### **FOUR NEBRASKA COUNTIES ELIGIBLE FOR USDA EMERGENCY LOANS**

LINCOLN, NEBRASKA (July 23, 2008) – Farm Service Agency (FSA) State Executive Director, Milton Rogers, announced today that family farmers in four Nebraska counties are eligible to apply for low interest Emergency (EM) loans due to physical and production losses caused by severe storms, straight-lined winds, and flooding that occurred on June 27, 2008. The four Nebraska counties that were declared a disaster area became eligible for disaster assistance due to a Presidential Major Disaster Declaration signed on July 18, 2008. The primary counties named are: Dodge, Douglas, Sarpy and Saunders.

In addition, eight Nebraska counties became eligible for this assistance because they are contiguous to one or more of the primary designated counties. These counties are:

Burt    Butler    Cass    Colfax    Cuming    Lancaster    Seward    Washington

Emergency loan applications are available and must be submitted through the local FSA county office from any applicant who qualifies for a physical or production loss (at least a 30 percent reduction from normal) in a single enterprise from this disaster in these counties. To qualify for an EM loan, an applicant must be an established family farm operator; provide evidence of having suffered a qualifying physical or production loss; be unable to obtain suitable credit from a source other than FSA. The low interest loans may cover up to 100 percent of their actual production or physical losses, to a maximum amount of \$500,000. The loan applicants must show ability to repay the loan and the loan must be adequately secured. FSA loans for production losses may be used to buy feed, seed, fertilizer, livestock, or to refinance certain debts. FSA loans for physical losses may be used to repair or replace the property that was damaged or lost. The current interest rate for the EM loans is 3.75%. The deadline for submitting applications is March 18, 2009.

In addition to the Emergency (EM) Loan Program, the FSA has other Direct and Guaranteed Farm Operating and Farm Ownership Loan Programs, which can be considered in assisting farmers to recover from their losses. Additional information about FSA Farm Loan Programs is available at [www.fsa.usda.gov/dafl](http://www.fsa.usda.gov/dafl).
