Amendment 7

Approved by: Acting Deputy Administrator, Farm Programs

Amendment Transmittal

A

**Reasons for
Amendment**

Subparagraphs 54 A and C have been amended to clarify that only the number of lambs marketed specific to the applicable marketing period and program year should be entered on FSA-383.

Subparagraph 66 B has been amended for clarification of whole lot certification.

Subparagraph 70 A has been amended to further clarify feeder lamb whole lot certification procedures.

Subparagraph 70 C has been amended to:

- remove the reference to increases in livestock because of lamb purchases
- add a note requiring a new self-certification for additional lamb births.

Paragraph 86 has been amended to:

- clarify the waiver of the ewe lamb age requirement during Year 3
- correct the offspring exception and provide further instruction
- correct the subparagraph reference.

Subparagraph 87 C has been amended to clarify scrapie identification requirements.

A

Purpose

This handbook provides general instructions for administering LMAAP.

B

Sources of Authority

Authority for the requirements in this handbook are as follows:

- 7 CFR Part 784
 - the Act of August 24, 1935, Section 32 (3), as amended, (7 U.S.C. 612c).

2 Responsibilities

A

**Administering
LMAAP**

Administered under the general supervision of DAFP, STC's and COC's have the primary responsibility for administering LMAAP.

B

Restrictions

STC's and COC's, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of this handbook unless authorized to do so by DAFP.

C

**STC
Responsibilities**

STC's shall:

- supervise and monitor LMAAP to ensure that policies and procedures authorized in this handbook are being uniformly followed by County Offices
 - take any action required by this handbook that has not been taken by COC
 - correct, or require COC to correct, any action taken by COC that is not authorized according to this handbook.
-

D

**COC
Responsibilities**

COC's shall:

- administer LMAAP at the county level under STC supervision
- inform producers about the eligibility requirements for LMAAP payments
- complete and review FSA-382's and FSA-383's for completeness and accuracy
- approve or disapprove requested LMAAP payments according to this handbook
- determine whether the submitted documentation provides the required documentation needed for the appropriate payment or payments

***--Note:** COC may delegate the authority to approve or disapprove FSA-382's and FSA-383's to CED.--*

2 Responsibilities (Continued)

E

CED

Responsibilities

CED's shall:

- carry out the day-to-day operations of LMAAP according to COC's determinations and this handbook
 - approve or disapprove FSA-382's and FSA-383's, if so delegated by COC.
-

***--F**

**Misaction/
Misinformation
Cases**

7-CP provisions authorizing STC's to approve misaction/misinformation cases do **not** apply to LMAAP. STC shall submit all LMAAP cases in which STC recommends relief based on the following:

- misaction/misinformation
 - requests for relief.--*

3-9 (Reserved)

Part 2 Eligibility Requirements**Section 1 Sheep and Lamb Operations****10 General Eligibility**

A**Introduction**

This section covers general eligibility for sheep and lamb operations.

B**Definition of Eligible Sheep and Lamb Operation**

An eligible sheep and lamb operation is any person or group of persons:

- who as a single unit raise sheep and lamb
 - whose production facilities are located in the United States.
-

C**Other Eligible Sheep and Lamb Operations**

An eligible sheep and lamb operation may also include any of the following entities that are engaged in an operation that raises sheep and lamb in the United States for sale:

- an individual that:
 - has a beneficial interest in a sheep and lamb operation
 - has a financial risk in the sheep and lamb operation
 - is a citizen of, or legal resident alien in, the United States
 - a corporation, partnership, joint operation, estate, association, cooperative, or other business enterprise or other legal entity and, whenever applicable a State, political subdivision of a State, or any agency thereof, and whose members are a citizen of, or legal resident alien in the United States
 - Indian tribe of the Indian Self-Determination and Education Assistance Act
 - Indian organization or entity chartered under the Indian Reorganization Act
 - economic enterprise under the Indian Financing Act of 1974.
-

Continued on the next page

10 General Eligibility (Continued)

D

Eligibility of Minors

A minor, who is otherwise eligible according to subparagraphs B and C, is eligible to participate in LMAAP, if the LMAAP application is:

- signed by the minor
- co-signed by a person determined by COC to be financially responsible.

*--**Note:** Refer to 1-CM for signature requirements.--*

E

Gross Revenue Requirement

Any “operation” with a qualifying gross revenue in excess of \$2.5 million annually is not eligible for:

- Year 1 benefits
- *--a feeder lamb payment in Year 2, Year 3, and Year 4.--*

Note: The \$2.5 million or less annual gross income requirement applies to income derived from agricultural and nonagricultural sources.

11-19 (Reserved)

Section 2 Year 1 Eligibility

20 Overview

A

Introduction

This section covers eligibility for sheep and lamb operations during program Year 1.

B

Eligible Payments

LMAAP payments are made to producers on sheep and lamb operations. In Year 1, eligible sheep and lamb operations may apply for the following 3 types of payments:

- ram payments
 - sheep improvement program payments
 - facility improvement payments.
-

C

Eligible Operations

To be eligible to receive cash payments in Year 1 under this part, a sheep and lamb operation must:

- be engaged in the business of producing and marketing agricultural products at the time of filing the application
 - have a 1999 annual revenue of \$2.5 million or less.
-

21 Ram Payment

A

Ram Payment Eligibility Requirements

To be eligible to receive a ram payment, a sheep and lamb operation must:

- have purchased rams:
 - during July 22, 1999, and September 30, 2000
 - for the intended purpose of breeding
 - that are at least 90 calendar days of age at the time of purchase
- maintain rams purchased for at least 90 calendar days after the purchase.

***--Note:** The last day to purchase a ram and be eligible for a ram payment is September 30, 2000.--*

Continued on the next page

21 Ram Payment (Continued)

B

**Ram-to-Ewe
Guideline**

To ensure accurate reporting of rams purchased, the County Office shall:

- inform sheep and lamb operations to use as a guideline the ratio of not more than 1 ram to every 15 ewes
- limit the ram payment for those operations whose ratio of rams-to-ewes is greater than 1 ram to every 15 ewes.

Exception: If the sheep and lamb operation can establish to the satisfactory of COC that the higher percentage of rams purchased compared to the estimated breeding flock is customary for the operation, the limitation on the ram payment will not apply.

C

**Sheep Eligible for
a Ram Payment**

All rams purchased are eligible for a ram payment that meet the ram payment *--eligibility requirements in subparagraph A, including Barbidoe Rams.

D

**Ineligible for a
Ram Payment**

The following are ineligible for a ram payment:

- leased rams
 - ram semen.
-

E

**Ram Purchases
Less Than \$100**

Sheep and lamb operations that purchase a ram for less than \$100 shall be paid the actual cost of the ram.

Example: If a producer purchases a ram for \$75, the producer will receive only a \$75 ram payment.

F

**Ram Purchases
Over \$100**

Sheep and lamb operations that purchase a ram that is more than \$100 shall receive only a \$100 payment for the ram purchased.

Example: If a producer purchases a ram for \$250, the producer shall receive a payment of only \$100.--*

Continued on the next page

21 Ram Payment (Continued)

***--G**

Nonitemized Ram Purchases Ram purchases that are not itemized on sales receipts and show a cumulative total should be prorated to obtain an average ram payment to be entered into APSS.

Example: A producer purchases 5 rams for \$450, and his or her sales receipt indicates only a \$450 purchase for all 5 rams. The \$450 sales price must be divided by 5 rams to get the average purchase price for each ram. Therefore, \$90 would be the purchase price entered for each ram in APSS.--*

22 Sheep Improvement Program Payment

A

Sheep Improvement Program Payment Eligibility Requirements

To be eligible to receive a sheep improvement program payment, a sheep and lamb operation must have sheep enrolled in a sheep improvement program:

- that genetically evaluates individual animals within a flock for certain traits to help improve their production efficiencies
 - during July 22, 1999, and September 30, 2000.
-

B

Example of a Sheep Improvement Program

An example of an authorized sheep improvement program is NSIP.

NSIP is a program set up by an independent organization not affiliated with the government to genetically evaluate individual animals within a flock for maternal, growth, and wool traits to help improve their production efficiencies.

***--Note:** Any similar approved genetic improvement management program that has direct costs associated with enrollment into a program is acceptable to receive a sheep improvement program payment.

Participation in a sheep improvement program is not mandatory for qualification in other program areas.--*

Continued on the next page

22 Sheep Improvement Program Payment (Continued)

C

Sheep Eligible for Sheep Improvement Program Payment Sheep improvement programs vary on the types of traits being evaluated. Therefore, it will depend on the type of program in which the operation is enrolled.

Example: NSIP evaluates all ewes exposed for breeding. Therefore, payment will only be made on the number of ewes enrolled in this type of program.

--D*Other Eligible Sheep Improvement Programs**

Other approved sheep improvement programs include the following:

- Badger Sheep Improvement Program
 - Lambplan Program
 - Ewebyte Program.
-

E**Ineligible Sheep Improvement Programs**

Programs that are not eligible for a sheep improvement program payment include the following:

- scrapie programs
 - predator control programs
 - breed associations
 - individual record keeping
 - computer software programs.
-

F**Sheep Improvement Program Approval**

COC may approve sheep improvement programs for eligibility for a sheep improvement payment based on the following:

- program must analyze the genetic traits of a flock
 - traits evaluated must relate to improving the sheep industry
 - direct cost for participation in the program must be incurred by the producer.--*
-

23 Facility Improvement Payment

A

Facility Improvement Payment Eligibility Requirements

To be eligible to receive a facility improvement payment, a sheep and lamb operation must:

- have made a facility improvement during July 22, 1999, and September 30, 2000
- use facility improvements made that year for sheep production activities for at least the next 3 consecutive years
- submit cost documentation of the improvements made.

Note: Facility improvements do not have to be completed during Year 1.

However, a facility improvement payment will be made only for expenses supported by cost documentation submitted by the application

--deadline. No facility improvement payments will be issued after the Year 1 application deadline.--

B

Eligible Facility Improvements

Eligible facility improvements may include, but are not limited to:

- *--wells
- ponds--*
- new and improved feedlots
- self feeders
- lambing sheds
- shearing sheds
- shearing equipment
- fencing
- sheep handling equipment, such as:
 - pens
 - runway chutes
 - water troughs.

Note: As long as the improvements will be made and used in the sheep and lamb operation, COC can make the determination of acceptable eligible facility improvements.

Continued on the next page

23 Facility Improvement Payment (Continued)

C

Ineligible Facility Improvements

Facility improvements do not include the following:

- lime
 - fertilizer
 - seed
 - *--skid loaders
 - tractors
 - trailers
 - guard dogs.
-

D

Commingled Animals

Facility improvements that benefit more than sheep, should be prorated, as to the percentage of income derived from each enterprise.

Example: A producer has sheep and cattle on the ranch, 50 percent of the operation is dedicated to sheep production and 50 percent of the operation is dedicated to cattle production. The producer wants to fence the entire ranch where the cattle and sheep graze. The producer should only receive 50 percent of the 20 percent facility improvement payment for the fence, for the portion of the ranch dedicated to sheep.

E

Personal Labor

The cost of labor is ineligible for a facility improvement payment if the improvement is done by the following:

- producer
- farm/ranch hands
- family.

If the facility improvement is being done by the producer, then out-of-pocket expenses incurred by the producer, such as the cost of building materials, are eligible.--*

Continued on the next page

23 Facility Improvement Payment (Continued)

F

Acceptable Cost Documentation

The following are examples of acceptable cost documentation for a facility improvement payment:

- sales receipt
- paid invoices
- construction contracts.

Note: In cases when an operation has contracted with a professional builder and has a construction contract in place, the producer would receive 20 percent of the contracted amount up to \$2,500, because the contract is considered acceptable supportive cost documentation.

G

Participation in Other Programs

Sheep and lamb operations participating in other cost-sharing programs besides LMAAP shall only receive 20 percent of the actual amount paid out of pocket by the producer, excluding the amount paid by the other cost-share program.

*--H

Completion of Facility Improvement Deadline

Facility improvements to sheep and lamb operations must be completed by July 31, 2001.

Note: Producers may request in writing a waiver from COC of the facility improvement July 31, 2001, deadline.

See paragraph 93 for facility improvement compliance.

I

Completion Waiver

COC has the authority, at the written request of the producer, to waive the facility improvement deadline up to 30 calendar days from the date of the producer's request. Waivers of the facility improvement deadline may be granted for construction delays caused by the following:

- inclement weather
- frozen ground
- meritorious circumstances.

Waivers must be requested by the producer **before** the July 31, 2001, deadline.--*

Continued on the next page

23 Facility Improvement Payment (Continued)

***--J**

**County Office
Responsibilities**

To ensure that sheep and lamb operations are adequately informed of the facility improvement deadline, County Offices shall provide information to LMAAP participants through:

- over-the-counter discussion
 - newsletters
 - other methods of communication, as applicable.
-

K

**Incomplete
Facility
Improvements**

Facility improvements will be determined to be ineligible, and the payment must be refunded if both of the following apply:

- facility improvement is not completed by the July 31, 2001, deadline
- sheep and lamb operation has not obtained a waiver of the facility improvement deadline, according to subparagraph I.

Note: See paragraph 93 for facility improvement compliance.--*

24-29 (Reserved)

***--Section 3 Year 2, Year 3, and Year 4 Eligibility**

30 Eligible Sheep and Lambs Year 2, Year 3, and Year 4

A

Introduction

This section covers eligibility for sheep and lamb operations during program Year 2, Year 3, and Year 4.

B

Types of Eligible Sheep and Lamb, Year 2, Year 3, and Year 4

The 2 types of lambs eligible for payment during program Year 2, Year 3, and Year 4 are the following:

- slaughter lambs
- feeder lambs.

During Year 3 and Year 4 **only**, ewe lambs are also eligible for payment.

C

Definition of Eligible Slaughter, Feeder, and Ewe Lambs

Slaughter lambs are lambs that are sold for immediate slaughter.

Feeder lambs are either ewes or wethers that are:

- under 1 year of age
- intended to be further fed a grain concentrate diet to reach an acceptable slaughter market weight when sold for slaughter.

Ewe lambs are female lambs that:

- are no more than 18 months of age
 - have not produced an offspring.--*
-

31 Slaughter Lamb Eligibility

A

Slaughter Lamb Eligibility Requirements

To be eligible for a slaughter lamb payment, the sheep and lamb operation must:

- market slaughter lambs and have them slaughtered between:
 - August 1, 2000, and July 31, 2001, to qualify for a Year 2 payment
 - August 1, 2001, and July 31, 2002, to qualify for a Year 3 payment
 - *--August 1, 2002, and July 31, 2003, to qualify for a Year 4 payment--*
 - own the lambs in the normal course of raising lambs for slaughter for at least 30 calendar days continuously before marketing for slaughter
 - be engaged in the business of producing and marketing agricultural products at the time of filing the application.
-

B

Slaughter Lamb Carcass Criteria

To be eligible for a slaughter lamb payment, the carcasses produced by the slaughter of the lamb must:

- meet the requirements of USDA Quality Grade Choice or Prime
 - meet the requirements of USDA Yield Grade 2
 - have a muscling confirmation score of Average Choice or better
 - have a 55 to 75 pound dressed hot carcass weight.
-

C

AMS Certification

To be eligible for a slaughter lamb payment, the sheep and lamb operation must have the lamb carcasses produced from the slaughter lambs evaluated and certified by an AMS agent or their assigned representative that the carcasses meet the eligibility requirements of subparagraph B.

AMS representatives may be contacted through Martin E. O'Connor at 202-720-7046 or by e-mail at martin.oconnor@usda.gov.

Note: AMS will set up guidelines on their website at www.ams.usda.gov/lsg/201lamb/201.htm with more specific details on AMS certification.

Continued on the next page

31 Slaughter Lamb Eligibility (Continued)

D**Grading
Definitions**

The following grading definitions are applicable to slaughter lamb eligibility.

Muscling confirmation score of average choice is a grade assigned according to official USDA standards and procedures that a lamb carcass would receive for being moderately thick muscled throughout the carcass and tending to be moderately wide and thick in relation to its length. The lamb carcass:

- legs tend to be moderately wide and thick
- shoulders tend to be moderately thick and full.

USDA Choice, USDA Prime, and USDA Yield Grade 2 are all the classifications designated for carcasses classified as lamb, under the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U.S.C. 1621-1627), Official United States Standards for Grades of Lamb, Yearling, Mutton, and Mutton Carcasses, promulgated by the Secretary of Agriculture, as amended and related authority in the annual appropriations acts for USDA.

32 Feeder Lamb Eligibility

A**Feeder Lamb Eligibility Requirements**

To be eligible for a feeder lamb payment, the sheep and lamb operation must:

- market the feeder lambs between:
 - August 1, 2000, and July 31, 2001, to qualify for a Year 2 payment
 - August 1, 2001, and July 31, 2002, to qualify for a Year 3 payment
 - *--August 1, 2002, and July 31, 2003, to qualify for a Year 4 payment
 - own the feeder lambs in the normal course of raising lambs for slaughter continuously from birth to the time of marketing--*
 - have in the preceding year of which payment is sought had a gross annual revenue of \$2.5 million or less
 - be engaged in the business of producing and marketing agricultural products at the time of filing the application.
-

B**Feeder Lamb Criteria**

To be eligible for a feeder lamb payment, the feeder lamb must be at the time of marketing:

- thick-muscled
 - large-framed.
-

Continued on the next page

32 Feeder Lamb Eligibility (Continued)

C**AMS
Certification**

To be eligible for a feeder lamb payment, the sheep and lamb operation must have the condition of the feeder lambs evaluated and certified by an AMS agent or their assigned representative that the lambs meet the eligibility requirements of subparagraph B.

AMS representatives will be present at:

- special feeder lamb auction sales
- direct sale locations when requested through AMS, and based on availability.

AMS representatives may be contacted through Martin E. O'Connor at 202-720-7046 or by e-mail at martin.oconnor@usda.gov.

AMS Market News Reporters present at an auction can certify individual producer sales.

Note: Guidelines for AMS certification are available on their website at www.ams.usda.gov/lsg/201lamb/201.htm.

D**Self-Certification**

*--A sheep and lamb operation can self-certify according to paragraph 66, to the eligibility criteria in subparagraph B, before marketing feeder lambs.

If self-certifying the day of a non-USDA graded auction sale, the sheep and lamb operation must self-certify according to paragraph 67.--*

* * *

See Part 5 for further lamb guidelines.

***--33 Ewe Lamb Eligibility**

A**Ewe Lamb Eligibility Requirements**

To be eligible for a ewe lamb payment, the sheep and lamb operation must:

- purchase or retain ewe lambs for breeding purposes between:
 - August 1, 2001, and July 31, 2002, to qualify for a Year 3 payment
 - August 1, 2002, and July 31, 2003, to qualify for a Year 4 payment
 - retain the qualifying ewe lambs in the herd for at least 1 complete offspring lambing cycle
 - be engaged in the business of producing and marketing agricultural products at the time of filing the application.
-

B**Ewe Lamb Criteria**

To be eligible for a ewe lamb payment, the ewe lamb must:

- not be older than 18 months
 - not have produced an offspring
 - not possess any of the following characteristics:
 - parrot mouth
 - foot rot
 - scrapie
 - be identified:
 - according to their State identification requirements
 - through the APHIS Voluntary Scrapie Flock Certification Program or the APHIS Scrapie Eradication Program, as described in 9 CFR Part 79.
-

C**Ewe Lamb Certification**

Producers must self-certify to the eligibility requirements according to this paragraph.

See Part 5, Section 3 for further ewe lamb guidelines.--*

Part 3 Payment Rates and Calculations

40 Overview

A

Introduction

This part covers the allocation of funds for LMAAP.

B

**Funding
Availability**

--Producers of sheep and lambs may receive up to a total of \$67.7 million in direct payments to help improve their production efficiencies and marketability of lamb meat during the 4-year period between July 22, 1999, and July 31, 2003.--

41 Year 1 National Payment Rates

A

Ram Payment Rate

An eligible sheep and lamb operation meeting the eligibility requirements in subparagraph 21 A, may receive up to \$100 per ram purchased, not to exceed \$2,500 per sheep and lamb operation.

B

Sheep Improvement Program Payment Rate

An eligible sheep and lamb operation meeting the eligibility requirements in subparagraph 22 A, may receive \$.50 per sheep enrolled in a sheep improvement program, not to exceed \$500 per sheep and lamb operation.

C

Facility Improvement Payment Rate

An eligible sheep and lamb operation meeting the eligibility requirements in subparagraph 23 A, may receive 20 percent of the cost of the facility improvements, not to exceed \$2,500 per sheep and lamb operation.

D

Maximum Payments

Each eligible sheep and lamb operation in program Year 1 is entitled to a total maximum payment of \$5,500, based on the following:

- \$2,500 maximum ram payment
 - \$500 maximum sheep improvement program payment
 - \$2,500 maximum facility improvement payment.
-

***--42 Year 2, Year 3, and Year 4 National Payment Rates**

A

**Slaughter Lamb
Payment Rate**

An eligible sheep and lamb operation meeting the eligibility requirements in paragraph 31 may receive \$5 per slaughter lamb.

Note: An additional payment for slaughter lambs marketed between June 1 and July 31 of program Year 2, Year 3, and Year 4 may also be received at--* a rate of \$3 per slaughter lamb.

B

**Feeder Lamb
Payment Rate**

An eligible sheep and lamb operation meeting the eligibility requirements in paragraph 32 may receive \$3 per feeder lamb.

C

**Maximum
Payments**

There are no maximum payments or herd limits for eligible sheep and lamb *--operations in program Year 2, Year 3, and Year 4 for slaughter, feeder, and ewe lambs meeting eligibility requirements.

D

**Incentive
Payment**

A sheep and lamb operation may receive an **additional** \$3 per slaughter lamb, if both of the following apply:

- slaughter lambs are marketed between June 1 and July 31 of program Year 2, Year 3, or Year 4--*
- eligibility requirements are met according to paragraph 31.

County Offices shall:

- publicize the incentive payment during the months of June and July through:
 - over-the-counter discussion
 - newsletters
 - other methods of communication, as applicable.
 - refer to paragraph 142 for instructions for processing slaughter lamb applications and payments.
-

***--E**

**Ewe Lamb
Payment Rate**

An eligible sheep and lamb operation meeting the eligibility requirements in paragraph 33 may receive \$18 per ewe lamb.--*

43 Payment Options

A

Assignments and Offsets

LMAAP payments:

- are subject to assignment and/or offset
 - can be reduced to pay an established claim or receivable.
-

B

Assignments and Joint Payments

Instructions for assignments and joint payments in paragraph 44.

C

Advance Payments

Advance payments will not be issued for LMAAP.

Prompt Payment Interest

The Prompt Payment Act is not applicable to LMAAP. Therefore, LMAAP payments are not subject to late payment interest.--*

44 Assignments and Joint Payments

A

LMAAP Program Codes

The following 3 program codes are established for disbursing the Year 1 LMAAP payments:

- “00LMAAPR” for rams purchased and maintained for 1 breeding season
- “00LMAAPS” for heads of sheep enrolled in a sheep improvement program
- “00LMAAPF” for cost of * * * the facility improvement.

Note: Program codes for LMAAP Year 2 and Year 3 payments will be announced at a later date.

A producer may qualify to receive all 3 types of payments in Year 1. In addition, he or she may receive multiple “00LMAAPR” and “00LMAAPF” payments in Year 1.

B

Completing CCC-36 or CCC-37

County Offices shall ensure that CCC-36 or CCC-37 is filed properly by the producer and assignee according to 63-FI, paragraphs 33 and 34 or Exhibit 8 or 9, as applicable.

The producer shall enter “00LMAAPR”, “00LMAAPS”, or “00LMAAPF” as the program code on:

- CCC-36, item 10 J
- CCC-37, item 6 J.

Note: Separate CCC-36’s or CCC-37’s must be filed. The assigned amount must be stated on CCC-36.

C

County Office Release No. 434

County Office Release No. 434 includes software modifications that will allow for the establishment of Year 1 LMAAP payments in the Assignment and Joint Payment System.

Continued on the next page

44 Assignments and Joint Payments (Continued)

D**Establishing
Separate
Records**

County Offices shall establish **separate** assignment or joint payment records for each of the following program codes:

- “00LMAAPR”
- “00LMAAPS”
- “00LMAAPF”.

Assignment and Joint Payment software **only** accepts the establishment of 1 program code per record in the “other” field on Screen AZK10020.

--E*Feeder and
Slaughter Lamb
Program Codes**

The following 2 program codes have been established for disbursing the Year 4 feeder and slaughter lamb payments:

- “03LMAAPFL” 5233 for qualifying feeder lambs marketed
 - “03LMAAPSL” 5234 for qualifying slaughter lambs marketed.
-

F**Ewe Lamb
Program Codes**

The following 2 program codes have been established for disbursing Year 3 and Year 4 ewe lamb incentive payments:

- “02LMAAPEWE” 5235 for qualifying ewe lambs purchased or retained in Year 3
 - “03LMAAPEWE” 5235 for qualifying ewe lambs purchased or retained in Year 4.--*
-

Part 4 Accepting, Preparing, and Filing Applications

50 What to File

A

Year 1 Application

Eligible producers on sheep and lamb operations shall complete FSA-382 to apply for LMAAP benefits during program Year 1.

Note: A sheep and lamb operation may file as many applications as needed to apply for a ram payment and a facility improvement payment until benefits are maximized or until the Year 1 application deadline is met, whichever comes first.

B

Year 2, Year 3, *- -and Year 4 Application

Eligible producers on sheep and lamb operations shall complete FSA-383 to apply for LMAAP benefits during program Year 2, Year 3, and Year 4.

Note: Year 2, Year 3, and Year 4 can involve multiple marketing periods,--* during which applicants will file new applications per marketing period.

C

Direct Deposit

The Debt Collection Improvement Act of 1996 requires any recipient of Federal payments who becomes eligible for that payment after July 25, 1996, to receive the payment by electronic funds transfer.

All producers receiving benefits under LMAAP must file SF-1199A according to 1-FI, Part 3.

D

Forms Not Applicable

The following forms are **not** required for LMAAP:

- AD-1026
- CCC-502-A.

Note: Highly erodible land conservation and wetland conservation rules do not apply.

51 Where to Apply

A

**Requesting
LMAAP**

--Eligible sheep and lamb operations may request LMAAP benefits from the--
County Office where the sheep and lamb operation is physically located by obtaining
FSA-382's and FSA-383's as follows:

- in person
- by mail
- by telephone
- by FAX.

Note: FSA-382 and FSA-383 may also be downloaded by the producer from the
Internet at <http://www.fsa.gov/dafp/psd/>.

B

**Submitting
FSA-382 and
FSA-383**

Sheep and lamb operations may submit FSA-382's and FSA-383's for benefits **only**
as follows:

- in person
- by mail.

Note: FSA-382's and FSA-383's that are FAXed to the County Office will **not** be
accepted.

*--C

**Multi-County
Operation**

A multi-county sheep and lamb operation should make application for LMAAP benefits
in the county where the headquarters is located.--*

52 Sign-Up

A**Year 1
Marketing Period**

The marketing period for Year 1 benefits is July 22, 1999, through September 30, 2000.

B**Year 2, Year 3,
*--and Year 4
Marketing
Periods**

Payments for Year 2, Year 3, and Year 4 will be made for corresponding marketings in that year. Year 2, Year 3, and Year 4 marketing periods are as follows:

- Year 2 - August 1, 2000, through July 31, 2001
- Year 3 - August 1, 2001, through July 31, 2002
- Year 4 - August 1, 2002, through July 31, 2003.

Year 2, Year 3, and Year 4 have been separated for the following reasons:--*

- so that separate sign-ups can be held
 - separate payments can be made
 - to ease proration problems if claims under the program should eventually exceed the amount of the available funds.
-

C**Deadlines**

To be considered eligible for LMAAP payments, all applications that are requested in person, by mail, telephone, FAX, or downloaded from the Internet, must be completed correctly, signed, and returned to the applicable County Office by COB:

- October 13, 2000, of program **Year 1**
- August 15, 2001, of program **Year 2**
- August 15, 2002, of program **Year 3**
- *--August 15, 2003, of program **Year 4**.

Note: The sheep and lamb operation must have an AMS agent or their assigned representative verify the slaughter and feeder lamb payment criteria, according to paragraphs 32 and 33, before submitting FSA-383 for benefits in Year 2, Year 3, and Year 4.--*

Part 5 Grading Procedures

Section 1 Feeder Lamb Guidelines

65 Special USDA Graded Feeder Lamb Sales

A

Auction Responsibilities

Auctions wishing to participate in USDA graded sales must:

- notify Martin O'Connor at 202-720-7046
- pay for cost of grader.

Note: USDA will maintain a list of regularly scheduled USDA graded sales.

B

USDA Grader Responsibilities

Consigned feeder lambs graded by designated USDA representative must:

- use USDA guidelines according to FSA regulations at 7 CFR Part 784
 - complete FSA-383:
 - *--Part F, items 32 through 34C
 - Part H, item 43
 - sign FSA-383, item 34A, certifying each producer's qualifying feeder lambs.--*
-

C

Producer Responsibilities

The producer is responsible for submitting FSA-383 to the local FSA Office for payment, **after** USDA AMS certification has been obtained.

Note: If self-certifying feeder lambs, according to subparagraph 32 D, AMS certification is not necessary.

66 Self-Certifying Feeder Lamb Sales

A

Ranch Identification

The ranch of origin identification must be maintained for a 24-hour viewing period after self-certification by the producer at any of the following:

- producer/sellers farm for direct sales
- in buyers feedlot for direct sales
- auction site the day before the sale.

Note: Ear tags are not required if feeder lambs are delivered to any of these locations before the date of sale and the notification sheet was timely FAXed.

B

Producer/Seller Responsibilities

Producers/sellers must:

- self-certify qualifying feeder lambs on FSA-383:
 - Part E
 - Part H, item 43
 - Part I, item 45
- complete FSA-383, Part K according to paragraph 69
- FAX page 4 **only** of the completed FSA-383, Part K to 202-720-1112, at least 2 workdays before a 24-hour period when lambs can be viewed for verification
- submit FSA-383 to the local County Office for payment
- submit supporting documentation to the local County Office to prove FSA-383, Part K was completed and FAXed according to this subparagraph.

Note: The number of qualifying feeder lambs entered on FSA-383, item 43 should be the same number the producer submitted to AMS on FSA-383, *-- item 57A, unless the sheep and lamb operation is self-certifying the whole lot of feeder lambs at 1 time according to paragraph 70.--*

C

USDA AMS Representative Responsibilities

USDA AMS agents or their assigned representatives will periodically verify self-certifications at the 24-hour viewing location listed on FSA-383, Part K.

Note: Auction sale deliveries need only stand overnight to meet 24-hour viewing requirement.

Continued on the next page

66 Self-Certifying Feeder Lamb Sales (Continued)

D

24-Hour Viewing Period

During the 24-hour viewing period, the USDA, AMS representative shall:

- verify qualifying feeder lambs for eligibility
- *--complete FSA-383, item 32
- print and sign name in FSA-383, items 33 and 34A
- indicate title and date in FSA-383, items 34B and 34C.

Note: If the USDA, AMS representative **does not** come to view feeder lambs during the 24-hour viewing period, the producer shall write “Self-Certified” in FSA-383, Part F.

67 Self-Certification Option

A

Producer Self-Certification

Sheep and lamb operations can self-certify to the eligibility criteria described in paragraph 32:--*

- * * * when delivery and notification is **not** according to paragraph 66
 - transactions where lambs lose ownership.
-

B

Producer Responsibilities

Producers self-certifying according to subparagraph A must:

* * *

- *--uniquely identify each qualifying self-certified feeder lamb, according to subparagraph C, before transferring ownership--*
 - self-certify each qualifying feeder lamb, according to subparagraph 32 B and FSA regulation 7 CFR 784.8, on FSA-383
-

Continued on the next page

***--67 Self-Certification Option (Continued)**

B

Producer Responsibilities (Continued)

- complete FSA-383, Part K according to subparagraph 54 C, and include:
 - the location where self-certified lambs will be for 30 calendar days following the sale
 - the tag numbers of these self-certified lambs and type of animal identification
 - FAX page 4 **only** of the completed FSA-383, Part K to 202-720-1112
 - submit the completed FSA-383 to the local County Office for payment
 - submit supporting documentation to the local County Office to prove FSA-383, Part K was completed and FAXed according to this paragraph.
-

C

Feeder Lamb Identification

Producers self-certifying according to subparagraph A, can request program ear tags from USDA by contacting:

Ms. Kim Smith
USDA, AMS
USDA Meat Grading and Certification Branch
4701 Marion Street, Suite 400
Denver, CO 80216

Telephone Number: 303-294-7676, Extension 49.

Alternative methods of identification may be used, such as:

- other unique ear tags
 - paint brands.--*
-

68 Feeder Lamb Sizes

A**Acceptable
Frame Size**

Large Framed feeder lambs are expected to grade Choice near .2 inch back fat at a live weight in excess of 120 pounds.

Note: Feeder lambs **do not** have to weigh 120 pounds to qualify for a feeder lamb payment; however, they must have the potential to meet the “large-frame” requirement, that is, to grade choice near .2 inch back fat at the 12th rib at a live weight in excess of 120 pounds. This is a subjective evaluation that sheep producers with experience in production practices should be able to recognize. Lambs that express the traits at any given weight are evaluated to have the potential to reach the end point requirements at some future time.

B**Acceptable
Muscling**

Thick Muscled feeder lambs are:

- thick and full in the forearm and leg
 - showing a rounded appearance through the back and loin
 - wide between the legs, both front and rear.
-

C**Feeder Lamb
Examples**

Feeder lamb descriptions and pictures are available at the following:

- AMS website at <http://www.ams.usda.gov/lsg/201lamb/201.htm>
 - *--PSD website at <http://www.fsa.usda.gov/dafp/psd/lamb.html>.*
-

***--69 FSA-383, Part K, Notification Sheet: Location of Self-Certified Feeder Lambs**

A

Where to Obtain Producers can obtain FSA-383 from the following:

- AMS website at www.ams.usda.gov/lsg/2011lamb/201.htm
- PSD website at www.fsa.usda.gov/dafp/psd/lamb.html.

Note: FSA-383, Part K is the Notification Sheet: Location of Self-Certified Feeder Lambs.

B

Who Should Use FSA-383, Part K should be used when a producer self-certifies feeder lambs at:

- auction sales
 - transactions where lambs lose ownership
 - direct sales.
-

C

When to Submit Producers shall **only** submit FSA-383, Part K (page 4) by FAX:

- at least 48 hours or 2 workdays before the 24-hour viewing period
 - before delivery of feeder lambs, if self-certifying according to paragraph 67.
-

D

Where to Submit Producers shall complete all applicable information on FSA-383, Part K and--* FAX to 202-720-1112.

E

**Example of
FSA-383, Part K**

See subparagraph 54 B for an example of a completed FSA-383, Part K.

F

**Supporting
Documentation**

At the time of application, producers must submit to the County Office supporting documentation to prove that FSA-383, Part K was FAXed according to this paragraph.

Acceptable documentation includes, but is not limited to, the following:

- FAX transmission report
 - FAX confirmation sheet.--*
-

70 Self-Certifying Whole Lots of Feeder Lambs

A

Whole Lot Certification

Producers self-certifying feeder lambs according to paragraph 66 can do the following:

- self-certify their whole lot of feeder lambs at one time
- market the lambs on various dates.

The sheep and lamb operation must:

- on FSA-383, Part K, check item 53 if self-certifying whole lot of feeder lambs at 1 time
- complete and FAX only **one** FSA-383, Part K according to paragraph 69, that *--represents the number of eligible feeder lambs in the whole lot--*
- provide a copy of the FAXed FSA-383, Part K (page 4) to the local FSA County Office.

***--Note:** For each marketing of feeder lambs, the sheep and lamb operation must complete FSA-383, entering the number of qualifying head of feeder lambs that have been marketed in item 43 and submit to the local FSA County Office for payment.--*

B

Example of Whole Lot Certification

A producer has 200 feeder lambs on the ranch. The producer self-certifies that all 200 feeder lambs are eligible, completes and FAXes FSA-383, Part K to AMS 72 hours before any lambs are marketed, allowing AMS the opportunity to view the lambs. The producer markets 100 lambs on 1 date and submits FSA-383 to the County Office for payment. The producer markets the remaining 100 lambs at a later date and submits FSA-383 to the County Office for payment.

Note: If feeder lambs are certified by whole lot, then the producer should only FAX FSA-383, Part K notifying AMS only once. The producer does not need to FAX FSA-383, Part K each time feeder lambs are marketed, unless the previous FSA-383, Part K is no longer valid, according to subparagraph C.

Continued on the next page

70 Self-Certifying Whole Lots of Feeder Lambs (Continued)

C

**Notification
Sheet Time Limit**

FSA-383, Part K, completed and submitted for whole lot certification, is valid only until any of the following occur:

- all lambs represented by that notification sheet have been sold

* * *

- any decrease in livestock because of lamb deaths
- marketing dates cross over into Year 3 or Year 4, at which time another whole lot certification on FSA-383, Part K must be completed by the producer for program year purposes.

***--Note:** Any increase in livestock because of additional lamb births will require a new self-certification by the sheep and lamb operation.--*

D

**County Office
Responsibility**

County Offices shall:

- maintain a copy of FSA-383, Part K for the whole lot of feeder lambs certified and submitted by the producer
 - on FSA-383, Part K, item 63, deduct lambs from the total each time the producer markets lambs that are represented by Part K until they are all sold
 - attach each FSA-383 submitted by the producer for payment to FSA-383, Part K that represents the marketed feeder lambs
 - notify the producer when a new FSA-383, Part K is needed.
-

Continued on the next page

70 Self-Certifying Whole Lots of Feeder Lambs (Continued)

E**Over * * *
Certifying
Tolerance**

Miscounts can cause slight variations in the numbers of eligible feeder lambs *--FAXed on FSA-383, Part K and the numbers reported on FSA-383, Part H. When comparing FSA-383, Part K with FSA-383, Part H that was submitted by the producer for payment, a tolerance of up to 10 feeder lambs is allowable, only with supporting documentation verifying the actual number of lambs marketed.

Example: FSA-383, Part K FAXed by the producer indicates 200 lambs were self-certified. The producer markets the lambs and finds that there were actually 205 lambs sold from the lot. The producer makes application on FSA-383 for 205 lambs. The County Office compares FSA-383, Part K and FSA-383 and finds that the producer only certified 200 feeder lambs. The application may be accepted because it is within tolerance.

Producers self-certifying whole lots of feeder lambs from one FSA-383, Part K--* are not eligible to receive a per head payment for feeder lambs that exceed the maximum tolerance of 10 feeder lambs.

71-79 (Reserved)

*--Section 2 Slaughter Lamb Guidelines

80 Taking Lambs to Slaughter

**A
Producer
Responsibilities**

When taking slaughter lambs to slaughter, the producer must:

- certify ownership of slaughter lambs for at least 30 calendar days
- ensure that owner identification is maintained from the time the animals leave the ranch or farm, through the following:
 - transportation
 - delivery
 - slaughter
 - grading
 - certification of carcasses
- check with the slaughter facility to see if there are regularly scheduled graders
- contact Martin O'Connor at 202-720-7046 to set up a schedule to have lambs evaluated if the slaughter facility **does not** have regularly scheduled graders or if slaughter facility is uncooperative
- coordinate with the slaughter facility or buyer for the following:
 - receiving
 - transferring identification, number or head/lot, to maintain ownership records
 - tracing and identifying animals and carcasses throughout the slaughter and grading process
 - assuring that data from the AMS representative is transmitted to FSA
- reimburse the packing facility for any additional costs related to the program
- provide buyer/slaughter facility with FSA-383
- provide a self-addressed-stamped envelope for the return of FSA-383 from the grader
- ensure that FSA-383 is:
 - properly completed
 - submitted for payment to the local FSA Office.--*

***--80 Taking Lambs to Slaughter (Continued)**

**B
Slaughter Plant
Responsibilities**

It is the responsibility of the slaughter plant to:

- cooperate with the producer/feeder and the AMS representative in collecting carcass data for direct payment to the feeders participating in LMAAP
- coordinate transferring FSA-383 to the USDA AMS representative.

Note: Slaughter facilities that harvest less than 50 head of market lambs per week are eligible to certify the slaughter lamb requirements according to subparagraph 31 B, provided they meet AMS guidelines according to paragraph 82.

**C
AMS
Representative
Responsibilities**

The AMS agent or their assigned representative will be responsible for:

- determining carcass compliance with established criteria according to subparagraph 31 B and FSA regulation 7 CFR 784.8
- providing the number of qualifying carcasses on FSA-383 for each participating operation
- working with the slaughter plant in accurately recording data for each requesting operation
- assisting producers in the proper completion and submission of FSA-383.

Note: FSA does not need to verify any of the carcass criteria, as this will all be done by AMS personnel.

**D
Maintaining
Owner ID of
Animals**

Owner identification can be maintained from the time the animals leave the ranch from or farm through, the slaughter point by the:

- lot identification
 - number of head at slaughter point.--*
-

Section 3 Ewe Lamb Guidelines

86 Self-Certifying Ewe Lambs

A**Ineligible Ewe Lambs**

All ewe lambs that were born before February 1, 2000, are ineligible for the *--ewe lamb incentive payment. During Year 3 only, ewe lambs that meet all other eligibility requirements according to subparagraph 33 A, may be older than 18 months at the time of application. The waiver of the ewe lamb age requirement is based on the age of the ewe lambs from the beginning of Year 3 (August 1, 2001).

During Year 4, ewe lambs must not be older than 18 months at the time of certification and application for benefits.--*

B**Offspring Exception**

Sheep and lamb operations that purchased or retained ewe lamb for breeding purposes and that have produced an offspring before the availability of the ewe lamb incentive payment are eligible for payment if all of the following apply:

- *--ewe lambs did not produce an offspring before August 1, 2001
- ewe lambs were not determined ineligible according to subparagraph A--*
- they meet all other eligibility requirements according to paragraph 33.

This exception will apply only to Year 3 ewe lamb incentive payments. During Year 4, all eligibility requirements must be met at the time of certification and application for benefits.

Note: This exception does not apply to ewe lambs that already produced an offspring before the lamb was purchased by the sheep and lamb operation.

*--A sheep and lamb operation may check “Yes” to the question in FSA-383, item 36 and still be eligible for an ewe lamb incentive payment, **only** while the offspring exception is in effect and according to this subparagraph.

C**Ewe Lamb Death Loss**

Ewe lambs that die before completing the eligibility requirements of subparagraph 33 A, must refund the payments for those lambs when the total--* deaths exceed 10 percent per program year.

Example: During Year 3, producer A purchased and/or retained 500 ewe lambs on various dates. A total of 100 lambs died before the end of Year 3, which exceeds 50 lambs or 10 percent in this example. The producer must refund a total of \$900 for the lambs that were in excess of 10 percent during that program year.

Documentation must be maintained of any death loss of qualifying ewe lambs.

87 Compliance With Scrapie Requirements

A

Scrapie Regulation

Eligible sheep and lamb operations must at the time of certification and application, be in compliance with all requirements relating to scrapie disease, as described in 9 CFR Part 79.

Federal regulations at 9 CFR Part 79 can be located on the USDA website at www.aphis.usda.gov/vs/nahps/scrapie/9cfr_79.pdf.

B

Definition of Scrapie

Scrapie is a degenerative and eventually fatal disease affecting the central nervous system of sheep and goats.

C

Approved Scrapie Programs

--According to 9 CFR Part 79, sheep and lamb operations that will move lambs interstate must have the ewe lambs identified with either of the following-- scrapie programs:

- Voluntary Scrapie Flock Certification Program
- Scrapie Eradication Program.

--Tagging and premise identification requirements will only apply to those ewe lambs that are moved interstate, and other State identification requirements may apply.--

D

Scrapie Compliance Exception

Scrapie identification tagging requirements for interstate shipments for the Scrapie Eradication Program become mandatory at the following intervals:

- September 20, 2001, all exposed and affected ewe lambs must be identified
- November 19, 2001, breeding ewes of any age must be identified before they change ownership and enter into interstate commerce
- February 19, 2002, owners of commercial whitefaced sheep must be in compliance with 9 CFR Part 79.

Eligible sheep and lamb operations that meet all other eligibility requirements, according to paragraph 33, do not have to be in compliance with 9 CFR Part 79 between August 1, 2001, and before the applicable compliance interval listed in this subparagraph.

***--Part 6 Compliance**

90 Overview

A

Introduction

There are approximately 66,800 sheep and lamb operations with 80 to 90 percent of the operations meeting the eligibility requirements. The estimated number of respondents for LMAAP is 60,000, for which a compliance check of 5 percent of the respondent universe, approximately 3,000 producers, will be conducted by FSA County Office personnel.

B

Purpose

The compliance checks will help ensure that the following are minimized:

- fraud
 - waste
 - abuse.--*
-

91 Spot Checks

A
When to Perform
Spot Checks

Implement procedures for spot checks beginning COB:

- October 13, 2000, for program Year 1
 - August 15, 2001, for program Year 2
 - August 15, 2002, for program Year 3
 - *--August 15, 2003, for program Year 4.--*
-

B
Spot Check
Procedures

County Offices shall use the following procedures to implement spot checks:

- select 1 out of every 20 sheep and lamb operations approved for LMAAP
 - inform each contact producer of the selected sheep and lamb operation, by telephone, that a spot check is being completed for the operation.
-

C
Completing
Verifications

Verifications of FSA-382's and FSA-383's selected for spot check must be:

- completed within 60 calendar days after each program years ending date
- documented on the application form, in the Remarks sections
- conveyed to the State Office, including the number of applications selected and the results of the verification.

If any of the criteria established for the spot check in paragraphs 91, 92, and 100, does not comply with the numbers and information disclosed on FSA-382 and FSA-383, the sheep and lamb operation may be determined ineligible for LMAAP.

Continued on the next page

***--91 Spot Checks (Continued)**

D

**State Office
Reports**

Within 5 workdays of receiving spot check information, the State Office shall:

- prepare a written report describing the results
 - FAX a copy of the report to PSD at 202-690-3307.
-

E

**Misrepresentation,
Scheme, or Device**

Any person who is determined by STC or COC to have committed any of the following violations, shall be ineligible to receive payments under LMAAP:

- adopted any scheme or device that tends to defeat the purpose of LMAAP
 - made any fraudulent representation
 - misrepresented any fact affecting a program determination.
-

F

**Maintaining
Records**

Sheep and lamb operations requesting payments under LMAAP, shall maintain records for 3 years after the date of the payment to document that eligibility requirements are met.--*

***--92 Year 1 Supporting Documentation**

A

Ram Payment Documentation

A sheep and lamb operation applying for a ram payment during Year 1 will have to provide during a spot check verification any of the following:

- canceled check
- invoice
- sales receipt
- farm records.

The ram payment documentation should contain the following:

- name of the sheep and lamb operation
- date of transaction
- number of rams purchased
- description of the animal.

County Office personnel shall review and compare FSA-382 with the supporting documentation to verify the:

- date of purchase was made during Year 1
 - number of rams purchased in Year 1 is correct
 - amount paid for each ram.
-

B

Identifying Rams

County Office personnel can identify the rams purchased by requesting documentation that adequately describes the animal they purchased with links such as:

- an ear tag
 - tattoo
 - other identification marks on the animal.--*
-

Continued on the next page

92 Year 1 Supporting Documentation (Continued)

C**Sheep
Improvement
Program
Documentation**

A sheep and lamb operation applying for a sheep improvement payment during Year 1 will have to provide proof of enrollment in an authorized program, such as dated:

- enrollment forms
- program certificates
- program results.

County Offices personnel shall review and compare FSA-382 with the supporting documentation to verify:

- the total number of sheep enrolled
 - that the sheep were enrolled during program Year 1.
-

D**Facility
Improvement
Documentation**

A sheep and lamb operation applying for a facility improvement payment during Year 1 must provide supporting documentation of the cost of the improvements made to the sheep and lamb facility, such as:

- billing invoices
- sales receipts
- construction contracts.

County Offices personnel shall perform on-site inspections and review and compare FSA-382 with the supporting documentation to verify:

- that improvements were made to the facility
- the amount of the facility improvement
- that the improvements are being used in the sheep and lamb operation.

Note: If the improvements have not been made at the first on-site visit, perform another on-site visit within the 60-calendar-day time period to see if the work has begun and is in the process of being completed. If construction has not begun within 60 calendar days after October 13, 2000, the producer will be determined to be ineligible, and the payment must be refunded.

***--93 Facility Improvement Verifications**

A

**Compliance With
Facility
Improvement
Deadline**

After the July 31, 2001, facility improvement deadline, County Offices shall:

- identify sheep and lamb operations from FSA-382's approved for a facility improvement payment
- perform an on-site inspection of those identified sheep and lamb operations to verify that the facility improvement has been completed
- determine action according to subparagraph 23 K
- document results on the reverse side of FSA-383, Remarks section
- complete facility improvement verifications by August 31, 2001
- convey to the State Office the number of facility improvement applications and the results of the verifications.

Note: Facility improvements determined to be complete from sheep and lamb operations previously selected for spot check according to paragraph 91 and subparagraph 92 D, are no longer subject to additional verification.

B

**State Office
Reports**

Within 5 workdays of receiving results from the facility improvement verifications, the State Office shall:

- prepare a written report describing the results
 - FAX a copy of the report to PSD at 202-690-3307.--*
-

94-99 (Reserved)

--100 Year 2, Year 3, and Year 4 Supporting Documentation--

A

Feeder Lamb Documentation

A sheep and lamb operation applying for a payment for feeder lambs must provide sales documents disclosing the following:

- date of the marketing period
- number of feeder lambs marketed.

County Offices shall review and compare FSA-383 with supporting documentation for any discrepancies and to verify the following:

- *--feeder lambs were marketed during program Year 2, Year 3, or Year 4
 - date of marketing period
 - the number of feeder lambs marketed during that period
 - feeder lambs were owned continuously from birth until time of marketing.--*
-

B

Identifying Feeder Lambs

County Offices can identify feeder lambs by requesting documentation that adequately describes the animal with links, such as:

- an ear tag
 - tattoo
 - other identification marks on the animal.
-

C

Slaughter Lamb Documentation

A sheep and lamb operation applying for a payment for slaughter lambs must provide documentation, such as sales tickets or check stubs, disclosing the following:

- the name of the slaughter facility
- the number of lambs slaughtered
- the date of slaughter.

County Offices shall review and compare FSA-383 with supporting documentation for any discrepancies and to verify the above information.

Continued on the next page

***--100 Year 2, Year 3, and Year 4 Supporting Documentation (Continued)**

D**Ewe Lamb
Documentation**

A sheep and lamb operation applying for a ewe lamb incentive payment during Year 3 or Year 4 must provide documentation, such as:

- sales receipts as proof of purchase and retention
- farm management records kept through normal production practices
- veterinarian certifications as proof of ewe lamb characteristics
- scrapie program forms as proof of compliance with 9 CFR Part 79, such as:
 - tag order forms for premise identification
 - tag receipts.

Note: Some operations will not have scrapie program documentation if the breeding stock of ewe lambs or mature ewe lambs will not be moved interstate.

The documentation provided must disclose the following:

- date of lamb purchase
- date of lamb birth
- date of lamb death, if applicable
- lamb identification and control information
- number of ewe lambs purchased
- identification with APHIS-approved scrapie program.

County Offices shall:

- perform on-site inspections to ensure that lambs purchased and retained are being maintained by the sheep and lamb operation
- review and compare FSA-383 with supporting documentation for any discrepancies
- verify the information in this subparagraph.--*

Definitions of Terms Used in This Handbook

Eligible Sheep and Lamb Operation

An eligible sheep and lamb operation is any person or group of persons:

- who as a single unit raise sheep and lamb
 - whose production facilities are located in the United States.
-

***--Ewe Lambs**

Ewe lambs are female lambs that:

- are no more than 18 months of age
 - have not produced an offspring.--*
-

Feeder Lambs

Feeder lambs are either ewes or wethers that are:

- under 1 year of age
 - intended to be further fed a grain concentrate diet to reach an acceptable *--slaughter market weight when sold for slaughter.--*
-

Muscling Confirmation Score of Average Choice

Muscling confirmation score of average choice is a grade assigned according to official USDA standards and procedures that a lamb carcass would receive for being moderately thick muscled throughout the carcass and tending to be moderately wide and thick in relation to its length. The lamb carcass:

- legs tend to be moderately wide and thick
 - shoulders tend to be moderately thick and full.
-

***--Scrapie**

Scrapie is a degenerative and eventually fatal disease affecting the central nervous system of sheep and goats.--*

Slaughter Lambs

Slaughter lambs are lambs that are sold for immediate slaughter.

USDA Choice, USDA Prime, and USDA Yield Grade 2

USDA Choice, USDA Prime, and USDA Yield Grade 2 are all the classifications designated for carcasses classified as lamb, under the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U.S.C. 1621-1627), Official United States Standards for Grades of Lamb, Yearling, Mutton, and Mutton Carcasses, promulgated by the Secretary of Agriculture, as amended and related authority in the annual appropriations acts for USDA.
