Notice DAP-321

For: State and County Offices

NAP and CAT 2009 Supplemental Revenue Assistance Payment Program (SURE) Relief Software

Approved by: Deputy Administrator, Farm Programs

1 Overview

A Background

The Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246):

- was enacted June 18, 2008
- provides, on a case-by-case basis, that equitable relief may be granted to eligible producers on a farm who unintentionally failed to meet the Risk Management Purchase Requirement (RMPR).

STC's have authority to grant equitable relief on a case-by-case basis for producers who missed the 2009 deadline for obtaining coverage to meet RMPR.

Software has been developed and is included in County Release No. 681 to enter the NAP and CAT 2009 SURE Relief fees.

B Purpose

This notice:

- provides instructions for accessing and using 2009:
 - NAP SURE Relief software
 - CAT SURE Relief software
- is being reissued to continue guidance provided in Notice DAP-318.

5 Verification Screen

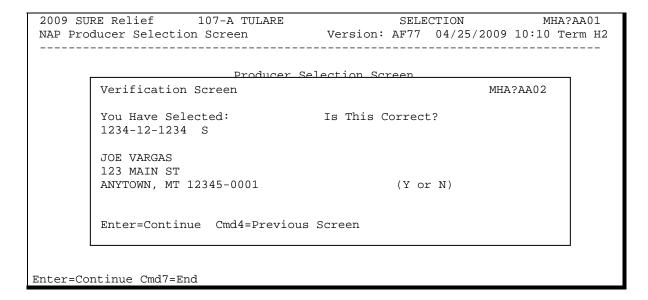

A Overview

The Verification Screen:

- has been provided in an effort to reduce errors
- will be displayed once a valid producer has been selected on NAP Producer Selection Screen according to paragraph 4
- prompts the user to confirm that the correct producer has been selected.

B Example of Verification Screen

Following is an example of the Verification Screen.

5 Verification Screen (Continued)

C Action

On the Verification Screen, the message, "You have selected (producer number/type, producer name, and producer mailing address), Is This Correct?", will be displayed. The field is defaulted to blank. ENTER "Y" if this is the correct producer or "N" if this is **not** the correct producer.

County Offices shall ensure that the correct producer has been selected before proceeding.

The following provides which screens that will be displayed based on how the question is answered on the Verification Screen.

IF the question is answered	THEN
" Y "	the Crop Selection Screen or Coverage Screen will be
	displayed, as applicable.
"N"	NAP Crop Year Selection Menu MHB0YR will be
	displayed and user will begin the relief process again.

6 Processing NAP and CAT 2009 SURE Relief Applications

A Overview

An automated process will be accessed when option "10", "CAT SURE-Relief", or option "11", "NAP SURE-Relief", is selected on Menu MHB000 according to paragraph 2. The NAP Producer Selection Screen will be displayed according to paragraph 4. Once a valid producer has been selected, the Crop Selection Screen will be displayed.

B Taking SURE Relief Fees

The system date is automatically entered into the file identifying the date the fee was loaded into the system. Fees taken manually shall be loaded in the automated system as soon as practical.

7 Crop Selection Screen

A Overview

Crop Selection Screen will display all crops on the National Crop Table File.

Note: For CAT 2009 SURE Relief, the Crop Selection Screen will also display tobacco crops from the Compliance Validation System File.

Since each crop, type, intended use, pay crop, pay type, and planting period must be selected separately; all crop entries will be displayed on the Crop Selection Screen. More than 1 crop can be selected at a time. All crops within a pay grouping will be selected if 1 crop within the pay grouping is selected.

Select the crops for which the producer is receiving approved relief by entering an "X" in front of the applicable crop records. Multiple crop records can be selected at the same time. PRESS "Enter" to continue. The Coverage Screen will be displayed.

The Crop Selection Screen will **not** be displayed after entering the ID number of a producer that has a relief application already on file.

Note: The Coverage Screen will be displayed showing the crops that were previously selected. Additional crops can be selected by pressing "**Cmd16**" that will display the Crop Selection Screen.

8 Coverage Screen

A Overview

The Coverage Screen will be displayed with the crop names, application closing date, crop types, intended uses, planting periods, pay crops, and pay types that were selected on the Crop Selection Screen.

Notes: If 1 crop within a pay grouping is selected, all crops within that pay grouping will be displayed on the Coverage Screen. An "S" indicator will be displayed in front of the crop records that were actually selected on the Crop Selection Screen. The producer's fee covers all crops within the pay grouping.

The Coverage Screen will be displayed after entering the ID number of a producer that has previously filed a relief application. Additional crops can be selected by pressing "Cmd16=Add", which will display the Crop Selection Screen.

9 Fees Screen

A Overview

The Fees Screen is a pop-up screen that calculates the fee amount owed.

B Example of Fees Screen

Following is an example of the Fees Screen for 2009 SURE Relief.

C Action

The Total Fee field will contain the fee amount as calculated for the producer from the crops selected in the administrative county. **This field is a display only field**.

County Offices **shall** collect the fee amount owed at the time the 2009 SURE Relief application is processed. Selected crop records can be established as pending records if the producer does not have the money to pay the fee at the time of application. The Fees Screen will provide County Offices the opportunity to either establish the records as pending or to proceed to the Collection Screen by answering the question, "**Fee must be paid at the time the application is submitted. Have you collected the fee amount owed from the producer?** (Y or N)".

Note: This statement will **not** appear on the screen if a producer has already met the fee requirements.

11 Print Process

A Application Print Process

A system generated application will be printed each time a relief application is entered into the system. All crop data entered on a single day will be printed on the same application. A different application will be printed for crop data entered on different days.

Note: If crop data is modified after an application is taken, subsequent versions of the application print may contain different fee information than the original application; therefore, County Offices shall maintain all versions of the printed application.

If 1 crop within a pay grouping is selected, all crops within that pay grouping will be printed on the application. The producer's fee covers all crops within the pay grouping. An "S" indicator will print in front of the crop records that were actually selected on the Crop Selection Screen. All crops printed on an application are covered with the fees that were collected.

An application will not be printed during the application process if:

- crop records are updated as pending (application must be printed through NAP Reports Menu MHACR0, option "16", "SURE Relief Reports"
- "Y" is entered on Collection Screen to answer the question, "Is this a manual fee collection?"; the application must be printed through NAP Reports Menu MHACRO, option "16", "SURE Relief Reports".

B Menu Option Print Process

Applications can be reprinted through NAP Reports Menu MHACR0 by taking option "16", "SURE Relief Reports". All applications entered for the selected producer will print. The application date (date original application was filed) will print in the upper right corner.
