

Conservation Reserve Program/CP 33 Upland Habitat for Wildlife

The Quail Management/CP33 AETN Outdoor Hotline Show is scheduled to be aired on January 11, 2007 from 7-8 pm. This show will be devoted primarily to quail management with an emphasis on FSA's CP33 practice. Other CRP practices that are beneficial to quail will be discussed as well.

Below are the counties, city location and week to schedule local workshops to promote practice CP 33 (Upland Habitat for Wildlife). As soon as specific dates, times and locations are determined they will be included in a future SCOOP.
