Welcome to the Maine State USDA FSA Home Page. As a new State Executive Director, I am excited that rebuilding and revitalizing rural America is a top priority for President Obama's Administration and I am honored to have been chosen to be a member of his team.

FSA staff state-wide is committed to a high level of customer service and I, as State Director, am very proud of the job they do on a day-to-day basis. FSA also served at each County level by an elected committee of producers who oversee the implementation of the many and varied programs which have a direct impact on most of the farmers in the state.

This site has been designed to be a user-friendly tool for anyone wishing to find out about our agency and its programs. I encourage you to search the numerous links we have on the site and revisit us from time to time as we will be adding new sources of information when available. Please feel free to contact my office if you have questions or suggestions.
