FSA UPDATES

June 2008
Newsletter #2

Sign-up Deadline for LCP and LIP

The Farm Service Agency (FSA) has announced that livestock producers have until **July 18, 2008**, to enroll in the 2005 - 2007 Livestock Compensation Program (LCP) and Livestock Indemnity Program (LIP). Signup began on September 10, 2007, for the two programs that provide aid to livestock producers who suffered eligible livestock or livestock feed losses between January 1, 2005, and December 30, 2007, because of a natural disaster.

PLEASE CALL THE FSA OFFICE TO SET UP AN APPOINTMENT TO SIGN UP FOR THIS AND OTHER FSA PROGRAMS.

Acreage Reporting

Please remember that filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. Acreage reports are to be certified by the **June 30** deadline.

Acreage reports on crops for which NAP assistance may be paid are due in the county office by **June 30**, or 15 calendar days before the onset of harvest or grazing of the specific crop acreage being reported.

Preventing Fraud and/or Waste

The Farm Service Agency has joined with the Risk Management Agency (RMA) to prevent fraud, waste and abuse in the Federal Crop Insurance Program. FSA has been, and will continue to assist RMA and insurance providers by monitoring crop conditions throughout the growing season. In addition, FSA will refer all suspected cases of fraud, waste and abuse to RMA.

Producers can report suspected cases to the county office staff, RMA office, or the Office of the Inspector General.

Crop Disaster Program Signup Continues

Eligible farmers and ranchers who suffered livestock losses, feed losses, or crop loss damage before December 31, 2007, can still apply to receive disaster assistance.

FSA continues to accept applications and make payments for quantity losses under the Crop Disaster Program (CDP), for losses that occurred before the end of the 2007 calendar year.

For more disaster program information go online at: <http://disaster.fsa.usda.gov>

Sodbusting

The term "sodbusting" is used to identify the plowing up of erosion-prone grasslands for use as cropland. Sodbuster violations are unauthorized tillage practices on highly erodible lands that converted native vegetation such as rangeland or woodland, to crop production after Dec. 23, 1985. Farmers and ranchers should be aware that if they use highly erodible land for crop production without proper conservation measures, they risk losing eligibility to participate in Farm Service Agency programs.

Before producers clear, plow or otherwise prepare areas not presently under crop production for planting, they are required to file an AD-1026, indicating the area to be brought into production. If Natural Resources Conservation Service indicates on a CPA-026 that the area will be highly erodible land, the producer will be required to develop and implement a conservation plan on the affected acreage, before bringing land into production.

In addition, producers and the producer's affiliates have to file an AD-1026 with the staff in the administrative or control county office before any farm program payments can be made. The AD-1026 is the producer's signed certification that HELC, as well as wetland conservation, provisions will not be violated.

County Committee Elections - "FSA Counts on You"

Since COC elections happen only once a year, here is an election refresher. For election purposes, counties are divided into local administrative areas, or LAAs. Each LAA selects one producer to serve a three-year term on the Farm Service Agency county committee. Each year, an election is held in an LAA to replace the committee member whose three-year term is expiring. In counties with three LAAs, one seat is up for election. In combined counties in some years, two seats may be up for election. LAA-2 will be holding elections for the 2008 year. It consists of Sharpesburg, Concord, Shiloh, Bethany, and Cool Springs townships.

Nominations

Candidate nominations for the FSA county committee election will be accepted **June 15 through August 1, 2008**.

Producers who are residents in the LAA holding the election and who participate or cooperate in an FSA program and are of legal voting age may be nominated to serve on the county committee. Individuals may nominate themselves or others as candidates. Also, organizations representing socially disadvantaged minorities and women farmers or ranchers may also nominate candidates. The nomination form, FSA-669A, is available at the county office or may be downloaded from <http://www.fsa.usda.gov/FSA/webapp?area=newsroom&subject=landing&topic=cce>.

To be valid, the nomination form must be signed by the person being nominated, indicating agreement to serve if elected. The completed nomination form must be returned to the county office by the close of business on August 1, or postmarked by midnight August 1, 2008.

Voting

Ballots will be mailed to eligible voters beginning Nov. 3, and must be returned to the county office by the close of business on December 1, or postmarked by midnight December 1, 2008.

Agricultural producers of legal voting age can vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations on an entire farm can also vote.

No one can be denied the right to vote because of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation or marital or family status.

Candidate Eligibility

To hold office as a county committee member, a person must meet the basic eligibility criteria:

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the LAA in which the person is a candidate
- Not have been:
 - Removed or disqualified from the office of county committee member, alternate or employee
 - Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony
 - Dishonorably discharged from any branch of the armed services.

For additional clarification about county committee elections, contact your local county office staff.

Banking Changes?

Almost all Farm Service Agency payments are made electronically using Direct Deposit. This innovation has cut down on the number of missing and late payments and reduced the time required to move funds. It has been calculated that having a problem with a payment is 20 times greater with checks than with Direct Deposit. Another benefit is that Direct Deposit to your account can be made within 48 hours.

To keep the system running smoothly, it's critical to keep the county office staff up to date on changes you might make in your financial institutions.

If you have changed accounts or institutions that might affect the direct deposit of your FSA payments, contact the FSA county office so we can update our files to insure continued uninterrupted service.

Special Accommodations

Reasonable accommodations will be made, upon request, for individuals with disabilities, vision impairment, or hearing impairment to attend or participate in meetings or events sponsored by the Farm Service Agency. If you require special accommodations to attend or participate in one of our events, please call the FSA county office and we will be happy to make any needed arrangements.
