## UNITED STATES DEPARTMENT OF AGRICULTURE

Farm Service Agency Washington, DC 20250

For: State and County Offices

### Conservation On-Line System (COLS) and State Acres for Wildlife Enhancement (SAFE) Software Merge

Approved by: Deputy Administrator, Farm Programs

Brandon Will

#### 1 Overview

#### **A** Background

On the FSA Intranet Home Page under "Links" and "FSA Applications," the COLS software application and the SAFE software application were historically presented to users as 2 separate web links. As of **August 31, 2009**, the COLS and SAFE software applications have been merged, and are now accessible through 1 link; the "Conservation On-Line System" link.

#### **B** Purpose

This notice provides information on the following COLS/SAFE software changes.

• COLS, REX, and SAFE software have been merged.

**Note:** REX shall only be accessed for cases approved by the National Office.

- The SAFE web site link has been removed from "FSA Applications".
- COLS and SAFE software are now available through 1 link (COLS) that is located under "Links" and "FSA Applications".
- COLS/SAFE offer and contract functionalities will remain the same.

Disposal Date	Distribution
January 1, 2010	State Offices; State Offices relay to County Offices

## 2 New COLS/SAFE User Screens

### A New Screens

Users shall access both the COLS and SAFE software applications from the FSA Intranet. Under "Links" click "FSA Applications" and then click "Conservation On-line System".

Note: The link for SAFE has been removed.
