## SEDs Comments

I recently traveled throughout the Pacific region with my Farm Program Chief to brief producers on the assistance available for losses suffered from major disasters in 2018 under the program called WHIP+ (Wildfire and Hurricane Indemnity Program Plus). If producers were unable to attend these briefing, information on WHIP+ can be obtained by visiting [www.farmers.gov/recover/whip-plus](http://www.farmers.gov/recover/whip-plus) or by visiting their local FSA Customer Service Center. The enrollment period began on September 11, 2019 and continues to remain open, so it is not too late to benefit from this very important disaster assistance program.

Our wonderful team of dedicated professionals at FSA look forward to seeing you the next time you visit your local FSA Customer Service Center.

AL Frenzel, State Executive Director  
USDA Farm Service Agency Hawaii & Pacific Basin

### Upcoming County Committee Meetings:

Hawaii County Committee  
January 10, 2020 at 8:30 am

Honolulu County Committee  
October 18, 2019 at 3:00 pm

Maui County Committee  
October 17, 2019 at 8:30 am

Kauai County Committee  
October 16, 2019 at 9:00 am

Guam County Committee  
December 12, 2019 at 9:00 am

CNMI County Committee  
December 12, 2019 at 11:00 am

Contact the County Office to confirm meeting date and time, as budget constraints may limit the County Committee's ability to meet each month.

## USDA Offers Disaster Assistance for Hawaii Farmers Hurt by 2018, 2019 Disasters

Agricultural producers affected by natural disasters in 2018 and 2019 can apply through the Wildfire and Hurricane Indemnity Program Plus (WHIP+). Sign-up for this U.S. Department of Agriculture (USDA) program began Sept. 11.

### WHIP+ Eligibility

WHIP+ will be available for eligible producers who have suffered eligible losses of certain crops, trees, bushes or vines in counties with a Presidential Emergency Disaster Declaration or a Secretarial Disaster Designation (primary counties only). Disaster losses must have been a result of hurricanes, floods, tornadoes, typhoons, volcanic activity, snowstorms or wildfires that occurred in 2018 or 2019. Also, producers in counties that did not receive a disaster declaration or designation may still apply for WHIP+ but must provide supporting documentation to establish that the crops were directly affected by a qualifying disaster loss.

A list of counties that received qualifying disaster declarations and designations is available at [farmers.gov/recover/whip-plus](https://farmers.gov/recover/whip-plus). Because grazing and livestock losses, other than milk losses, are covered by other disaster recovery programs offered through FSA, those losses are not eligible for WHIP+.

Eligible crops include those for which federal crop insurance or Noninsured Crop Disaster Assistance Program (NAP) coverage is available, excluding crops intended for grazing. A list of crops covered by crop insurance is available through USDA's Risk Management Agency (RMA) Actuarial Information Browser at [webapp.rma.usda.gov/apps/actuarialinformationbrowser](https://webapp.rma.usda.gov/apps/actuarialinformationbrowser).

The WHIP+ payment factor ranges from 75 percent to 95 percent, depending on the level of crop insurance coverage or NAP coverage that a producer obtained for the crop. Producers who did not insure their crops in 2018 or 2019 will receive 70 percent of the expected value of the crop. Insured crops (either crop insurance or NAP coverage) will receive between 75 percent and 95 percent of expected value; those who purchased the highest levels of coverage will receive 95-percent of the expected value.

At the time of sign-up, producers will be asked to provide verifiable and reliable production records. If a producer is unable to provide production records, WHIP+ payments will be determined based on the lower of either the actual loss certified by the producer and determined acceptable by FSA or the county expected yield and county disaster yield. The county disaster yield is the production

**Website for Hawaii and Pacific Basin FSA:**

[www.fsa.usda.gov/hi](http://www.fsa.usda.gov/hi)

that a producer would have been expected to make based on the eligible disaster conditions in the county.

WHIP+ payments for 2018 disasters will be eligible for 100 percent of their calculated value. WHIP+ payments for 2019 disasters will be limited to an initial 50 percent of their calculated value, with an opportunity to receive up to the remaining 50 percent after January 1, 2020, if sufficient funding remains.

Both insured and uninsured producers are eligible to apply for WHIP+. But all producers receiving WHIP+ payments will be required to purchase crop insurance or NAP, at the 60 percent coverage level or higher, for the next two available, consecutive crop years after the crop year for which WHIP+ payments were paid. Producers who fail to purchase crop insurance for the next two applicable, consecutive years will be required to pay back the WHIP+ payment.

Additional information about WHIP+ program eligibility and payment limitations can be found at [farmers.gov/recover](http://farmers.gov/recover) or by contacting your local [USDA Service Center](#).

## Higher Limits Now Available on USDA Farm Loans

Higher limits are now available for borrowers interested in USDA's farm loans, which help agricultural producers purchase farms or cover operating expenses. The 2018 Farm Bill increased the amount that producers can borrow through direct and guaranteed loans available through USDA's Farm Service Agency (FSA) and made changes to other loans, such as microloans and emergency loans.

Key changes include:

- The Direct Operating Loan limit increased from \$300,000 to \$400,000, and the Guaranteed Operating Loan limit increased from \$ 1.429 million to \$1.75 million. Operating loans help producers pay for normal operating expenses, including machinery and equipment, seed, livestock feed, and more.
- The Direct Farm Ownership Loan limit increased from \$300,000 to \$600,000, and the Guaranteed Farm Ownership Loan limit increased from \$1.429 million to \$1.75 million. Farm ownership loans help producers become owner-operators of family farms as well as improve and expand current operations.
- Producers can now receive both a \$50,000 Farm Ownership Microloan and a \$50,000 Operating Microloan. Previously, microloans were limited to a combined \$50,000. Microloans provide flexible access to credit for small, beginning, niche, and non-traditional farm operations.
- Producers who previously received debt forgiveness as part of an approved FSA restructuring plan are now eligible to apply for emergency loans. Previously, these producers were ineligible.
- Beginning and socially disadvantaged producers can now receive up to a 95 percent guarantee against the loss of principal and interest on a loan, up from 90 percent.

## About Farm Loans

Direct farm loans, which include microloans and emergency loans, are financed and serviced by FSA, while guaranteed farm loans are financed and serviced by commercial lenders. For guaranteed loans, FSA provides a guarantee against possible financial loss of principal and interest.

For more information on FSA farm loans, visit [www.fsa.usda.gov](http://www.fsa.usda.gov) or contact your [local USDA service center](#).

## USDA Announces Buy-Up Coverage Availability and New Service Fees for Noninsured Crop Coverage Policies

USDA's Farm Service Agency (FSA) announced that higher levels of coverage will be offered through the Noninsured Crop Disaster Assistance Program (NAP), a popular safety net program, beginning April 8, 2019. The 2018 Farm Bill also increased service fees and made other changes to the program, including service fee waivers for qualified military veterans interested in obtaining NAP coverage.

NAP provides financial assistance to producers of commercial crops for which insurance coverage is not available in order to protect against natural disasters that result in lower yields or crop losses, or prevent crop planting.

### NAP Buy-Up Coverage Option

The 2018 Farm Bill reinstates higher levels of coverage, from 50 to 65 percent of expected production in 5 percent increments, at 100 percent of the average market price. Producers of organics and crops marketed directly to consumers also may exercise the "buy-up" option to obtain NAP coverage of 100 percent of the average market price at the coverage levels of between 50 and 65 percent of expected production. NAP basic coverage is available at 55 percent of the average market price for crop losses that exceed 50 percent of expected production.

Buy-up coverage is not available for crops intended for grazing.

### NAP Service Fees

For all coverage levels, the new NAP service fee is the lesser of \$325 per crop or \$825 per producer per county, not to exceed a total of \$1,950 for a producer with farming interests in multiple counties. These amounts reflect a \$75 service fee increase for crop, county or multi-county coverage. The fee increases apply to obtaining NAP coverage on crops on or after April 8, 2019.

### NAP Enhancements for Qualified Military Veterans

The 2018 Farm Bill NAP amendments specify that qualified veteran farmers or ranchers are now eligible for a service fee waiver and premium reduction, if the NAP applicant meets certain eligibility criteria.

Beginning, limited resource and targeted underserved farmers or ranchers remain eligible for a waiver of NAP service fees and premium reduction when they file form CCC-860, "*Socially Disadvantaged, Limited Resource and Beginning Farmer or Rancher Certification*."

For NAP application, eligibility and related program information, visit [www.fsa.usda.gov/nap](http://www.fsa.usda.gov/nap) or contact your local USDA Service Center. To locate your local FSA office, visit [www.farmers.gov](http://www.farmers.gov).

## USDA Opens Signup for Market Facilitation Program

*Enrollment Open through Dec. 6*

Signup is ongoing for the Market Facilitation Program (MFP), a U.S. Department of Agriculture (USDA) program to assist farmers who continue to suffer from damages because of unjustified trade retaliation from foreign nations. Through MFP, USDA will provide up to \$14.5 billion in direct payments to impacted producers, part of a broader trade relief package announced in late July. The sign-up period runs through Dec. 6, 2019.

MFP payments will be made to producers of certain non-specialty and specialty crops as well as dairy and hog producers.

### **Non-Specialty Crops**

MFP payments will be made to producers of alfalfa hay, barley, canola, corn, crambe, dried beans, dry peas, extra-long staple cotton, flaxseed, lentils, long grain and medium grain rice, millet, mustard seed, oats, peanuts, rapeseed, rye, safflower, sesame seed, small and large chickpeas, sorghum, soybeans, sunflower seed, temperate japonica rice, triticale, upland cotton, and wheat.

MFP assistance for 2019 crops is based on a single county payment rate multiplied by a farm's total plantings to the MFP-eligible crops in aggregate in 2019. Those per acre payments are not dependent on which of those crops are planted in 2019. A producer's total payment-eligible plantings cannot exceed total 2018 plantings. [View payment rates by county.](#)

### **Dairy and Hogs**

Dairy producers who were in business as of June 1, 2019, will receive a per hundredweight payment on production history, and hog producers will receive a payment based on the number of live hogs owned on a day selected by the producer between April 1 and May 15, 2019.

### **Specialty Crops**

MFP payments will also be made to producers of almonds, cranberries, cultivated ginseng, fresh grapes, fresh sweet cherries, hazelnuts, macadamia nuts, pecans, pistachios, and walnuts. Each specialty crop will receive a payment based on 2019 acres of fruit or nut bearing plants, or in the case of ginseng, based on harvested acres in 2019.

### **More Information**

Payments will be made in up to three tranches, with the second and third tranches evaluated as market conditions and trade opportunities dictate. If conditions warrant, the second and third tranches will be made in November and early January.

MFP payments are limited to a combined \$250,000 for non-specialty crops per person or legal entity. MFP payments are also limited to a combined \$250,000 for dairy and hog producers and a combined \$250,000 for specialty crop producers. However, no applicant can receive more than

\$500,000. Eligible applicants must also have an average adjusted gross income (AGI) for tax years 2015, 2016, and 2017 of less than \$900,000, or 75 percent of the person's or legal entity's average AGI for those tax years must have been derived from farming and ranching. Applicants must also comply with the provisions of the Highly Erodible Land and Wetland Conservation regulations.

More information can be found on [farmers.gov/mfp](http://farmers.gov/mfp), including payment information and a program application.

## October 2019 Interest Rates

Farm Operating Loans 2.625%  
Farm Operating Microloans 2.625%  
Farm Ownership Loans 3.25%  
Farm Ownership Microloans 3.25%  
Farm Ownership Loans Direct Down Payment for Beginning Farmer or Rancher 1.500%  
Emergency Loans 3.750%

---

## Dates to Remember

November 1, 2019 - Deadline to submit documentation for the Reimbursement of Transportation Cost Payment Program (RTCP)

November 4, 2019 - Ballots for County Committee Elections are mailed to eligible voters

December 1, 2019 - Deadline to sign up for the Noninsured Crop Disaster Assistance Program (NAP) coverage for vegetables, fruits, grass and honey

December 2, 2019 - Deadline to return County Committee election ballots to the USDA Service Center

January 1, 2020 - Newly elected county committee members take office

## Sign Up Today for Text Alerts from FSA

*Subscribers Can Receive Important Program Reminders and Updates*

USDA Farm Service Agency (FSA) farmers and ranchers now can receive notifications from their county office through text messages on their cell phone.

Whether producers are in the field, on a tractor or even on horseback, this service enables FSA customers and stakeholders to receive notifications while on the go. Producers will receive text messages regarding important program deadlines, reporting requirements, outreach events and updates.

Producers can text the **short codes** below to FSANOW (372-669) to subscribe to text message alerts from their respective counties. Standard text messaging rates apply. Contact your wireless carrier for details associated with your particular data plan. Participants may unsubscribe at any time.

Hawaii County : **HPBHawaii**  
Honolulu County: **HPBHonolulu**

Kauai County: **HPBKauai**  
Maui County: **HPBMaui**

Please contact your [local FSA office](#) if you have questions regarding FSA's email news service or the text message option.
