### Georgia State Farm Service Agency

355 Hancock Avenue  
Athens, GA 30601

Phone: 706-546-2266  
Fax: 855-409-5735

[www.fsa.usda.gov/ga](http://www.fsa.usda.gov/ga)

**State Executive Director:**  
Tas Smith

**State Committee:**  
Kevin Cobb  
L.G. (Bo) Herndon, Jr.

### USDA Enrollment Period for Safety Net Coverage in 2018

Farmers and ranchers with base acres in the Agriculture Risk Coverage (ARC) or Price Loss Coverage (PLC) safety net program still have time to enroll for the 2018 crop year. The enrollment period for farms without generic base acres will end on Sept. 28, 2018. Producers with generic base acres have until Dec. 7, 2018, to allocate generic base acres, update yields, make a program election for seed cotton base acres and enroll farms that formerly contained generic base acres.

**Since shares and ownership of a farm can change year-to-year, producers must enroll by signing a contract each program year.**

Meredith McNair Rogers  
Donnie Smith

**Administrative Officer:**  
Dianne R. Westmoreland

**Farm Loan Chief:**  
Robert Tyson

**Farm Programs Chief:**  
Brett Martin

**Public Affairs/Outreach**  
Neal Leonard

To find contact information for  
your local office go to  
[www.fsa.usda.gov/ga](http://www.fsa.usda.gov/ga)

The producers on a farm that are not enrolled for the 2018 enrollment period will not be eligible for financial assistance from the ARC or PLC programs for the 2018 crop should crop prices or farm revenues fall below the historical price or revenue benchmarks established by the program. Producers who made their elections in previous years must still enroll during the 2018 enrollment period.

The ARC and PLC programs were authorized by the 2014 Farm Bill and offer a safety net to agricultural producers when there is a substantial drop in prices or revenues for covered commodities. Covered commodities include barley, canola, large and small chickpeas, corn, crambe, flaxseed, grain sorghum, lentils, mustard seed, oats, peanuts, dry peas, rapeseed, long grain rice, medium grain rice (which includes short grain and sweet rice), safflower seed, sesame, soybeans, sunflower seed, wheat and upland cotton. For more details regarding these programs, go to [www.fsa.usda.gov/arc-plc](http://www.fsa.usda.gov/arc-plc).

For more information, producers are encouraged to visit their local FSA office. To find a local FSA office, visit <https://www.farmers.gov/>.

---

## Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) Educational Tool Available for Farms with Generic Base Acres that Planted Seed Cotton

Farm Service Agency (FSA) is notifying farmers with generic base acres that planted seed cotton that a new tool is available to assist them in understanding how the new seed cotton program may affect their FSA payments. It helps a producer make decisions on how to allocate generic base acres to other covered crops based on a producer's planting history.

The educational tool can be viewed at <https://www.afpc.tamu.edu/tools/cotton-base>.

Developed by Texas A&M University, the tool is for educational purposes only, and by using the tool, it is agreed that the results are not a guarantee of future FSA program parameters or payments. Users also acknowledge that this tool is provided with absolutely no warranty, without even the implied warranty of fitness for a particular purpose.

The Bipartisan Budget Act of 2018 included [seed cotton as a covered commodity](#) under the Agriculture Risk Coverage (**ARC**) and Price Loss Coverage (**PLC**) program effective for the 2018 crop year. The Act also authorizes owners of a farm with generic base acres and a recent history of covered commodities a one-time opportunity to update the farm's payment yield for seed cotton.

Complete details of this decision are available by reading the [Notice](#) ([https://www.fsa.usda.gov/Internet/FSA\\_Notice/arcplc50.pdf](https://www.fsa.usda.gov/Internet/FSA_Notice/arcplc50.pdf))

Or by contacting your State or County FSA Office <http://offices.usda.gov>.

---

## USDA Launches Trade Mitigation Programs

USDA launched the trade mitigation package aimed at assisting farmers suffering from damage due to unjustified trade retaliation by foreign nations. Producers of certain commodities can now sign up for the Market Facilitation Program (MFP).

USDA [provided details in August](#) of the programs to be employed. USDA's Farm Service Agency (FSA) will administer the Market Facilitation Program (MFP) to provide payments to corn, cotton, dairy, hog, sorghum, soybean, and wheat producers. An announcement about further payments will be made in the coming months, if warranted. USDA is currently working to determine how to address market disruptions for producers of almonds and sweet cherries.

The sign-up period for MFP is now open and runs through Jan. 15, 2019, with information and instructions provided at [www.farmers.gov/mfp](http://www.farmers.gov/mfp). MFP provides payments to cotton, corn, dairy, hog, sorghum, soybean, and wheat producers who have been significantly impacted by actions of foreign governments resulting in the loss of traditional exports. Eligible producers should apply after harvest is complete, as payments will only be issued once production is reported.

A payment will be issued on 50 percent of the producer's total production, multiplied by the MFP rate for a specific commodity. A second payment period, if warranted, will be determined by the USDA.

### Market Facilitation Program

Commodity	Initial Payment Rate	Est. Initial Payment** (in \$1,000s)
Cotton	\$0.06/lb.	\$276,900
Corn	\$0.01/bu.	\$96,000
Dairy (milk)	\$0.12/cwt.	\$127,400
Pork (hogs)	\$8.00/head	\$290,300
Soybeans	\$1.65/bu.	\$3,629,700
Sorghum	\$0.86/bu.	\$156,800
Wheat	\$0.14/bu.	\$119,200
<b>Total</b>		<b>\$4,696,300</b>

\*\*Initial payment rate on 50% of production

MFP payments are limited to a combined \$125,000 for corn, cotton, sorghum, soybeans, and wheat capped per person or legal entity. MFP payments are also limited to a combined \$125,000 for dairy and hog producers. Applicants must also have an average adjusted gross income for tax years 2014, 2015, and 2016 of less than \$900,000. Applicants must also comply with the provisions of the Highly Erodible Land and Wetland Conservation regulations.

For more further information or to locate and contact local FSA offices, interested producers can visit [www.farmers.gov](http://www.farmers.gov).

## Nearly \$2 Billion Now Available for Eligible Producers Affected by 2017 Hurricanes and Wildfires

Agricultural producers affected by hurricanes and wildfires in 2017 now may apply for assistance to help recover and rebuild their farming operations. Signup begins July 16, 2018, and continues through Nov. 16, 2018.

Hurricanes and wildfires caused billions of dollars in losses to America's farmers last year. Our objective is to get relief funds into the hands of eligible producers as quickly as possible. We are making immediate, initial payments of up to 50 percent of the calculated assistance so producers can pay their bills.

Additional payments will be issued, if funds remain available, later in the year.

The program, known as the 2017 Wildfires and Hurricanes Indemnity Program (2017 WHIP) was authorized by Congress earlier this year by the Bipartisan Budget Act of 2018.

Eligible crops, trees, bushes, or vines, located in a county declared in a Presidential Emergency Disaster Declaration or Secretarial Disaster Designation as a primary county are eligible for assistance if the producer suffered a loss as a result of a 2017 hurricane. Also, losses located in a county not designated as a primary county may be eligible if the producer provides documentation showing that the loss was due to a hurricane or wildfire in 2017. A list of counties that received qualifying hurricane declarations and designations is available at <https://www.fsa.usda.gov/programs-and-services/disaster-assistance-program/wildfires-and-hurricanes-indemnity-program/index>. Eligibility is determined by Farm Service Agency (FSA) county committees.

Agricultural production losses due to conditions caused by last year's wildfires and hurricanes, including excessive rain, high winds, flooding, mudslides, fire, and heavy smoke, could qualify for assistance through the program. Typically, 2017 WHIP is only designed to provide assistance for production losses, however, if quality was taken into consideration under the insurance or Noninsured Crop Disaster Assistance Program (NAP) policy, where production was further adjusted, the adjusted production will be used in calculating assistance under this program.

Eligible crops include those for which federal crop insurance or NAP coverage is available, excluding crops intended for grazing. A list of crops covered by crop insurance is available through the U.S. Department of Agriculture's (USDA) Actuarial Information Browser at

<https://webapp.rma.usda.gov/apps/actuarialinformationbrowser>.

Eligibility will be determined for each producer based on the size of the loss and the level of insurance coverage elected by the producer. A WHIP factor will be determined for each crop based on the producer's coverage level. Producers who elected higher coverage levels will receive a higher WHIP factor.

The 2017 WHIP payment factor ranges from 65 percent to 95 percent, depending upon the level of crop insurance coverage or NAP coverage that a producer obtained for the crop. Producers who did not insure their crops in 2017 will receive 65 percent of the expected value of the crop. Insured producers will receive between 70 percent and 95 percent of expected value; those who purchased the highest levels of coverage will receive 95-percent coverage.

Each eligible producer requesting 2017 WHIP benefits will be subject to a payment limitation of either \$125,000 or \$900,000, depending upon their average adjusted gross income, which will be verified. The payment limit is \$125,000 if less than 75 percent of the person or legal entity's average

adjusted gross income is average adjusted gross farm income. The payment limit is \$900,000, if 75 percent or more of the average adjusted gross income of the person or legal entity is average adjusted gross farm income.

Both insured and uninsured producers are eligible to apply for 2017 WHIP. However, all producers receiving 2017 WHIP payments will be required to purchase crop insurance and/or NAP, at the 60 percent coverage level or higher, for the next two available crop years to meet statutory requirements. Producers who fail to purchase crop insurance for the next two applicable years will be required to pay back the 2017 WHIP payment.

To help expedite payments, a producer who does not have records established at the [local USDA service center](#) are encouraged to do so early in the process. To establish a record for a farm, a producer needs:

- Proof of identity: driver's license and Social Security number/card;
- Copy of recorder deed, survey plat, rental, or lease agreement of the land. A producer does not have to own property to participate in FSA programs;
- Corporation, estate, or trust documents, if applicable

Once signup begins, a producer will be asked to provide verifiable and reliable production records. If a producer is unable to provide production records, USDA will calculate the yield based on the county average yield. A producer with this information on file does not need to provide the information again.

For more information on FSA disaster assistance programs, please contact your local USDA service center or visit <https://www.farmers.gov/recover/whip>.

---

## USDA Assistance is Available to Georgia Pecan Growers Affected by 2017 Weather Events

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) announced that assistance is available for pecan growers in Georgia to replant and replace trees through the Tree Assistance Program (TAP) as they recover from the impacts of 2017 weather events.

Funding will be provided through TAP, a program administered by FSA. Up to \$15 million is available to eligible pecan orchardists or pecan nursery tree growers for certain mortality losses incurred during 2017. To be eligible, the grower must have suffered a mortality loss on a stand in excess of 7.5 percent, but less than 15 percent, adjusted for normal mortality.

The assistance was made to eligible pecan orchardists and pecan nursery tree growers by Congress through the Consolidated Appropriations Act of 2018. To qualify for a TAP payment for pecan tree losses, orchardists and nursery tree growers must have:

- planted, or be considered to have planted (by purchase before the loss of existing stock planted for commercial purposes) pecan trees for commercial purposes, or have a production history, for commercial purposes, of planted or existing trees;
- suffered a qualifying pecan tree loss in excess of 7.5 percent mortality (after adjustment for normal mortality), from Jan. 1, 2017, through Dec. 31, 2017; and
- continuously owned the stand from the time of the disaster until the time that the TAP application is submitted.

For more information about TAP, visit [www.fsa.usda.gov/tap](http://www.fsa.usda.gov/tap) or contact your local FSA office. To find your local FSA office, visit [www.farmers.gov](http://www.farmers.gov).

---

## 2018 Acreage Reporting Dates

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the local County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Georgia:

September 15, 2018	Sweet Corn (Planted 7/15-8/25)
October 15, 2018	Cabbage (Planted 7/16-9/30)
Nov. 15, 2018	grass certification (2019 crop year)

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.
- If a perennial forage crop is reported with the intended use of “cover only,” “green manure,” “left standing,” or “seed,” then the acreage must be reported by July 15th. Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins. For questions regarding crop certification and crop loss reports, please contact the local County FSA Office.

---

## Organic Certification Cost Share Program

The Organic Certification Cost Share Program (OCCSP) provides cost share assistance to producers and handlers of agricultural products who are obtaining or renewing their certification under the National Organic Program (NOP). Certified operations may receive up to 75 percent of their certification costs paid from Oct. 1, 2017, through Sept. 30, 2018, not to exceed \$750 per certification scope.

Eligible costs include application fees, inspection costs, fees related to equivalency agreement/arrangement requirements, travel/per diem for inspectors, user fees, sales assessments and postage.

Ineligible costs include equipment, materials, supplies, transitional certification fees, late fees and inspections necessary to address National Organic Program regulatory violations.

Producers and handlers may submit OCCSP applications to FSA County Offices or they may apply through participating State Agencies, which will be listed at <https://www.fsa.usda.gov/programs-and-services/occsp/index> as their agreements to administer the program are finalized.

The FSA OCCSP application form is available at [USDA's eForms site](#), by selecting "Browse forms" and entering "OCCSP" in the "title or keywords" field on the search page.

To learn more about organic certification cost share, visit [www.fsa.usda.gov/organic](http://www.fsa.usda.gov/organic) or contact a local FSA office by visiting <http://offices.usda.gov>.

---

## FSAfarm+, FSA's Customer Self-Service Portal

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) has launched a new tool to provide farmers and ranchers with remote access to their personal farm information using their home computers. Farmers and ranchers can now view, print or export their personal farm data all without visiting an FSA County Office.

The program, known as **FSAfarm+**, provides you with secure access to view your personal FSA data, such as base and yields, Conservation Reserve Program data, other conservation program acreage, Highly Erodible Land Conservation and Wetland Conservation status information, field boundaries, farm imagery, name and address details, contact information and membership interest and shares in the operation. This data will be available in real time, at no cost to the producer and allow operators and owners to export and print farm records, including maps. Producers also can electronically share their data with a crop insurance agent from their own personal computer.

Farm operators and owners first will need "Level 2 eAuthentication" to access the webportal. This level of security ensures that personal information is protected for each user. Level 2 access can be obtained by going to [www.eauth.usda.gov](http://www.eauth.usda.gov), completing the required information and then visiting your local FSA office to finalize access.

For more information on **FSAfarm+**, the customer self-service portal, contact your local FSA office. To find your local FSA County Office, click <http://offices.usda.gov>.

---

## Preauthorized Debit Available for Farm Loan Borrowers

USDA Farm Service Agency (FSA) has implemented preauthorized debit (PAD) for Farm Loan Program (FLP) borrowers. PAD is a voluntary and alternative method for making weekly, bi-weekly, monthly, quarterly, semi-annual or annual payments on loans.

PAD payments are preauthorized transactions that allow the National Financial and Accounting Operations Center (NFAOC) to electronically collect loan payments from a customer's account at a financial institution.

PAD may be useful for borrowers who use nonfarm income from regular wages or salary to make payments on loans or adjustment offers or for payments from seasonal produce stands. PAD can only be established for future payments.

To request PAD, customers, along with their financial institution, must fill out form RD 3550-28. This form has no expiration date, but a separate form RD 3550-28 must be completed for each loan to which payments are to be applied. A fillable form can be accessed on the USDA Rural Development (RD) website at <http://www.rd.usda.gov/publications/regulations-guidelines>. Click forms and search for "Form 3550-28."

If you have a “filter” on the account at your financial institution, you will need to provide the financial institution with the following information: Origination ID: 1220040804, Agency Name: USDA RD DCFO.

PAD is offered by FSA at no cost. Check with your financial institution to discuss any potential cost. Preauthorized debit has no expiration date, but you can cancel at any time by submitting a written request to your local FSA office. If a preauthorized debit agreement receives three payment rejections within a three month period, the preauthorized debt agreement will be cancelled by FSA. The payment amount and due date of your loan is not affected by a cancellation of preauthorized debit. You are responsible to ensure your full payment is made by the due date.

For more information about PAD, contact your local FSA office. To find a local FSA office, visit <http://offices.usda.gov>.

---

## FSA Offers Joint Financing Option on Direct Farm Ownership Loans

The USDA Farm Service Agency’s (FSA) [Direct Farm Ownership loans](#) are a resource to help farmers and ranchers become owner-operators of family farms, improve and expand current operations, increase agricultural productivity, and assist with land tenure to save farmland for future generations.

Depending on the applicant’s needs, there are three types of Direct Farm Ownership Loans: regular, down payment and joint financing. FSA also offers a [Direct Farm Ownership Microloan](#) option for smaller financial needs up to \$50,000.

Joint financing allows FSA to provide more farmers and ranchers with access to capital. FSA lends up to 50 percent of the total amount financed. A commercial lender, a State program or the seller of the property being purchased, provides the balance of loan funds, with or without an FSA guarantee. The maximum loan amount for a Joint Financing loan is \$300,000 and the repayment period for the loan is up to 40 years.

To be eligible, the operation must be an eligible farm enterprise. Farm Ownership loan funds cannot be used to finance nonfarm enterprises and all applicants must be able to meet general eligibility requirements. Loan applicants are also required to have participated in the business operations of a farm or ranch for at least three years out of the 10 years prior to the date the application is submitted. The applicant must show documentation that their participation in the business operation of the farm or ranch was not solely as a laborer.

For more information about FSA Loan programs, contact your local FSA office or visit [www.fsa.usda.gov](http://www.fsa.usda.gov). To find your local FSA office, visit <http://offices.usda.gov>.

## Nondiscrimination Statement

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual’s income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA’s TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W.,

Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider, employer and lender.

---

USDA is an equal opportunity provider, employer and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
