2 Action

A **Implementation Responsibilities**

EM loan applications will be received through August 2, 2004 for production losses. EM loans will be made under Farm Service Agency Handbook 3-FLP. For the purpose of establishing security values as set forth in Paragraph 171C of FSA Handbook 3-FLP, the day before the beginning of the incidence period of the disasters are December 31, 2002, May 18, 2003 and May 31, 2003.

Please take the notification and coordination actions as required by section 1945.21 of FmHA Instruction 1945-A. Among them is the requirement to ensure there is no duplication of FSA disaster benefits and actual loss Emergency loan benefits on the same losses. We therefore request that County Executive Directors and Farm Loan Managers or Farm Loan Officers serving the designated area personally meet to review the use of Form FmHA 1945-29, and to discuss the circumstances under which FSA disaster payments will be made payable jointly to the borrower and FSA.

We have a responsibility to ensure that there is no duplication of FCIC crop insurance or multi-peril crop insurance and FSA actual loss Emergency loan benefits for the same losses. Following the guidelines of Exhibit A of FmHA Instruction 2000-N, this will be accomplished by requiring Emergency loan applicants to sign an "Assignment of Indemnity" or Form FCI-20 or other acceptable form, authorizing the issuance of any loss claim settlement check on an insured crop to be made payable jointly to FSA and the policyholder. An exception would be when the amount of the loss claim or settlement on the insured crop is known and it is deducted from the amount of the FSA actual loss emergency loan.
