SUPPLEMENTAL REVENUE ASSISTANCE PAYMENTS PROGRAM SIGN-UP PERIOD FOR 2012 CROP LOSSES BEGINS

Farm Service Agency (FSA) announced that sign-up began on May 5, 2014 for 2012 crop losses under the Supplemental Revenue Assistance Payments (SURE) program. The program, established by the 2008 Farm Bill, provides for one final period of eligibility for producers **suffering crop losses caused by natural disasters occurring through Sept. 30, 2011, for crops intended for 2012 harvest.**

Livestock Forage Disaster Program (LFP):

LFP provides compensation to eligible livestock producers that have suffered grazing losses due to drought on privately owned or cash leased land or fire on federally managed land. Eligible producers must physically be located in a county affected by a qualifying drought during the normal grazing period for the county. Producers who suffered eligible grazing losses should submit a completed CCC-853 and supporting documentation by January 30, 2015.

Livestock Indemnity Program (LIP):

LIP provides compensation to eligible livestock producers that have suffered livestock death losses in excess of

normal mortality due to adverse weather and attacks by animals reintroduced into the wild by the federal government or protected by federal law. Producers who suffered livestock death losses should submit a notice of loss and an application for payment to their local FSA office by January 30, 2015.

Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP)

ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish that have losses due to disease, adverse weather, or other conditions, such as blizzards and wildfires. ELAP assistance is provided for losses not covered by LFP and LIP. Producers who suffered eligible livestock, honeybee or farm-raised fish losses during 2012 and 2013 program years must submit a notice of loss and application for payment to their local FSA office by August 1, 2014. For 2014 program year losses, the notice of loss and an application for payment must be submitted by November 1, 2014.

USDA ANNOUNCES THE EXTENSION OF THE MILK INCOME LOSS CONTRACT PROGRAM FOR 2014

The USDA Farm Service Agency (FSA) recently announced the extension of the Milk Income Loss Contract (MILC) program which protects dairy farmers against income loss through Sept. 1, 2014, or until a new Margin Protection Program for dairy producers (MPP) is operational.

Contracts for eligible producers enrolled in MILC on or before Sept. 30, 2013, are automatically extended until the termination date of the MILC program. Dairy operations with approved MILC contracts will continue to receive monthly payments if a payment rate is in effect.

MILC compensates enrolled dairy producers when the Boston Class I milk price falls below \$16.94 per hundredweight (cwt), after adjustment for the cost of dairy feed rations. MILC payments are calculated each month using the latest milk price and feed cost, just as in the 2008 Farm Bill. The payment rate for October 2013 through January 2014 marketings is zero. Payment rates during the months after January 2014 until the termination of the MILC program will be determined as the appropriate data becomes available.

Producers who want to select a different production start month must visit their local FSA office between April 14, 2014, and May 30, 2014.

FSA will provide producers with information on program requirements, updates and sign-ups as the information becomes available.

SAVE TIME – MAKE AN APPOINTMENT WITH FSA
