USDA Partners with Texas A&M to Help Veterans Seeking Agriculture Loans and Careers

USDA announced a partnership between the U.S. Department of Agriculture (USDA) and Texas A&M’s AgriLife Extension Service to help military veterans obtain loans and pursue careers as farmers and ranchers. Secretary Perdue joined local dignitaries, members of the Armed Forces, veterans, and community leaders at the Dallas Farmers Market to unveil the new pilot program.

USDA’s Farm Service Agency (FSA) is collaborating with AgriLife Extension Service on the pilot, which is part of the Texas A&M Battleground to Breaking Ground project. The program makes it easier for veterans to meet federal requirements to get FSA direct farm ownership loans, which can help provide access to land and capital.

The pilot program, which will include 15 to 18 veterans, will roll out in three phases: an introductory workshop, a business planning curriculum, and a production curriculum over a period of 12 to 18 months.
Typically, loan applicants must participate in the business operations of a farm for at least three years during a 10-year period. However, as part of this pilot program, participants can combine the certificate they receive with their military leadership or management experience to satisfy this requirement. According to the U.S. Department of Labor, approximately 45 percent of armed service members are from rural America.

Pilot program applications will be accepted from interested veterans between June 15 and July 20, 2018, until 11 p.m. central standard time, apply here. For more information about USDA programs, visit newfarmers.usda.gov/veterans or https://www.farmers.gov.

USDA Resumes Continuous Conservation Reserve Program Enrollment

One-Year Extension Available to Holders of Many Expiring Contracts through Continuous Signup

As part of a 33-year effort to protect sensitive lands and improve water quality and wildlife habitat on private lands, the U.S. Department of Agriculture (USDA) will resume accepting applications for the voluntary Conservation Reserve Program (CRP). Eligible farmers, ranchers, and private landowners can sign up at their local Farm Service Agency (FSA) office between June 4 and Aug. 17, 2018.

FSA stopped accepting applications last fall for the CRP continuous signup (excluding applications for the Conservation Reserve Enhancement Program (CREP) and CRP grasslands). This pause allowed USDA to review available acres and avoid exceeding the 24 million-acre CRP cap set by the 2014 Farm Bill. New limited practice availability and short sign up period helps ensure that landowners with the most sensitive acreage will enroll in the program and avoid unintended competition with new and beginning farmers seeking leases. CRP enrollment currently is about 22.7 million acres.

FSA Releases Signup Information for Tree Assistance Program

USDA’s Farm Service Agency recently released signup information for the Tree Assistance Program, a nationwide program that provides orchardists and nursery tree growers with cost share assistance to replant eligible trees, bushes, and vines following a natural disaster.

The Bipartisan Budget Act of 2018 prescribed several changes to the program, including the removal of the $125,000 per person and legal entity payment limitation. The notice outlined when
producers should file applications for any recent losses, given the changes to the program.

Eligible producers should file for TAP assistance by the later of these two dates:

- 90 days of the disaster or when damages from the disaster are noticed; or
- 60 days after the regulation is published on the Federal Register later this summer.

The following producers can file applications:

- Producers who did not previously apply for TAP for 2017 or 2018 losses; and
- Producers who had applied and received an adverse determination that their 2017 or 2018 TAP application was filed late.

Additionally, producers with 2017 losses can also file an application or revise an original application because of the changes made through the Act.

For more information on TAP, producers should contact their local USDA service center.

**USDA Reopens Application Period for Producers Recovering from Cattle Loss, Other Disasters**

*Signup Begins June 4 for Livestock Indemnity Program and Emergency Assistance for Livestock, Honey Bees, and Farm-raised Fish*

The U.S. Department of Agriculture (USDA) will begin accepting disaster assistance program applications on June 4 from agricultural producers who suffered livestock, honeybees, farm-raised fish and other losses due to natural disasters.

USDA’s Farm Service Agency (FSA) is reopening the application period for two disaster assistance programs in response to statutory changes made by Congress earlier this year.

Beginning June 4, FSA will accept new applications for losses for calendar year 2017 or 2018 filed under the Livestock Indemnity Program (LIP) or Emergency Assistance for Livestock, Honey Bees, and Farm-raised Fish Program (ELAP). Producers who already submitted applications and received decisions on their applications for these years do not need to file again, but they can reapply if they have additional losses or their application was disapproved because it was filed late.

In February, Congress passed the Bipartisan Budget Act of 2018, which made several changes to these two disaster programs, including:

- Removing ELAP’s $20 million fiscal year funding cap, enabling FSA to pay producers’ 2017 applications in full and their 2018 applications as soon as they are approved.
- Removing the per-person and legal entity annual program payment limitation of $125,000 for LIP for 2017 and future years. (The income limitation applies as it did before, meaning producers with an adjusted gross income of more than $900,000 are not eligible.)
- Changing LIP to allow producers to receive a payment for injured livestock that are sold for a reduced price due to an eligible event. Previously, the program only covered financial loss for livestock death above normal mortality.

Producers interested in LIP or ELAP should contact their local USDA service center. To apply, producers will need to provide verifiable and reliable production records and other information about their operation.

Drought, wildfires and other disasters continue to impact farmers and ranchers, and LIP and ELAP are two of many programs available through USDA to help producers recover. Learn more at https://www.usda.gov/disaster.
Secretary Perdue Names FSA Administrator

U.S. Secretary of Agriculture Sonny Perdue announced today the appointment of Richard Fordyce to serve as Administrator of the U.S. Department of Agriculture’s (USDA) Farm Service Agency (FSA). In his role, Fordyce will provide leadership for FSA and its mission to support agricultural production across America through a network of over 2,100 county and 50 state offices.

Richard Fordyce, a fourth-generation farmer, most recently served as State Executive Director for FSA in Missouri. Prior to his appointment by the Trump Administration, Fordyce served as the director of the Missouri Department of Agriculture from 2013 to 2017. In 2015, Fordyce was awarded the Missouri Farm Bureau Distinguished Service Award and the Agricultural Leaders of Tomorrow Alumnus of the Year. He and his wife, Renee, have two children and grow soybeans, corn and beef cattle on the family farm.

For more information about the Farm Service Agency, please visit www.fsa.usda.gov.

FSA Offers Safety Net Programs for Honeybee Producers

The Farm Service Agency (FSA) administers two programs that have specific safety net benefits for producers of honeybees and honey. The Noninsured Crop Disaster Assistance Program (NAP) and the Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP) assist producers when disasters impact honey production or damage or destroy colonies, hives or honeybee feed.

NAP is designed to reduce financial losses when natural disasters result in lower yields or crop losses, including honey. NAP coverage is equivalent to catastrophic insurance, meaning it covers up to 50 percent of a producer’s normal yield (must have at least a 50 percent loss) at 55 percent of the average market price. The NAP service fee is the lesser of $250 per crop or $750 per producer per administrative county, not to exceed a total of $1,875 for a producer with farming interests in multiple counties. Eligible causes of loss include drought, freeze, hail, excessive moisture, excessive wind, hurricanes, earthquake, flood, and conditions related to damaging weather such as excessive heat, plant disease, volcanic smog or insect infestation.

Producers must apply for NAP coverage by Dec. 1 prior to the year for which they are seeking coverage.

ELAP covers colony losses, hive losses and the loss of purchased feed intended for honeybees. For colony losses, producers must have losses in excess of normal mortality (normal mortality is 22 percent) as a direct result of an eligible adverse weather event or loss condition. For hive losses, the hive must have been damaged or destroyed as a result of an eligible adverse weather event or loss condition. Eligible adverse weather or loss conditions include Colony Collapse Disorder (for colony losses only), earthquake, eligible winter storm (colony loss only), excessive wind, flood, hurricane, lighting, tornado, volcanic eruption and wildfire. For purchased feed, the program covers feed purchased above normal quantities to sustain bees during an eligible adverse weather event or loss condition. Under ELAP the producer must provide documentation that best management practices are being followed.

Both the NAP and ELAP programs require producers to report the number of colonies they have in production to FSA by Jan. 2, 2018. Honeybee producers must notify FSA within 30 calendar days of changes in the total number of colonies or when honeybees are moved to another county.

For ELAP, producers must notify FSA within 30 calendar days of when a loss occurs or from when the loss is apparent. Producers with NAP coverage must file a Notice of Loss within 15 days of the occurrence of the disaster or when losses become apparent.

To learn more about programs for honey and honeybee producers, contact your local FSA office.
Youth Loans

The Farm Service Agency makes loans to youth to establish and operate agricultural income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is $5000.

Youth Loan Eligibility Requirements:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Comply with FSA’s general eligibility requirements
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the youth loan applicant, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.

Beginning Farmer Loans

FSA assists beginning farmers to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- Has operated a farm for not more than 10 years
- Will materially and substantially participate in the operation of the farm
- Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- Does not own a farm in excess of 30 percent of the county’s average size farm. Additional program information, loan applications, and other materials are available at your local USDA Service Center. You may also visit www.fsa.usda.gov.

Civil Rights/Discrimination Complaint Process

As a participant or applicant for programs or activities operated or sponsored by USDA you have a right to be treated fairly. If you believe you have been discriminated against because of your race, color, national origin, gender, age, religion, disability, or marital or familial status, you may file a discrimination complaint. The complaint should be filed with the USDA Office of Civil Rights within 180 days of the date you became aware of the alleged discrimination. To file a complaint of discrimination write USDA, Director, Office of Civil Rights, Room 326W, Whitten Building, 14th and Independence Avenue, SW, Washington DC 20250-9410 or call 202-720-5964 (voice or TDD), USDA is an equal opportunity provider, employer and lender. A complaint must be filed within 180 calendar days from the date the complainant knew, or should have known, of the alleged discrimination.
Florida Organic Growers (FOG) Organic Certification Cost Share Program

Florida Organic Growers (FOG), in cooperation with Florida Department of Agriculture and Consumer Services, is pleased to announce the 2017-2018 Organic Certification Cost Share Program. Certified organic operators in Florida can now apply for reimbursement of up to 75 percent of certification costs from October 1, 2017 to September 30, 2018, for a maximum of $750 per scope of certification. The deadline to apply is October 31st.

Attached you will find the Cost Share application for Florida residents. Please visit the FOG Cost Share webpage to learn more about the program, and how you can apply:

http://www.foginfo.org/our-programs/cost-share/

If you have any questions regarding the program, please call Rylee Daddio at 352-231-7116

Dates to Remember

July 4 - Federal Holiday Observed. Offices Closed.

USDA is an equal opportunity provider, employer and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
