2013 Crop Reporting

Acreage reporting dates for fall seeded crops has changed, beginning with the crops planted for 2013 harvest. Depending on your crop and region, **the new acreage reporting date for fall seeded crops is Dec. 15, 2012**. These changes apply to all fall seeded crops including winter wheat, fall barley, perennial forage, fall forage seeding, and all other fall-seeded small grains. Please call your local office to schedule an appointment to check on deadlines and correctly certify your 2013 crops.

2011 Supplemental Revenue Assistance Program Applications

The Farm Service Agency (FSA) will continue to accept SURE applications for 2011 crop losses through June 7, 2013. The SURE Program provides payments to producers when crop revenues are less than the crop guarantee. The SURE Program payment is equal to 60 percent of the difference between the crop guarantee and revenue.

To determine the guarantee and revenue for the SURE Program, all crops on all farms for a producer are included in the calculation. Payments under the SURE Program are limited to \$100,000.

To be eligible for the 2011 SURE Program, producers must have crop insurance on all insurable crops. For crops that are not covered by crop insurance such as pumpkins and cucumbers, producers must have purchased Non Insured Crop Disaster Assistance Program (NAP) coverage at FSA. The crop insurance and NAP purchase requirement is waived for crops that are not economically significant to the farming operation. In addition, for SURE Payment the producer must have at least one crop with a 10 percent production loss.

For more information concerning the 2011 SURE program or other Farm Service Agency programs, contact your local FSA office or visit www.fsa.usda.gov

2013 NAP Coverage Deadlines

Deadlines for Noninsured Crop Disaster Program (NAP) applications vary according to the crop being insured. Producers should apply for NAP coverage using form CCC-471 (Application for Coverage). Related service fees

are due when the application is filed. The application and service fee MUST be filed by the crop sales closing date. **Contact your local FSA office for the NAP filing dates coming up soon for specific crops in your region.**

Hispanic and Women Farmer and Rancher Claims Period

USDA has announced that Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades can file claims between Sept. 24, 2012 and March 25, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied their applications for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000.

As announced in February 2011, the voluntary claims process will make available at least \$1.33 billion for cash awards and tax relief payments, plus up to \$160 million in farm debt relief, to eligible Hispanic and women farmers and ranchers. There are no filing fees to participate in the program.

The Department will continue reaching out to potential Hispanic and female claimants, around the country to get the word out to individuals who may be eligible for this program so they have the opportunity to participate.

Call center representatives can be reached at 1-888-508-4429. Claimants must register for a claims package (by calling the number or visiting the website) and the claims package will be mailed to claimants. All those interested in learning more or receiving information about the claims process and claims packages are encouraged to attend meetings in your communities about the claims process and contact the website or claims telephone number.

Website: www.farmerclaims.gov

Phone: 1-888-508-4429

Claims Period: Sept. 24, 2012 - March 25, 2013.

Independent legal services companies will administer the claims process and adjudicate the claims. Although there are no filing fees to participate and a lawyer is not required to participate in the claims process, persons seeking legal advice may contact a lawyer or other legal services provider.

FSA Signature Policy

Using the correct signature when doing business with FSA can save time and prevent a delay in program benefits. The following are FSA signature guidelines:

- Spouses may sign documents on behalf of each other for FSA and CCC programs in which either has an interest, unless written notification denying a spouse this authority has been provided to the county office
- Spouses shall not sign on behalf of each other as an authorized signatory for partnerships, joint ventures, corporations, or other similar entities

For additional clarification on proper signatures contact your local FSA office.

Receive News Electronically via GovDelivery

Many producers have already enrolled in the new GovDelivery system that provides notices, newsletters and reminders via email. Its free and its instant and can be sent to your home or office.

FSA, like many other organizations, is working smarter and more efficiently. Conversion to electronic notifications via email helps conserve resources and save taxpayer dollars. County Committee ballots will continue to be mailed to all eligible producers.

If you haven't signed up yet, do so now. And encourage your neighbors to subscribe to receive free e-mail updates instantly: www.fsa.usda.gov/subscribe

Changing Banks

Almost all Farm Service Agency payments are made electronically using direct deposit.

To keep the system running smoothly, it's critical to keep the county office staff up to date on changes in your financial institutions.

If you have changed accounts or institutions that affect the direct deposit of your FSA payments, contact the FSA county office so we can update our files to insure continued uninterrupted service.

Increased Guaranteed Loan Limit

The Farm Service Agency has announced that the loan limit for the Guaranteed Loan Program has increased to \$1,302,000. The limit is adjusted annually based on an inflation index and data compiled by the National Agricultural Statistics Service.

As a reminder, the one-time loan origination fee charged on FSA guaranteed farm ownership and operating loans is 1.5 percent of the guaranteed portion of the loan.

Producers should contact their FSA County Offices with questions about farm loans.

Rural Youth Loans

The Farm Service Agency makes loans to rural youths to establish and operate income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5,000.

Youth Loan Eligibility Requirements:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Comply with FSA's general eligibility requirements

- Reside in a rural area, city or town with a population of 50,000 or fewer people
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the project and the loan, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.

Selling Land

If you plan on selling farmland, you should be aware of several consequences associated with FSA programs. For example, if you're planning to sell land that's enrolled in the Conservation Reserve Program, the buyer must agree to continue the enrollment. If the buyer doesn't continue the CRP contract, you may be required to refund all of the payments you've received to date. Reviewing program implications with your local Farm Service Agency staff before completing a sale of farmland is always a prudent precaution.

Loans for the Socially Disadvantaged

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loan funds are available for operating loans and/or for the purchase or improvement of farms or ranches.

While all qualified producers are eligible to apply for these loan programs, FSA has provided priority funding for members of socially disadvantaged groups. A socially disadvantaged applicant is an individual who is a member of a group that has been subjected to racial, ethnic or gender prejudice without regard to his or her individual qualities.
