

### Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP) - Farm-Raised Fish Assistance

---

#### OVERVIEW

The 2014 Farm Bill authorized up to \$20 million in a fiscal year for the Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP). ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish. It covers losses due to an eligible adverse weather or loss condition, including blizzards and wildfires, as determined by the Secretary. ELAP covers losses that are not covered under other disaster assistance programs authorized by the 2014 Farm Bill, such as the Livestock Forage Disaster Program (LFP) and the Livestock Indemnity Program (LIP).

Recipients of ELAP payments may receive a reduced payment should the total annual national demand for ELAP exceeds \$20 million in a fiscal year.

ELAP is administered by the Farm Service Agency (FSA) of the U.S. Department of Agriculture (USDA).

The average adjusted gross income (AGI) limitation relating to limits on payments for persons or legal entities, excluding joint ventures and general partnerships, with certain levels of average AGI will apply. Specifically, a person or legal entity with an average AGI, as defined in 7 CFR Part 1400, that exceeds \$900,000 will not be eligible to receive ELAP payments.

### FISH LOSS PAYMENTS

Payments are based on the state's average fair market value for the type of bait or game fish lost as established by FSA. ELAP payments for bait and game fish death losses will be based on a minimum of 75 percent of the result of multiplying:

- The number of bait or game fish lost in excess of normal mortality rates due to an eligible adverse weather or loss condition, times;
- The state's average fair market value for the type of bait or game fish as established by FSA.

Direct attribution provisions also apply to ELAP. Under direct attribution, any payment to a legal entity will also be considered (for payment limitation purposes) to be a payment to persons or legal entities with an interest in the legal entity or in a sub-entity.

### APPLYING FOR ASSISTANCE

Producers can apply to receive ELAP assistance at local FSA service centers. For 2016 (loss occurring on or after Oct. 1, 2015, through Sept. 30, 2016) and subsequent program year losses, the application period will end no later than Nov. 1 after the end of the program year in which the farm-raised fish loss occurred.

### FEED LOSS PAYMENTS

Payments are based on a minimum of 60 percent of the actual cost of purchased or harvested feed intended for eligible fish and was damaged because of an eligible adverse weather or loss condition in the program year in which the loss occurred.

In addition to submitting an application for payment, producers who suffered farm-raised fish losses must submit a notice of loss to the local FSA office that maintains the farm records for their business.
