

Coming in 2005

# FSA's new Farm Business Plan

**Farm Service Agency**

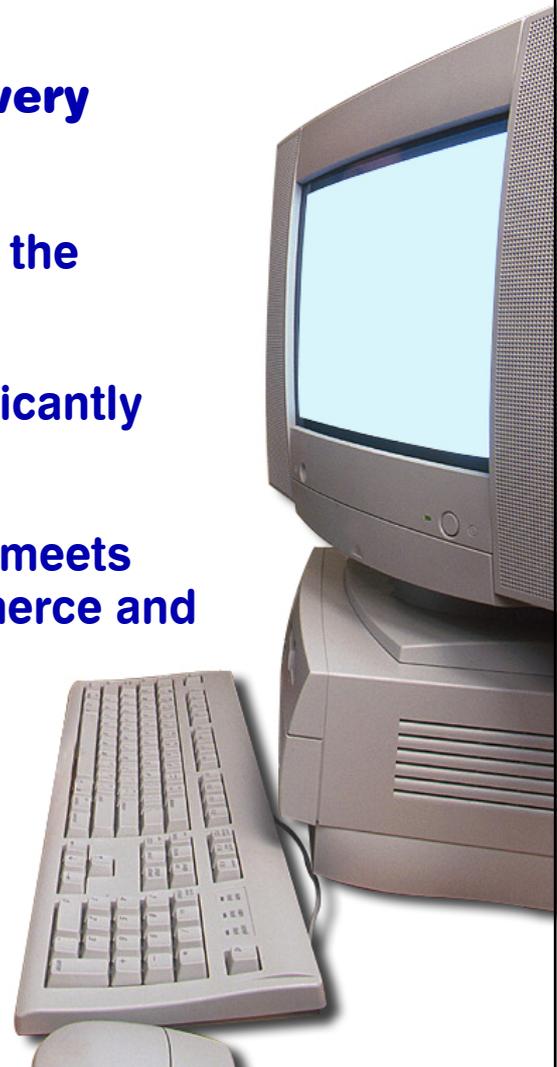

FSA borrowers will soon say goodbye to the old Farm and Home Plan and say hello to the **Farm Business Plan**, FSA's new **easy-to-use** Internet accounting system that **enhances the quality and speed of service** the Agency provides its customers.

Beginning in mid-2005, borrowers will be able to fill out and submit the Farm Business Plan online to FSA offices from their homes, offices, or other facilities with Internet access.

The system offers **numerous benefits.**

- Available 24 hours a day, 7 days a week, the Plan is **very convenient.**
- It **saves producers time and energy** by reducing the number of trips to FSA offices.
- The Plan is a **faster, more efficient** tool that significantly upgrades FSA farm loan operations.
- The system is a **secure** electronic environment that meets Federal and USDA requirements for electronic commerce and lending services.
- The Farm Business Plan is powered by computer software that is widely used in the lending industry today.

*Printed versions of the Farm Business Plan will be available to producers without computers or access to the World Wide Web.*

**CONVENIENT**

**FAST**

**EFFICIENT**
