

Annual Commodity Price Guide for 2014 Planning Season

The following commodity prices have been established for the State of Oklahoma for use in developing realistic annual farm operating budgets for both direct and guaranteed loan making and servicing decisions.

Final Direct and Counter-Cyclical Payments (DCP) will be issued October 2013. However, the current Farm Bill has not been extended, and it appears the DCP program has been eliminated from the proposed new Farm Bill. Therefore, DCPs will not be used in cash flow calculating for 2014, unless the Farm Bill is extended for another year.

The intent of this price list is to assure compliance with policy and regulations that relate to prudent loan making and servicing actions. These prices will be used in developing Farm Business Plans in accordance with FSA Handbook 3-FLP.

Prices for other commodities can be requested from the Farm Loan Programs Section.
