Kern County FSA News

A Thank You to Kern County Producers

It is with mixed emotions which I am writing this article. As of March 2, 2012 I will be retiring from the USDA-Farm Service Agency after 31 years of service between Tulare & Kern Counties, 18 of which were spent in Kern.

It has been a great pleasure serving the farmers and ranchers of Kern County and a wonderful experience I will always treasure. I have seen fathers retire and sons and daughters take over the business. Others, farming is their life and still loving every minute of it. You are special people that put love, blood, sweat and dedication into farming. I have learned so much from all of you which is priceless knowledge both personal and business, and I thank you all for that.

I will miss working with all of you and hope you will say Hi when you see me out and about.

Respectfully
Joann Esser, CED Retired

New County Executive Director

My name is Garrett Pedretti and I'm the new CED for Kern County, replacing Joann Esser who retired at the beginning of March. I grew up in Merced County on my family's farming and ranching operation where we grow cotton, corn, hay, raise Hereford beef cattle, and have a dairy operation. From a young age I have held a strong appreciation for agriculture and have known it is an industry I wanted to have a career in. I look forward to working with the producers in Kern County and meeting everyone. Kern County has a large diversity of crops and agriculture and I'm excited to be in this area. If you have any questions or concerns feel free to contact me at the FSA office.

County Committee Election Results

Congratulations to Louie Crettol. Louie was elected to represent farmers from Wasco, Delano, and Shafter areas on the county committee.

Other results for Local Administrative Area 2 are:

Leroy Espericueta— 1st alternate to COC.

FSA appreciates all of the eligible voters for taking the time to complete the election ballot. The county committee system works only because of your participation.

DCP/ACRE Sign-up

2012 Direct and Counter-Cyclical Program (DCP) enrollment opened on Jan. 23, 2012 and closes on June 1, 2012. Call now for an appointment at the local office. Here are some **IMPORTANT REMINDERS:**

1) All producers planting on **DCP base** acres must be identified on the DCP/ACRE contract and receive a proportionate share of DCP/ACRE payment for the farm.

2) Changes on the farm after enrolling June 1st in DCP/ACRE **must** be reported to your local FSA office including: ownership changes, producer changes (individuals and entities) and changes in crop shares arrangements.

Note: All changes must be made by Sept. 30, 2012.

Supplemental Revenue Assistance Program (SURE)

The sign-up for 2010 SURE losses continues through **June 1, 2012.**

The Supplemental Revenue Assistance Program (SURE) provides benefits for farm revenue losses due to natural disasters that occurred in the crop year 2010. SURE is available to eligible producers on:

Farms in counties with Secretarial disaster declarations, including contiguous counties, that have incurred crop production or quality losses, or both, and includes all crops grown by a producer nationwide, except grazed crops. Kern County was not a designated disaster county in 2010.

Any farm in which, for the crop year, the actual production on the farm because of disaster-related conditions is 50 percent or less than normal production of the farm.

Actively Engaged

USDA has amended the rules that govern the requirements to be 'actively engaged' in farming. These rules apply to eligibility for payments under the Direct and Counter-cyclical Program (DCP) or Average Crop Revenue Election (ACRE) program administered by FSA.

Normally the stockholder or a member of a legal entity **must** make contributions of active personal labor and/or active personal management for the farming operation. The contributions are to be performed on regular basis, must be identifiable, and separate from the contributions of others.

The exception to this rule for a stockholder or member of a legal entity only occurs when both of the following apply:

1) At least half of the interest in the legal entity is held by stockholders or

NOTICE TO HISPANIC AND/OR WOMEN FARMERS OR RANCHERS

COMPENSATION FOR CLAIMS OF DISCRIMINATION

If you believe that the United States Department of Agriculture (USDA) improperly denied farm loan benefits to you between 1981 and 2000 because you are Hispanic, or because you are female, you may be eligible to apply for compensation.

To register your name to receive a claims packet, call the Farmer and Rancher Call Center at 1-888-508-4429 or visit: www.farmerclaims.gov

The claims package will have detailed information about the eligibility and claims process.

Farm Reconstitutions

At FSA, farms are “constituted” to group all tracts having the same owner and the same operator under one farm serial number. When changes in the ownership or operation take place, a farm reconstitution is necessary.

The reconstitution or recon, is the process of combining or dividing farms or tracts of land based on the farming operation. NOTE: to be effective for the current year, recons must be requested by August 1, 2012 for farms enrolled in specific programs. If not signed into programs then the deadline to request a recon is June 1, 2012.

members who are providing active personal labor or active personal management; and

2) The total direct payments received by the legal entity and each of the members can’t exceed \$40,000.

Payment Limitations

Several FSA programs are subject to payment limitation provisions. Violation of any of these provisions may subject the producer to loss of payment and possible prosecution.

The following are current FSA program payment limitations;

<u>PROGRAM</u>	<u>LIMIT</u>
DCP Program	\$40,000
DCP CC / ACRE	\$65,000
CRP	\$50,000
SURE, LIP, LFP	\$100,000
NAP	\$100,000
LDP, Market Gain	No Limit

Payment Eligibility

Note that specific eligibility criteria exist for the DCP and ACRE programs. Contact your nearest county FSA Office for further information regarding these and other provisions:

- 1) actively engaged,
- 2) cash-rent tenant rule and
- 3) foreign persons.

Noninsured Crop Disaster Assistance Program (NAP)

The noninsured crop disaster assistance program (NAP) is a federally funded program that helps producers reduce their risk when growing food and fiber crops, specialty crops and crops for livestock feed. These benefits are only available for crops for which the catastrophic level of crop insurance is not available. Application for coverage must be filed by the applicable crop’s application closing date.

Production records and applications for payment for all crops must be re-

ported to FSA no later than the acreage

reporting date for the crop for the following year. *NAP Losses must be reported within 15 days of loss.*

Contact your FSA County Office for deadlines and more information.

Average Adjusted Gross Income (AGI) Provisions

For 2012, there are now four qualifying levels for AGI provisions as follows;

- 1) **\$500,000 Nonfarm Income-** if a person or legal entity has AGI nonfarm income that exceeds \$500,000, the person or legal entity is ineligible for all commodity program payments and benefits.
- 2) **\$750,000 Farm Income-** if a person or legal entity has AGI farm income that exceeds \$750,000, the person or legal entity is ineligible for DCP direct payments only.
- 3) **\$1,000,000 Nonfarm Income-** if a person or legal entity had AGI nonfarm income that exceeds \$1,000,000, the person or legal entity is ineligible for all conservation program benefits unless at least 66.66% of total AGI is average adjusted gross farm income.
- 4) **\$1,000,000 Total Farm and Nonfarm Income-** if a person or legal entity has AGI farm and nonfarm income that exceeds \$1,000,000, the person or legal entity is ineligible for 2012 direct payment under DCP

Form CCC-931 must be completed to authorize the AGI certification process in conjunction with the IRS. The average AGI is based on the average adjusted gross income for the three taxable years preceding the complete taxable year. For the 2012 program year, the three taxable years for AGI would include 2008, 2009 and 2010. Please consult with your accountant or tax preparer to complete this form correctly.
