Fruit Salad en Español
Match the English word with the Spanish word for these popular summer fruits. We got your started.
apple uva
peach pera
grape melocotón
orange manzana
strawberry fresa
banana plátano
lemon anaranjado

Grow your own sweet potato plant
Wash sweet potato thoroughly. Insert toothpicks into the sides about 1/3 of the way down. Place the sweet potato into the jar. Fill the jar with water. In about 15 days the sweet potato will begin to bud, and for the next 3 to 6 months vines will grow from the sweet potato.
Remember: Always keep the jar filled with water. Keep the sweet potato plant in full to moderate sunlight. Keep the sweet potato plant at a room temperature.

Guess What's In The Lunch Bag
This sandwich was first introduced at the St. Louis World's Fair in 1904. It is made from ground up legumes. It comes in two varieties, creamy and chunky. Georgia grows more of these legumes than any other state. The average American child will eat 1,500 of these by the time she or he graduates from high school. What is it? A Friendly Letter Around 350 Slides of pizza per second.

Food Fact: There are over 15,000 varieties of rice.
