\* New lands only. Not including acres under 9/30/2007-expired continuous sign-up contracts that have been re-enrolled.

## *CRP ENROLLMENT ACTIVITY AND NEWS – November 2007*

- Enrollment of new lands under FY 2007's continuous sign-up 35 is proceeding at about 10% below FY 2006's sign-up 31, and is now projected to reach about 310,000 new acres. This projection is for new lands only, and does not include land re-enrolled under 9/30/2007-expired continuous sign-up contracts.
- An estimated 171,000 acres under 9/30/2007-expired continuous sign-up contracts have been recorded. Projections of re-enrollment (contracts on 339,000 acres expired) are not yet available.
- Results of last year's re-enrollment and extension (REX) offer for general sign-up contracts originally set to expire between 2007 and 2010 show contracts on 23.3 million acres (84% of the 27.8 million eligible acres) will be extended or re-enrolled under new contracts. See p. 4 for details.
- The new contract expiration schedule is provided (pages 15 and 16). It shows that 2.5 million acres expired at the end of September, and includes 2.2 million general sign-up acres and 339,000 continuous sign-up acres that expired 9/30/2007. The acreage reported in these tables could still change, as data on contract extensions and re-enrollments are updated.
- Recently enacted legislation has re-authorized EFCRP enrollment for 2007 (and for as long as CRP enrollment is authorized). Sign-up began August 6.

Eligible Acres: Only land under general sign-up contracts were eligible. Expiring continuous sign-up acres will be eligible for re-enrollment in the year contracts expire.

Compliance Fee: A fee of between \$50 and \$500 depending on contract size was charged to cover expenses for visiting and inspecting fields under contract. A paid fee and successful compliance check were pre-requisites for re-enrollment or extension.

Approvals: These acres represent acres under approved new contracts or extensions, as recorded in the CRP contract database as of the month noted. The amounts are still subject to change.

---

**General Signup.** Producers with eligible lands compete nationally for acceptance based on an environmental benefits index (EBI) during specified enrollment periods. Producers may submit offers below soil-specific maximum rental rates and select wildlife-enhancing vegetative covers to increase EBI ranking.

**Continuous (Non-CREP) Sign-up.** Producers with eligible lands may enroll certain high priority conservation practices, such as filter strips and riparian buffers, at any time during the year without competition. In addition to annual soil rental payment and cost-share assistance, many practices are eligible for additional annual and one-time up-front financial incentives. Land enrolled under various initiatives are included in this category.

**Conservation Reserve Enhancement Program (CREP).** Under CREP agreements, Federal/State partnerships, implement projects designed to address specific environmental objectives through targeted CRP enrollments. Sign-up is held on a continuous basis, general sign-up practices may be included, and additional financial incentives are generally provided. There are 39 agreements currently in effect in 30 States.

**Farmable Wetland Program (FWP).** Producers enroll small non-flood plain wetlands under modified continuous sign-up provisions.

The accompanying tables are based on contract data developed and maintained in CRP data files by USDA Service Centers through November 30, 2007, and are based on the physical location of the CRP contracted land. Some adjustments have been made to correct mis-coded data in the active contract files.

1/ Includes general and continuous sign-up acreage. Contracts expire at the end of the fiscal year, September 30.

Note: These totals include acres approved for re-enrollment or extension under 2006's re-enrollment and extension offer. For example, contracts on 5.1 million acres expired September 30, 2007, but 2.6 million acres immediately began new contracts. Thus only 2.5 million acres actually left the program.
