1	1,200	100.00%	1,000					

Disclaimer:
 This Estimated Calculated Payment Report is an estimate and is for informational purposes only. The Total Estimated Payment reflected on this Report takes into account several factors, including the producer's current and normal year number of truckloads and mileage per truckload of livestock feed transported, which may vary due to changes in program regulations, producer eligibility, and producer or member payment share.
 This report does not in any way obligate CCC to disburse the estimated payment amounts reflected and has no effect on a producer's determination of eligibility or payment calculation under ELAP.

Instructions

Name:	Enter Name
Total Producer's Mileage Above Normal	No Entry Required. Calculator will display the difference between Producer's Current Year Miles and Producer's Normal Year Miles.
Producer's Local Mileage Reduction	No Entry Required. Calculator will display the result of multiplying 25 mile local reduction per truckload, times the number of truckloads under 1,000 miles in excess of normal number of truckloads.
Eligible Mileage Above Normal	No Entry Required. Calculator will display the difference between Total Producer's Mileage Above Normal and Producer's Local Mileage Reduction.
National Mileage Rate	No Entry Required. Calculator will display the determined National Mileage Rate.
Socially Disadvantaged, Limited Resource, Beginning or Veteran Farmer or Rancher	Using the dropdown menu, select if you meet the definition of Socially Disadvantaged, Limited Resource, Beginning Farmer or Rancher, or Veteran Farmer or Rancher.
Program Factor	No Entry Required. If a selection was made for the Socially Disadvantaged, Limited Resource, Beginning or Veteran Farmer or Rancher 90% will display. If none is selected then 60% will display.
Total Estimated Payment	No Entry Required. The total estimated payment will display the result of Eligible Mileage Above Normal multiplied by the National Mileage Rate, multiplied by the Program Factor.
SDA/LR/Beginning or Veteran Farmer Or Rancher Definitions	Definitions will display for the entry in Socially Disadvantaged, Limited Resource, Beginning Farmer or Rancher, or Veteran Farmer or Rancher.

How much feed did you transport this year?

Number of Truckloads This Year	Enter the number of truckloads of livestock feed you hauled this year.
Mileage per Truckload This Year	Enter the miles per truckload you hauled of livestock feed this year for the applicable truckloads.
Share of Feed Cost This Year	Enter your share of the feed transportation cost for the truckloads.
Producer's Current Miles	No Entry Required. Calculator will display the number of truckloads multiplied by the mileage per truckload multiplied by the share. If the mileage per truckload exceeds 1000, 1000 times the number of truckloads will display. If the mileage per truckload is 25 miles or less a 0 will display.

How much do you normally haul?

Normal Number of Truckloads	Enter the number of truckloads of livestock feed you normally haul.
Normal Mileage per Truckload	Enter the miles per truckload you normally haul of livestock feed for the applicable truckloads.
Share of Normal Feed Cost	Enter your share of the feed transportation cost for the truckloads.
Producer's Normal Miles	No Entry Required. Calculator will display the number of truckloads multiplied by the mileage per truckload multiplied by the share. If the mileage per truckload exceeds 1000, 1000 times the number of truckloads will display. If the mileage per truckload is 25 miles or less a 0 will display.
Comments	General Comments such as missing shares, mileage, or if an entry was reduced will display.
