Payments

Annual rental payments will be made at 50 percent of the county average rental rate for the applicable county; the rate for beginning, limited resource, socially disadvantaged, and veteran farmers and ranchers will be 75 percent. Cost-share is only available to beginning, limited resource, socially disadvantaged, and veteran farmers and ranchers for practice establishment.

Land may be hayed or grazed outside the primary nesting season with no reduction, provided adequate stubble height of the cover is maintained to protect the soil as specified in the conservation plan.

In exchange for a 25 percent reduction to the annual rental payment, and not being eligible to be insured or reinsured under the Federal Crop Insurance Act, the land may also be harvested for seed outside the primary nesting season as specified in the conservation plan.
