NAIP Coverage 2002 - 2018

Unless otherwise noted, standard state coverages are full-coverage, three-band (natural-color) GeoTIFF quarter-quad tiles (QQ) and three-band MrSID compressed county mosaics (CCM).

Example:
- \( i \) = Three-Band Color-Infrared CCM
- \( P \) = Partial Coverage of state for this year
- \( J \) = JPEG 2000 four-band (natural-color/color-infrared) CCM
- \( F \) = Film available
- \( C \) = Three-Band Color-infrared GeoTIFF QQ & CCM
- \( 4 \) = Four-Band (Natural Color/Color Infrared) GeoTIFF QQ.

Check “All NAIP Format & Years” layer to view all years available.

To view layers individually click on the Layers icon in the left margin of the document. Uncheck (turn off eyeball symbol) each NAIP Coverage year except for the one that you want to view. This will ensure the accurate coverage is portrayed.
