NEW COUNTY COMMITTEE ELECTION BALLOTS TO BE MAILED

The County Committee Election ballots for **Butte Valley/Tulelake** area that were mailed to producers on Nov. 4 were incorrectly printed with the producer's name and address on the back of the ballot. County committee elections must use a secret ballot so the misprinted ballots cannot be used. Please destroy or recycle the misprinted ballot. If you have already voted, your ballot will be

Fax:530-842-1027

destroyed unopened.

County Executive Director:
Joe Ulics

New ballots will be mailed to producers on December 20, 2013. These ballots will indicate that they are the corrected ballot in several places, including on the outside of the mailing, on the ballot and on the outside of the return envelope.

Farm Loan Manager:
Katherine Lewis

Farm Loan Officer:
Emily Rowley

Program Technicians:
Alice Lycan
Carolyn Pimentel

Next County Committee Meeting:
January 22, 2014 at 10:00 am

The corrected ballot must be returned to the Siskiyou County FSA Office or postmarked by January 17, 2014. All newly elected county committee members will take office February 18, 2014. All county committee members whose term expires on Dec. 31, 2013, will have their term extended to January 31, 2014.

County committee members are an important component of the operations of FSA and provide a link between the agricultural community and USDA. Farmers and ranchers elected to county committees help deliver FSA programs at the local level, applying their knowledge and judgment to make decisions on commodity price support programs; conservation programs; incentive indemnity and disaster programs for some commodities; emergency programs and eligibility. FSA committees operate within official regulations designed to carry out federal laws.

To be an eligible voter, farmers and ranchers must participate or cooperate in an FSA program. A person who is not of legal voting age, but supervises and conducts the farming operations of an entire farm may also be eligible to vote.

More information on county committees, such as the new 2013 fact sheet and brochures, can be found on the FSA website at www.fsa.usda.gov/elections or at a local USDA Service Center.

2014 ACREAGE REPORTING DATES

Producers now have until January 15, 2014, to report crops that have a November 15, 2013, or December 15, 2013, reporting deadline without paying a late-file fee. Crops under this waiver include wheat hay and native and improved grasses intended for grazing or haying. The Risk Management Agency (RMA) did not grant a waiver so producers need to consult their crop insurance agent for deadlines for insured crops.

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the Siskiyou County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Siskiyou County:

January 15, 2014:

Permenant crops (including Alfalfa Hay, Rangeland, Irrigated Grass Hay , etc). and all Fall and Winter

seeded crops

July 15, 2014

Spring seeded crops (including Potatoes, Barley Hay, etc)

The following exceptions apply to the above acreage reporting dates:

If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.

If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.

Additionally, producers can purchase both NAP and RMA coverage for 2014 annual forage crops.

Late file fees will be assessed for 2013 crops reported after September 15, 2013, and 2014 crops reported after January 15, 2014.

For questions regarding crop certification and crop loss reports, please contact the Siskiyou County FSA office at 530-842-6123

FSA ADVISES PRODUCERS TO ANTICIPATE PAYMENT REDUCTIONS DUE TO MANDATED SEQUESTER

USDA's Farm Service Agency (FSA) is reminding farmers and ranchers who participate in FSA programs to plan accordingly in FY2014 for automatic spending reductions known as sequestration. The Budget Control Act of 2011 (BCA) mandates that federal agencies implement automatic, annual reductions to discretionary and mandatory spending limits. For mandatory programs, the sequestration rate for FY2014 is 7.2%. Accordingly, FSA is implementing sequestration for the following programs:

- Dairy Indemnity Payment Program;
- Marketing Assistance Loans;
- Loan Deficiency Payments;
- Sugar Loans;
- Noninsured Crop Disaster Assistance Program;
- Tobacco Transition Payment Program;
- 2013 Direct and Counter-Cyclical Payments;
- 2013 Average Crop Revenue Election Program;
- 2011 and 2012 Supplemental Revenue Assistance Program;
- Storage, handling; and Economic Adjustment Assistance for upland cotton

Conservation Reserve Program payments are specifically exempt by statute from sequestration, thus these payments will not be reduced.

These sequester percentages reflect current law estimates; however with the continuing budget uncertainty, Congress still may adjust the exact percentage reduction. Today's announcement intends to help producers plan for the impact of sequestration cuts in FY2014.

At this time, FSA is required to implement the sequester reductions. Due to the expiration of the Farm Bill on September 30, FSA does not have the flexibility to cover these payment reductions in the same manner as in FY13. FSA will provide notification as early as practicable on the specific payment reductions.

For information about FSA programs, visit your county USDA Service Center or go to www.fsa.usda.gov/.

INCREASED GUARANTEED LOAN LIMIT

The Farm Service Agency maximum loan limit for the Guaranteed Loan Program has increased to \$1,355,000 effective Oct. 1, 2013. The limit is adjusted annually based on data compiled by the National Agricultural Statistics Service.

The lending limit is adjusted every year according to an inflation index. The maximum combined guaranteed and direct farm loan indebtedness will also increase to \$1,655,000.

As a reminder, the one-time loan origination fee charged on FSA guaranteed Farm Ownership and operating loans is 1.5 percent of the guaranteed portion of the loan.

Producers should contact their local FSA Office with questions about farm loans.

FARM STORAGE FACILITY LOAN PROGRAM

The Farm Storage Facility Loan Program (FSFLP) allows producers of eligible commodities to obtain low-interest financing to build or upgrade farm storage and handling facilities.

The new maximum principal amount of a loan through FSFL is \$500,000. Participants are now required to provide a down payment of 15 percent, with CCC providing a loan for the remaining 85 percent of the net cost of the eligible storage facility and permanent drying and handling equipment. Additional security is required for poured-cement open-bunker silos, renewable biomass facilities, cold storage facilities, hay barns and for all loans exceeding \$50,000. New loan terms of 7, 10 or 12 years are available depending on the amount of the loan. Interest rates for each term rate may be different and are based on the rate which CCC borrows from the Treasury Department.

Payments are available in the form of a partial disbursement and the remaining final disbursement. The partial disbursement will be available after a portion of the construction has been completed. The final fund disbursement will be made when all construction is completed. The maximum amount of the partial disbursement will be 50 percent of the projected and approved total loan amount.

The following commodities are eligible for farm storage facility loans:

- **Corn, grain sorghum, rice, soybeans, oats, peanuts, wheat, barley or minor oilseeds harvested as whole grain**
- **Corn, grain sorghum, wheat, oats or barley harvested as other-than-whole grain**
- **Pulse crops - lentils, small chickpeas, dry beans and dry peas**
- **Hay**
- **Renewable biomass**
- **Fruits (including nuts) and vegetables - cold storage facilities**
- **Honey**

For more information about FSFL please visit your FSA county office or www.fsa.usda.gov.

FSA SIGNATURE POLICY

Using the correct signature when doing business with FSA can save time and prevent a delay in program benefits. The following are FSA signature guidelines:

Spouses may sign documents on behalf of each other for FSA and CCC programs in which either has an interest, unless written notification denying a spouse this authority has been provided to the county office

Spouses shall not sign on behalf of each other as an authorized signatory for partnerships, joint ventures, corporations, or other similar entities.

For additional clarification on proper signatures contact your local FSA office.

MICROLOAN PROGRAM

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

FSA offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

Individuals who are interested in applying for a microloan or would like to discuss other farm loan

programs available should contact their local FSA office to set up an appointment with a loan official.

Rural Youth Loans

The Farm Service Agency makes loans to rural youths to establish and operate income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5000.

Youth Loan Eligibility Requirements:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Comply with FSA's general eligibility requirements
- Reside in a rural area, city or town with a population of 50,000 or fewer people
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the project and the loan, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.

BEGINNING FARMER LOANS

FSA assists beginning farmers to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- § Has operated a farm for not more than 10 years
- § Will materially and substantially participate in the operation of the farm
- § Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- § Does not own a farm in excess of 30 percent of the county's median size.

Additional program information, loan applications, and other materials are available at your local USDA Service Center. You may also visit www.fsa.usda.gov.

LOANS FOR THE SOCIALLY DISADVANTAGED

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating type loans and/or purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of socially disadvantaged applicants.

A socially disadvantaged applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of the group without regard to his or her individual qualities.

For purposes of this program, socially disadvantaged groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere

USDA is an equal opportunity provider and employer. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
