B Purpose

This notice provides County Offices:

- instructions for preparing to convert from PCC-OTC to OTC.net
- the CBS deployment training schedule (Exhibit 1).

3 OTC.net Training

A OTC.net Training Schedule

Approximately 50 to 100 counties will be trained each week beginning in May 2012 until all CBS counties have been trained. See Exhibit 1 for a list of all counties scheduled for training and the training date. If the County Office needs to change the date of their scheduled training, the County Office will need to notify their State Office and one of the OBF contacts. The State Office will need to notify DAFO of the schedule change. Training sessions will:

- be completed by August 31, 2012
- accomplished through Live Meeting
- will last approximately 2 hours.

B Receipt of Scanner

County Offices shall receive a scanner approximately 5 workdays before the scheduled training date. If scanners are not received, contact Carrie Miller according to subparagraph 1 C. After training is completed, counties shall use the scanner to process their collections using the web-based system.

Notice FI-3097

4 State and County Office Action

A State Office Action

State Offices shall monitor County Offices and verify that they are using OTC.net to process all collections. If a County Office is not using the system after being setup, the State Office shall assist the County Office or have them contact the Helpdesk.

B County Office Action

Each user **must request that the OTC.net firmware, Version 1.2.1** be installed on their workstation from their local TSD staff.

County Offices are responsible for attending a training session and for discontinuing their CBS account with the local depository. After completing training, the County Office shall begin using the OTC.net system to transmit all deposits. If a County Office is unable to access the system to transmit deposits, report the problem immediately to your State Office.

It is mandatory that conversion to OTC.net be completed by September 30, 2012. CBS counties that **have not received** training and equipment to convert to OTC.net by September 30, 2012, will be required to send all future deposits to the St. Louis CCC-257 Lockbox until training has been completed
