FmHA AN. NO.1952(1951)

July 17, 1989

SUBJECT: Notification to Farmer Programs Borrowers Who Have Requested to be Considered For Preservation Loan Service Programs

TO: State Directors, District Directors and County Supervisors

ATTN: Farmer Programs Chiefs

PURPOSE/INTENDED OUTCOME:

The purpose of this Administrative Notice (AN) is to provide a letter to be sent to Farmer Programs borrowers who failed to apply for primary loan service programs, but have requested preservation loan service programs by returning either Attachment 8 or 10 of Exhibit A. The present Exhibit K of 1951-S Instructions does not fit this situation. The intended outcome is to notify applicants of the information needed for a completed application for preservation loan servicing and encourage the processing of a leaseback/buyback agreement or homestead protection agreement, prior to FmHA acquisition of any real estate security.

COMPARISON WITH PREVIOUS AN:

There is no previous AN on this subject.

IMPLEMENTATION RESPONSIBILITIES:

All FmHA Farmer Programs borrowers whose accounts were accelerated but not foreclosed or liquidated will be sent either Exhibit A with Attachments 1 and 2, or Exhibit A with Attachments 1, 3 and 4 to FmHA Instruction 1951-S. If those FmHA borrowers fail to return either Attachment 2 or 4 of Exhibit A, they will be sent Attachments 7 and 8 of Exhibit A, if the borrower has been previously accelerated. If the borrower was not previously accelerated, Attachments 9 and 10 will be sent. These borrowers are no longer eligible to apply for Primary Loan Servicing Programs.

EXPIRATION DATE: December 31, 1989

FILING INSTRUCTION:
Preceding FmHA
Instruction 1951-S

Farmers Home Administration is an Equal Opportunity Lender.
Complaints of discrimination should be sent to:

1952(1951)

If the borrower returns either Attachment 8 or 10 of Exhibit A and requests to be considered for preservation loan service programs, a letter similar to the attachment will be sent to the borrower. The attached letter advises the borrower of the required information that FmHA will need to process the preservation loan servicing request.

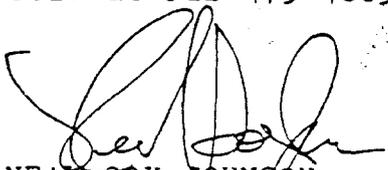

The sending of this attached letter will be handled within SENT in the following manner:

1. If the borrower has returned Attachment 8, the tracking sequence of SENT at this point will take you to CDW002. The outcome choice 5 "borrower requests preservation" on this activity screen will then take you to the hold screen for preservation PPX001. When you are at PPX001, the supporting activities should be accessed and the following information inserted: "send attachment to AN No. " along with the date the attachment was sent to the borrower.

2. If the borrower has returned Attachment 10 within the SENT program, you should be at activity screen CDW002. When you choose outcome 7, "request preservation servicing" then the next activity screen will be PPX001. The following information should be entered under the supporting activities of screen PPX001 "send attachment to AN No. ." A completion date for when the Attachment was sent to the borrower should also be entered for this supporting activity.

The present Exhibit K of FmHA Instruction 1951-S will still be used, but will apply only to those Farmer Programs borrowers who have returned either Attachment 2 or 4 of Exhibit A, and who have applied for primary loan servicing but FmHA was not able to restructure the debt, and/or the borrower fails to buyout at Net Recovery Value.

This suggested letter will be incorporated into the final 1951-S regulations to be published later this year. If you have any questions, please contact Ann Eggleston at FTS 475-4009 or Dee Cole at FTS 475-4003.
