

CLEAR30

Nationwide Sign-up: June 14 - August 6, 2021

Benefits

CLEAR30 is intended to help reduce erosion, sediment, and nutrient loading in your waterways and on your operations.

Additional benefits include improved water quality, wildlife habitat, and longer term conservation efforts.

Unique Features

- 30-Year Contract
- Rental Rate Enhancement
- Options for Maintenance Coverage
- Maintenance Payments

Eligibility

Must be currently enrolled in a Continuous CRP water quality practice and expiring September 30, 2021.

USDA Service Centers are open for business by phone appointment only. Call your FSA county office for more information.

Visit farmers.gov/coronavirus for the latest information on available services and the latest status of service centers.
