2009 Average Crop Revenue Election (ACRE) Program

United States Department of Agriculture Farm Service Agency www.fsa.usda.gov

Fact Sheet

As authorized by the 2008 Farm Bill (Food, Conservation, and Energy Act of 2008), producers on eligible farms may elect to participate in the Average Crop Revenue Election (ACRE) Program.

Under the ACRE Program, producers may receive revenue-based payments as an alternative to receiving pricebased counter-cyclical (CC) payments.

ELIGIBLE FARMS

Only farms with covered commodity or peanut base acres may participate in the ACRE Program. Farms that are already enrolled in the Direct and Counter-Cyclical Payment Program (DCP) for a crop year, may elect to switch to ACRE before the end of signup. As provided by the 2008 Farm Bill, farms with 10 or less base acres are not eligible for DCP or ACRE Program payments, except for farms, whose owners are socially disadvantaged or are limited resource farmers or ranchers.

ELIGIBLE COMMODITIES

The following planted or considered planted crops may be eligible for ACRE payments:

- wheat, barley, and oats
- grain sorghum and corn
- upland cotton
- Rice (medium and long grain)
- soybeans
- other oilseeds: canola, crambe, flaxseed, mustard seed, rapeseed, safflower, sesame seed and sunflower seed
- peanuts
- pulse crops: dry peas, lentils,

March 18, 2009

| Payments | | DCP | ACRE | |
|--|--------------------|--|--|--|
| Direct | Payment Rate | 100% of the DCP direct payment rate. | 80% of the DCP Direct Pay- ment Rate. | |
| | Payment Formula | Uses farm's base acreage. | Uses farm's base acreage. | |
| | Advances | Available through 2011. | Available through 2011. | |
| Counter- Cyclical | Payment Formula | Uses farm's base acreage. | | |
| (CC) | Trigger | Low National Market Prices | | |
| | Advances | 40% advance of projected payment through 2010. | | |
| Average Crop Revenue Election | Payment Formula | | Uses planted and consid- ered planted (P&CP) acre- ages of commodity crops and peanuts. | |
| (ACRE) | Triggers | | Revenue must be below the historical state average and the farm average. | |
| | Advances | | Not available. | |
| | | | | |
| Loan Rates | | 100% of the Market Assis- tance Loan rates. | 70% of the Market Assis- tance Loan rates. | |

and small and large chickpeas (garbanzo beans).

ACRE ELECTION AND ENROLLMENT

The deadline to elect and enroll in the ACRE Program for 2009 has been extended from June 1 to August 14, 2009. After election, producers must then enroll the farm in the ACRE Program to receive payments. Farms that elect the ACRE Program cannot receive CC payments.

Note: If enrolling in ACRE, all producers on a farm must agree to the ACRE Program election.

REPORTING REQUIREMENTS

Producers on participating ACRE Program farms must annually report acreage <u>and</u> production to FSA. Failure to do so may result in ineligibility.

PAYMENT LIMITATION PROVISIONS

Maximum Payment Amounts

Direct payments are limited to \$40,000 per person or entity minus the 20 percent direct payment reduction, and CC or ACRE payments are limited to \$65,000 plus the 20% direct payment reduction amount. The limitation is attributed to entities and individuals, including indirect amounts received through entities.

Adjusted Gross Income (AGI)

Persons or legal entities whose average **nonfarm** AGI exceeds \$500,000 are not eligible for direct, CC or ACRE payments.

Also, persons or legal entities whose average **farm** AGI exceeds \$750,000 are not eligible for direct payments under the DCP and ACRE Programs.

2009 Average Crop Revenue Election (ACRE)

PAYMENTS

Producers on participating ACRE Program farms can receive direct and ACRE payments. Payments will be reduced if base acres are enrolled in a Federal program which prohibits the production or harvesting of crops, such as the Conservation Reserve Program, Grassland Reserve Program and the Wetlands Reserve Program.

Direct Payments

Direct payments are based on the farm's base acres and program yields for cov-

ered commodity crops and peanuts. The payment rates for direct payments are 20 percent less than the DCP direct payment rates. Similar to DCP, payment amounts are reduced if fruits or vegetables are planted on base acres, or the acres are used for nonagricultural purposes.

ACRE Payments

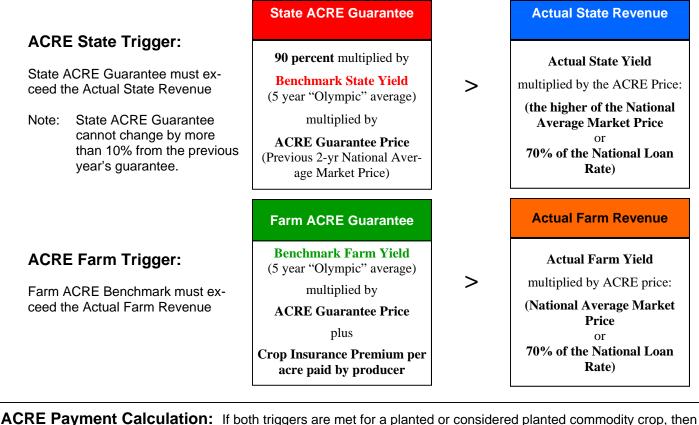

ACRE payments are revenue-based payments and are tied to crop production and the National Average Market Price for planted, and considered planted, covered commodity crops or peanuts on the farm. ACRE payment acreage is limited to the total amount of base acres on the farm, and can only be issued for a crop if two triggers are met for the covered commodity crop or peanuts.

Fact Sheet

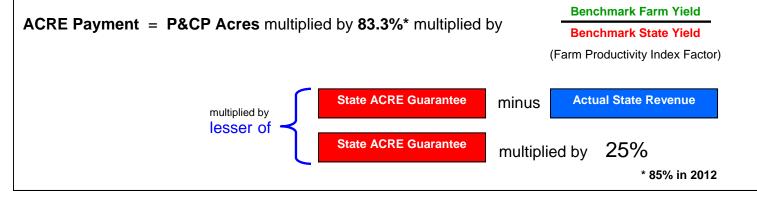

<u>State Trigger</u>: The Actual State Revenue for the program year must be less than the State ACRE Guarantee.

Farm Trigger: The participating farm's Actual Farm Revenue for the program year must be less the Farm ACRE Guarantee.

<u>Triggers</u>: The State and the Farm trigger must be met to receive an ACRE payment for the planted or considered planted commodity crop or peanuts.

<u>ACRE Payment Calculation</u>: If both triggers are met for a planted or considered planted commodity crop, then an ACRE payment may be calculated for the eligible crop.

2009 Average Crop Revenue Election (ACRE)

Fact Sheet

| Table 1: | ACRE | | DCP | | | | |
|-------------------------|-------------|--------------------------|----------------|-----------------------|--|------------------|--|
| 2009 ACRE and DCP Rates | Direct Rate | National Loan Rate | Direct Rate | National Loan Rate | CC Threshold: Payment will be issued if the National Average Market Price is less than | | |
| Wheat (bu) | 0.416 | 1.93 | 0.52 | 2.75 | 3.40 | | |
| Barley (bu) | 0.192 | 1.30 | 0.24 | 1.85 | 2.00 | | |

| | | Total | \$ 3,499 | |
| ACRE | Direct | Base acres x 83.3% (85% in 2012) x 120 Bu program yield x ACRE Direct Rate (Table 1) | \$ 2,799 | |
| | ACRE | See Table 3 | \$ 1,554 | |
| | · | Total | \$ 4,352 | |

Frequently Asked Questions

Q1: If a farm is already enrolled in DCP and advance direct payments were issued, can the farm still participate in ACRE Program?

Yes, as long as the producers on the farm elect and enroll in the ACRE Program during the sign-up period.

Q2: If a farm misses the 2009 election period, can the producers elect to participate in a later year?

Yes. The producers may elect the ACRE Program in a subsequent year.

Q3: If one producer (owner, tenant, etc) on the farm does not sign the election form, can the farm still participate in the ACRE Program?

No. Without exception, all producers must agree in writing to the ACRE Program election.

Q4: If all producers sign the ACRE Program Election Form, is the farm considered enrolled in the ACRE Program?

No. Producers on the farm must also sign a contract to enroll in ACRE Program by the sign-up deadline.

Q5: Does a producer have to enroll all farms in ACRE?

No. Election and enrollment for the ACRE Program is on a farm by farm basis. **Q6:** Can a farm enroll some base acres and not others?

No, the enrollment is for the farm and all of the base acres.

Q7: Can base acres be established to participate in the ACRE Program?

No. There is no authority to establish base acres to participate in the ACRE Program.

Q8: Is crop insurance or NAP required to receive ACRE payments?

No, there are no risk management purchase requirements for the DCP or the ACRE Programs. However, higher levels of insurance due to higher premiums will enhance the ability to meet the "Farm Trigger".

Q9: If both state and farm "triggers" are met, will the ACRE payment calculation provide benefits for prevented planted acres of covered commodity crops or peanuts?

Yes. Prevented planted acres are "considered planted."

Q10: Can ACRE payments be calculated for eligible commodity crops that do not have base acres on the farm?

Yes. ACRE payments are based on planted and considered planted acres of eligible commodity crops, without regard to whether the farm has base acres for that crop. However, the maximum acreage eligible for ACRE payments cannot exceed the total base acres on the farm.

Q11: If the National Average Market Price for a covered commodity crop or peanuts is higher than average, will this result in no ACRE payments?

Not necessarily. Since the ACRE "triggers" are based on revenue (yield and prices) reductions, a significant yield loss for the State could result in ACRE payments.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, D.C., 20250-9410, or call (202) 720-5964 (voice or TDD).USDA is an equal opportunity provider and employer.
