Meeting: June 12 at 9:00 a.m.

GOVDELIVERY CUSTOMERS ARE NOT IMPACTED BY THE HEARTBLEED BUG

GovDelivery customer subscriptions are not affected by the heartbleed bug.

This bug has caused major security concerns among users of cloud technology. The Heartbleed bug refers to a flaw in an encryption tool used on the Internet that can expose data that is meant to be hidden.

Your GovDelivery account and information is safe. **Nothing in the GovDelivery network architecture is affected by this bug.**

You can find out more about the Heartbleed bug at <http://heartbleed.com/>

SUPPLEMENTAL REVENUE ASSISTANCE PAYMENTS PROGRAM SIGN-UP PERIOD FOR 2012 CROP LOSSES BEGINS

Farm Service Agency (FSA) announced that sign-up begins today for 2012 crop losses under the Supplemental Revenue Assistance Payments (SURE) program. The program, established by the 2008 Farm Bill, provides for one final period of eligibility for producers **suffering crop losses caused by natural disasters occurring through Sept. 30, 2011, for crops intended for 2012 harvest.**

To be eligible for SURE, a farm or ranch must have; **At least a 10 percent production loss on a crop of economic significance resulting from a disaster occurring on or before Sept. 30, 2011.** A crop of economic significance contributes at least five percent of the expected revenue for a producer's farm.

Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or Noninsured Crop Disaster Assistance Program coverage.

Farmers and ranchers interested in signing up must do so before the Aug. 29, 2014, deadline.

For more information on the 2012 SURE program, visit any USDA Service Center or online at www.fsa.usda.gov/sure.

SAVE TIME – MAKE AN APPOINTMENT WITH FSA

As we roll out the Farm Bill programs administered by FSA, there will be related signups and in some cases multiple management decisions that need to be made by you, the producer, in consult with FSA staff. To insure maximum use of your time and to insure that you are afforded our full attention to your important business needs, please call our office ahead of your visit to set an appointment and to discuss any records or documentation that you may need to have with you when you arrive for your appointment. For an appointment call (661) 336-0967.

USDA FARM SERVICE AGENCY ANNOUNCES TREE ASSISTANCE PROGRAM (TAP) SIGN-UP

As of Tuesday, April 15, 2014, orchardists and nursery tree growers who experienced losses from natural disasters that occurred on or after Oct. 1, 2011, can sign up for the Tree Assistance Program (TAP). TAP was authorized by the Agricultural Act of 2014 as a permanent disaster program. TAP provides financial assistance to qualifying orchardists and nursery tree growers to replant or rehabilitate eligible trees, bushes and vines damaged by natural disasters.

Eligible tree types include trees, bushes or vines that produce an annual crop for commercial purposes. Nursery trees include ornamental, fruit, nut and Christmas trees that are produced for commercial sale. Trees used for pulp or timber are ineligible.

To qualify for TAP, orchardists must suffer a qualifying tree, bush or vine loss in excess of 15 percent mortality from an eligible natural disaster. The eligible trees, bushes or vines must have been owned when the natural disaster occurred; however, eligible growers are not required to own the land on which the eligible trees, bushes and vines were planted.

If the TAP application is approved, the eligible trees, bushes and vines must be replaced within 12 months from the date the application is approved. The cumulative total quantity of acres planted to trees, bushes or vines, for which a producer can receive TAP payments, cannot exceed 500 acres annually.

USDA'S FARM SERVICE AGENCY (FSA) OFFERS FARM BILL WEBSITE AND ONLINE OVERVIEW OF FARM BILL PROGRAMS

The Agricultural Act of 2014 (the Act), also known as the 2014 Farm Bill, was signed by President Obama on Feb. 7, 2014. The Act repeals certain programs, continues some programs with modifications, and authorizes several new programs administered by the Farm Service Agency (FSA). Most of these programs are authorized

and funded through 2018.

For the latest on 2014 Farm Bill programs administered by FSA, please visit our Farm Bill website at www.fsa.usda.gov/farmbill and for an FSA program overview please read, download and/or print our recently posted FSA Farm Bill Fact Sheet titled, [What's in the 2014 Farm Bill for Farm Service Agency Customers?](#)

For more information on FSA, please contact your local USDA Service Center or visit us online at www.fsa.usda.gov.

LIVESTOCK DISASTER ASSISTANCE SIGN-UP UNDERWAY

Livestock disaster program enrollment opened on April 15, 2014. These disaster programs are authorized by the 2014 Farm Bill as permanent programs and provide retroactive authority to cover losses that occurred on or after Oct. 1, 2011.

To expedite applications, all producers who experienced losses are encouraged to bring records documenting those losses to their local FSA Office. Producers should record all pertinent information of natural disaster consequences. Eligible producers can sign-up for the following livestock disaster assistance programs:

Livestock Forage Disaster Program (LFP):

- LFP provides compensation to eligible livestock producers that have suffered grazing losses due to drought on privately owned or cash leased land or fire on federally managed land. Eligible producers must physically be located in a county affected by a qualifying drought during the normal grazing period for the county. Producers who suffered eligible grazing losses should submit a completed CCC-853 and supporting documentation by January 30, 2015.

Livestock Indemnity Program (LIP):

- LIP provides compensation to eligible livestock producers that have suffered livestock death losses in excess of normal mortality due to adverse weather and attacks by animals reintroduced into the wild by the federal government or protected by federal law. Producers who suffered livestock death losses should submit a notice of loss and an application for payment to their local FSA office by January 30, 2015.

Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP)

- ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish that have losses due to disease, adverse weather, or other conditions, such as blizzards and wildfires. ELAP assistance is provided for losses not covered by LFP and LIP. Producers who suffered eligible livestock, honeybee or farm-raised fish losses during 2012 and 2013 program years must submit a notice of loss and application for payment to their local FSA office by August 1, 2014. For 2014 program year losses, the notice of loss and an application for payment must be submitted by November 1, 2014.

For more information, producers can review the LFP, LIP and ELAP Fact Sheets on the [Farm Bill webpage](#). Producers are encouraged to make an appointment with their local FSA office to apply for these programs.

USDA ANNOUNCES THE EXTENSION OF THE MILK INCOME LOSS CONTRACT PROGRAM FOR 2014

The USDA Farm Service Agency (FSA) recently announced the extension of the Milk Income Loss Contract (MILC) program which protects dairy farmers against income loss through Sept. 1, 2014, or until a new Margin

Protection Program for dairy producers (MPP) is operational.

Contracts for eligible producers enrolled in MILC on or before Sept. 30, 2013, are automatically extended until the termination date of the MILC program. Dairy operations with approved MILC contracts will continue to receive monthly payments if a payment rate is in effect.

MILC compensates enrolled dairy producers when the Boston Class I milk price falls below \$16.94 per hundredweight (cwt), after adjustment for the cost of dairy feed rations. MILC payments are calculated each month using the latest milk price and feed cost, just as in the 2008 Farm Bill. The payment rate for October 2013 through January 2014 marketings is zero. Payment rates during the months after January 2014 until the termination of the MILC program will be determined as the appropriate data becomes available.

Producers who want to select a different production start month must visit their local FSA office between April 14, 2014, and May 30, 2014.

FSA will provide producers with information on program requirements, updates and sign-ups as the information becomes available.

2009, 2010, 2011, 2012 AND 2013 AVERAGE ADJUSTED GROSS INCOME COMPLIANCE REVIEW

The AGI verification and compliance reviews for 2009, 2010, 2011, 2012 and 2013 are conducted on producers who the IRS indicates may have exceeded the adjusted gross income limitations described in [7 CFR 1400.500]. Based on this review, producers will receive determinations of eligibility or ineligibility.

If the producer is determined to have exceeded the AGI limitation of \$500,000 of nonfarm income, \$750,000 of farm income, \$1 million of conservation program benefits or the \$1 million total AGI, then receivables will be established for payments earned directly or indirectly by the producer subject to the applicable limitation. Producers who receive initial debt notification letters may only appeal the amount of the debt to their local FSA office. Adverse determinations become administratively final if not timely appealed and can only be reopened if exceptional circumstances exist that prevented the producer from timely filing the appeal.

KERN COUNTY IS ELIGIBLE FOR EMERGENCY LOANS

Kern County was declared a primary/contiguous disaster due to drought and heat using the streamlined Secretarial Disaster Designation process. Under this designation, producers with operations in any primary or contiguous county are eligible to apply for low interest emergency loans.

The streamlined disaster designation process issues a drought disaster declaration when a county has experienced a drought intensity value of at least a D2 (severe drought) level for eight consecutive weeks based on the U.S. Drought Monitor during the crop year.

Emergency loans help producers recover from production and physical losses due to drought, flooding and other natural disasters or quarantine.

Producers have eight months from the date of the declaration to apply for emergency loan assistance. FSA will consider each loan application on its own merits, taking into account the extent of losses, security available and repayment ability. Producers can borrow up to 100 percent of actual production or physical losses, to a maximum amount of \$500,000.

For more information about emergency loans, please contact your local FSA office or visit www.fsa.usda.gov.

MICROLOAN PROGRAM

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

FSA offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

Individuals who are interested in applying for a microloan or would like to discuss other farm loan programs available should contact their local FSA office to set up an appointment with a loan official.

USDA SETS DATE FOR SOYBEAN REQUEST FOR REFERENDUM (AO-1598)

USDA will offer soybean producers the opportunity to request a referendum on the Soybean Promotion and Research Order (Order), as authorized under the Soybean Promotion, Research, and Consumer Information Act (Act).

Soybean producers who are interested in having a referendum to determine whether to continue the Soybean Checkoff Program are invited to participate. To be eligible to participate, producers must certify and provide documentation that shows that they produced soybeans and paid an assessment on the soybeans during the period of Jan. 1, 2012, through Dec. 31, 2013.

Producers may obtain a form by mail, fax, or in person from FSA county offices starting on May 5, 2014 through May 30, 2014. Forms are also available on the [AMS website](#). Producers who don't participate in FSA programs can still request a referendum at the FSA county office where they own or rent land.

Completed forms and supporting documentation must be returned to the appropriate FSA county office by fax or in person no later than close of business May 30, 2014. If returned by mail, it must be postmarked by midnight May 30, 2014, and received in the office by close of business on June 5, 2014.

Notice of the Request for Referendum will be published in the March 4, 2014, Federal Register. For more information, visit the [AMS website](#) or contact James Brow, Research and Promotions Branch; Livestock, Poultry and Seed Program, AMS, USDA; STOP 0251 - Room 2610-S; 1400 Independence Avenue, SW; Washington, D.C. 20250-0251; tel. (202) 720-0633.
