SIP FY2002 Technical Practice Codes and Rates

Approved by: Larry E. Frey, State Executive Director

1 Overview

A Purpose

To provide COFs with FY 2002 Stewardship Incentive Program technical practice codes, component codes and rates.

B Background

The Oregon Department of Forestry and State Office developed technical practice codes, component codes and rates for use under the Stewardship Incentive Program for FY 2002.

The rates have been increased to 75%.

The component codes have changed to allow the use of the 75% rate.

See Exhibit 1 of this notice for the FY 2002 technical practice codes, component codes and rates.

Disposal Date:
