a group whose members have been subjected to racial, ethnic or gender prejudice without regard to their individual qualities. For purposes of this program, socially disadvantaged groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders. FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.
