

For: State Offices and Service Centers

Counties With a Population of 10 Percent or More Minority Principal Operators

Approved by: Acting Deputy Administrator, Field Operations

1 Overview

A Background

All COC's and Service Centers are required to ensure the fair representation of SDA (minority and female) producers in the area over which COC has jurisdiction. FSA uses the most recent NASS Census of Agriculture data to identify counties with a 10 percent or more population of minority principal farm and ranch operators. The counties identified using NASS Census of Agriculture data are **required** to make extra efforts to obtain minority nominees for COC election. Using the definition of SDA producers, both minority and female producers are included in all efforts to increase diversity on COC's. SDA producers and their organizations **must** be encouraged by all counties to file FSA-669A for themselves, in the case of an individual, or for a candidate of their choice.

B Purpose

This notice:

- provides a new list of counties with a 10 percent or more population of minority principal operators based on the NASS 2012 Census of Agriculture

Note: Using the new NASS Census of Agriculture data resulted in some counties dropping off the exhibit that were previously included, and some counties being added.

- requires COC's from jurisdictions with any listed county to make extra efforts to obtain an SDA candidate for the 2014 COC election.

Counties identified in Exhibit 1 were determined by using the NASS **2012** Census of Agriculture data based on minority, not SDA, principal operator statistics for each county in the nation.

Disposal Date	Distribution
December 1, 2014	State Offices; State Offices relay to Service Centers

Notice AO-1602

2 Service Center Actions

A FSA-669A Deadline

The deadline for all FSA-669A's is **COB August 1, 2014**.

B Requirement for a Minority Nominee

While female nominees are also to be encouraged, Service Centers in a county listed in Exhibit 1 are **required** to have a **minority** nominee, based on race and/or ethnicity, **not** gender. This requirement may be waived by the State Office if there is:

- adequate documentation that the Service Center performed extensive COC election outreach with respect to minority producers

- a minority voting COC member currently serving whose term will carry over into 2015.

If, after all efforts by COC and Service Centers are exhausted a racial or ethnic minority candidate is not nominated, the requirement can be met by a female SDA candidate.

Alternates, minority advisors, and SDA-appointed voting members do **not** meet this requirement.

3 State Office Action and Contacts

A State Office Action

State Offices shall ensure that each Service Center with a county listed in Exhibit 1 obtains a minority or female candidate **before the end of the nomination period**.
