

For: State and County Offices

Extending Date to Furnish Production Certification for ACRE

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A Background

1-DCP (Rev. 3) states the final date to furnish a production certification for the ACRE program is the final date to certify the commodity in the subsequent crop year.

County Offices are facing workload issues across several program areas.

B Purpose

This notice extends the final date to accept producer's certification for the ACRE program for 2009 **only**.

2 2009 Production Reporting Deadline

A Extension of Deadline

The deadline for a production certification to comply with the ACRE provisions for production reports is extended until **COB September 1, 2010**. Because of this extension, the use of a register on September 1, 2010, is **not** authorized.

Note: The extension is for completing both the farm benchmark yield (2004 through 2008) and the actual farm yield (2009).

B County Office Action

County Offices shall ensure that the revised deadline for the 2009 production reporting is adequately publicized by all available means.
