#### State Committee:

Brenda Paul, Chair  
Tom Flowers  
Kenney Imel

### USDA Announces Flexibilities for Producers Filing 'Notice of Loss' for Failed, Prevented Planted Acres

The U.S. Department of Agriculture (USDA) is providing additional flexibilities for producers to file on acres with failed crops or crops that were prevented from planting because of extreme weather events. USDA's Farm Service Agency (FSA) is adding these flexibilities for *Notice of Loss* on both insured and uninsured crops to enable Service Centers to best assist producers.

#### Filing for Prevented Planted Acres

For insured crops, producers who timely filed a prevented planted claim with the reinsurance company but filed a *Notice of Loss* (CCC-576) form after the deadline will be considered timely filed for

To find contact information for your local office go to [www.fsa.usda.gov/ky](http://www.fsa.usda.gov/ky)

FSA purposes. FSA can use data from the Risk Management Agency (RMA) for accepting the report of prevented planting with FSA. If the information is not available through RMA, the producer may also provide proper evidence to FSA that the prevented planted claim was timely filed with the reinsurance company.

For uninsured crops, producers may start a *Notice of Loss* (CCC-576) by calling their FSA county office, or they may print and complete the *Notice of Loss* ([CCC-576](#)) form from home and send to their county office. For prevented planted acreage, *Notice of Loss* forms mailed to the FSA office must be postmarked by the final acreage reporting date in the county to be considered timely filed. For all prevented planted cases, the *Report of Acreage* (FSA-578) form and the completed and signed *Notice of Loss* (CCC-576) **must** be filed by the applicable acreage reporting date.

### **Filing for Failed Acres**

For failed acreage of uninsured crops, the *Notice of Loss* (CCC-576) must be completed, signed and verified before the disposition of the crop.

### **When to File a 'Notice of Loss'**

A *Notice of Loss* cannot be filed for a crop before the final planting date, but it can be filed before completing the crop acreage report.

### **More Information**

Producers who miss FSA's [July 15 acreage reporting deadline](#) will not face a late filing fee if filed within a month of the deadline.

For questions, please contact your FSA county office. To locate your FSA county office at your Service Center, visit [farmers.gov/service-center-locator](http://farmers.gov/service-center-locator).

---

## **USDA Issues First Coronavirus Food Assistance Program Payments**

U.S. Secretary of Agriculture Sonny Perdue today announced the USDA Farm Service Agency (FSA) has already approved more than \$545 million in payments to producers who have applied for the Coronavirus Food Assistance Program. FSA began taking applications May 26, and the agency has received over 86,000 applications for this important relief program.

In the first six days of the application period, FSA has already made payments to more than 35,000 producers. Out of the gate, the top five states for CFAP payments are Illinois, Kansas, Wisconsin, Nebraska, and South Dakota. USDA has released data on application progress and program payments and will release further updates each Monday at 2:00pm ET. The report can be viewed at [farmers.gov/cfap](http://farmers.gov/cfap).

FSA will accept applications through August 28, 2020. Through CFAP, USDA is making available \$16 billion in financial assistance to producers of agricultural commodities who have suffered a five-percent-or-greater price decline due to COVID-19 and face additional significant marketing costs as a result of lower demand, surplus production, and disruptions to shipping patterns and the orderly marketing of commodities.

In order to do this, producers will receive 80 percent of their maximum total payment upon approval of the application. The remaining portion of the payment, not to exceed the payment limit, will be paid at a later date nationwide, as funds remain available.

### **Getting Help from FSA**

New customers seeking one-on-one support with the CFAP application process can call 877-508-8364 to speak directly with a USDA employee ready to offer general assistance. This is a recommended first step before a producer engages the team at the FSA county office at their local USDA Service Center.

Producers can download the CFAP application and other eligibility forms from [farmers.gov/cfap](https://farmers.gov/cfap). Also, on that webpage, producers can find a payment calculator to help producers identify sales and inventory records needed to apply and calculate potential payments. Producers self-certify their records when applying for CFAP and that documentation is not submitted with the application. However, producers may be asked for their documentation to support the certification of eligible commodities, so producers should retain the information used to complete their application.

Those who use the online calculator tool will be able to print a pre-filled CFAP application, sign it, and submit it to your local FSA office either electronically or via hand delivery through an office drop box. Please contact your local office to determine the preferred delivery method for your local office. Team members at FSA county offices will be able to answer detailed questions and help producers apply quickly and efficiently through phone and online tools. Find contact information for your local office at [farmers.gov/cfap](https://farmers.gov/cfap).

### **Policy Clarifications**

FSA has been working with stakeholder groups to provide further clarification to producers on the CFAP program. For example, the agency has published a matrix of common marketing contracts that impact eligibility for non-specialty crops and has provided a table that crosswalks common livestock terms to CFAP cattle categories. Updated information can be found in the frequently asked questions section of the CFAP website.

### **More Information**

To find the latest information on CFAP, visit [farmers.gov/CFAP](https://farmers.gov/CFAP) or call 877-508-8364.

## **FSA Reminds Producers of Ongoing Disaster Assistance Program Signup**

The U.S. Department of Agriculture (USDA) has started making payments through the Wildfire and Hurricane Indemnity Program – Plus (WHIP+) to agricultural producers who suffered eligible losses because of drought or excess moisture in 2018 and 2019. Signup for these causes of loss opened March 23, and producers who suffered losses from drought (in counties designated D3 or above),

excess moisture, hurricanes, floods, tornadoes, typhoons, volcanic activity, snowstorms or wildfires can still apply for assistance through WHIP+.

To be eligible for WHIP+, producers must have suffered losses of certain crops, trees, bushes or vines in counties with a Presidential Emergency Disaster Declaration or a Secretarial Disaster Designation (primary counties only) for qualifying natural disaster events that occurred in calendar years 2018 or 2019. Also, losses located in a county not designated by the Secretary as a primary county may be eligible if a producer provides documentation showing that the loss was due to a qualifying natural disaster event.

For losses due to drought, a producer is eligible if any area of the county in which the loss occurred was rated D3, or extreme drought, or higher on the U.S. Drought Monitor during calendar years 2018 or 2019. Producers who suffered losses should contact their FSA county office.

In addition to the recently added eligible losses of drought and excess moisture, FSA will implement a WHIP+ provision for crop quality loss that resulted in price deductions or penalties when marketing crops damaged by eligible disaster events. To ensure an effective program for all impacted farmers, the Agency is currently gathering information on the extent of quality loss from producers and stakeholder organizations.

USDA Service Centers, including FSA county offices, are open for business by phone only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information on Service Centers can be found at [farmers.gov/coronavirus](https://farmers.gov/coronavirus), and more information on WHIP+ can be found at [farmers.gov/whip-plus](https://farmers.gov/whip-plus).

## Nominations Open for the 2020 County Committee Elections

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) encourages all farmers, ranchers, and FSA program participants to take part in the County Committee election nomination process.

FSA's county committees are a critical component of the day-to-day operations of FSA and allow grassroots input and local administration of federal farm programs.

Committees are comprised of locally elected agricultural producers responsible for the fair and equitable administration of FSA farm programs in their counties. Committee members are accountable to the Secretary of Agriculture. If elected, members become part of a local decision making and farm program delivery process.

A county committee is composed of three to 11 elected members from local administrative areas (LAA). Each member serves a three-year term. One-third of the seats on these committees are open for election each year.

County committees may have an appointed advisor to further represent the local interests of underserved farmers and ranchers. Underserved producers are beginning, women and other minority farmers and ranchers and landowners and/or operators who have limited resources.

All nomination forms for the 2020 election must be postmarked or received in the local USDA Service Center by Aug. 1, 2020 (or next business day). For more information on FSA county committee elections and appointments, refer to the FSA fact sheet: *Eligibility to Vote and Hold Office as a COC Member* available online at: [fsa.usda.gov/elections](https://fsa.usda.gov/elections).

## One-Time PLC Yield Updates – Deadline September 30

Farm owners have a one-time opportunity to update PLC yields of covered commodities on the farm, regardless of Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) program election. The deadline to request a PLC yield update is September 30, 2020.

The updated yield will be equal to 90 percent of the average yield per planted acre in crop years 2013-2017 (excluding any year where the applicable covered commodity was not planted), subject to the ratio obtained by dividing the 2008-2012 average national yield by the 2013-2017 average national yield for the covered commodity. If the reported yield in any year is less than 75 percent of the 2013-2017 average county yield, then the yield will be substituted with 75 percent of the county average yield.

The chart below provides the ratio obtained by dividing the 2008-2012 average national yield by the 2013-2017 average national yield for each covered commodity.

Covered Commodity	National Yield Factor
Barley	0.9437
Canola	0.9643
Chickpeas, Large	1.0000
Chickpeas, Small	0.9760
Corn	0.9000
Crambe	1.0000
Flaxseed	1.0000
Grain Sorghum	0.9077
Lentils	1.0000
Mustard Seed	0.9460
Oats	0.9524
Peanuts	0.9273
Peas, Dry	0.9988
Rapeseed	1.0000

Rice, Long	0.9330
Rice, Medium	0.9887
Rice, Temp Japonica	0.9591
Safflower	1.0000
Seed Cotton	0.9000
Sesame Seed	0.9673
Soybeans	0.9000
Sunflower Seed	0.9396
Wheat	0.9545

It is the owner's choice whether to update or keep existing PLC yields. If a yield update is not made, then no action is required to maintain the existing PLC yield. An existing or updated PLC yield will be maintained and effective for crop years 2020 through 2023 (life of the 2018 Farm Bill).

PLC yields may be updated on a covered commodity-by-covered commodity basis using FSA form CCC-867.

For more information, reference resources and decision tools, visit [farmers.gov/arc-plc](https://farmers.gov/arc-plc). Contact your local Farm Service Agency Office for assistance – [farmers.gov/service-center-locator](https://farmers.gov/service-center-locator).

## **SBA Offers Disaster Assistance to Kentucky Businesses and Residents Affected by Severe Storms, Flooding, Flash Flooding, Landslides and Mudslides**

Kentucky businesses and residents affected by severe storms, flooding, flash flooding, landslides, and mudslides from Feb. 3 through Feb. 29, 2020 can apply for low-interest disaster loans from the U.S. Small Business Administration.

Administrator Carranza made the loans available in response to a letter from Kentucky Gov. Andy Beshear on May 27, requesting a disaster declaration by the SBA. The declaration covers Bell, Harlan and Whitley counties and the adjacent counties of Clay, Knox, Laurel, Leslie, Letcher, McCreary and Perry in Kentucky; Campbell and Claiborne counties in Tennessee; and Lee and Wise counties in Virginia.

In accordance with health precautions for the Coronavirus (COVID-19), the SBA will not establish a field presence to assist survivors. However, SBA will continue to provide first class customer service and conduct outreach virtually with webinars, skype calls, phone assistance and step-by-step application assistance. To this end SBA has opened a Virtual Disaster Loan Outreach Center (VDLOC) to help survivors apply online using the Electronic Loan Application (ELA) via the SBA's secure website at <https://disasterloanassistance.sba.gov/> and there are virtual customer support

representatives available to assist applicants with completing the online application. The VDLOC information:

**Virtual Disaster Loan Outreach Center (VDLOC)**

Open: Monday – Friday

Hours: 8 a.m. – 5 p.m.

Closed: Saturdays and Sundays

[FOCE-Help@sba.gov](mailto:FOCE-Help@sba.gov).

**Phone: 470-363-5611, 571-422-6078 or 571-422-7312**

These services are only available for the Kentucky disaster declaration as a result of the Severe Storms, Flooding, Flash Flooding, Landslides and Mudslides from Feb. 3 through Feb. 29, 2020, and not for COVID-19 related assistance.

Survivors should contact the Customer Service Representatives at **470-363-5611, 571-422-6078 or 571-422-7312** to schedule an appointment for immediate one-on-one assistance in completing their applications. Requests for SBA disaster loan program information may be obtained by emailing [FOCE-Help@sba.gov](mailto:FOCE-Help@sba.gov). The SBA will conduct extensive outreach to ensure that all impacted by the disaster are afforded the opportunity to seek assistance.

Businesses and private nonprofit organizations may borrow up to \$2 million to repair or replace disaster damaged or destroyed real estate, machinery and equipment, inventory, and other business assets.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations, the SBA offers Economic Injury Disaster Loans to help meet working capital needs caused by the disaster. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.

Loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for loans up to \$40,000 to repair or replace damaged or destroyed personal property.

Applicants may be eligible for a loan amount increase up to 20 percent of their physical damages, as verified by the SBA for mitigation purposes. Eligible mitigation improvements may include a safe room or storm shelter, sump pump, French drain or retaining wall to help protect property and occupants from future damage caused by a similar disaster.

Interest rates are as low as 3.75 percent for businesses, 2.75 percent for nonprofit organizations, and 1.563 percent for homeowners and renters with terms up to 30 years. Loan amount and terms are set by the SBA and are based on each applicant's financial condition.

Businesses and individuals may also obtain information and loan applications by calling the SBA's Customer Service Center at 1-800-659-2955 (1-800-877-8339 for the deaf and hard-of-hearing), or by emailing [disastercustomerservice@sba.gov](mailto:disastercustomerservice@sba.gov). Loan applications can also be downloaded at

[www.sba.gov](http://www.sba.gov). Completed applications should be mailed to: U.S. Small Business Administration, Processing and Disbursement Center, 14925 Kingsport Road, Fort Worth, TX 76155.

The filing deadline to return applications for physical property damage is July 31, 2020. The deadline to return economic injury applications is March 1, 2021.

---

## Direct Loans

FSA offers direct farm ownership and direct farm operating Loans to producers who want to establish, maintain or strengthen their farm or ranch. FSA loan officers process, approve and service direct loans.

Direct farm operating loans can be used to purchase livestock and feed, farm equipment, fuel, farm chemicals, insurance and other costs including family living expenses. Operating loans can also be used to finance minor improvements or repairs to buildings and to refinance some farm-related debts, excluding real estate.

Direct farm ownership loans can be used to purchase farmland, enlarge an existing farm, construct and repair buildings, and to make farm improvements.

The maximum loan amount for direct farm ownership loans is \$600,000 and the maximum loan amount for direct operating loans is \$400,000 and a down payment is not required. Repayment terms vary depending on the type of loan, collateral and the producer's ability to repay the loan. Operating loans are normally repaid within seven years and farm ownership loans are not to exceed 40 years.

Please contact your local FSA office for more information or to apply for a direct farm ownership or operating loan.

---

## FSA Offers Joint Financing Option on Direct Farm Ownership Loans

The USDA Farm Service Agency's (FSA) [Direct Farm Ownership loans](#) are a resource to help farmers and ranchers become owner-operators of family farms, improve and expand current operations, increase agricultural productivity, and assist with land tenure to save farmland for future generations.

Depending on the applicant's needs, there are three types of Direct Farm Ownership Loans: regular, down payment and joint financing. FSA also offers a [Direct Farm Ownership Microloan](#) option for smaller financial needs up to \$50,000.

Joint financing allows FSA to provide more farmers and ranchers with access to capital. FSA lends up to 50 percent of the total amount financed. A commercial lender, a State program or the seller of the property being purchased, provides the balance of loan funds, with or without an FSA guarantee. The maximum loan amount for a Joint Financing loan is \$600,000 and the repayment period for the loan is up to 40 years.

To be eligible, the operation must be an eligible farm enterprise. Farm Ownership loan funds cannot be used to finance nonfarm enterprises and all applicants must be able to meet general eligibility

requirements. Loan applicants are also required to have participated in the business operations of a farm or ranch for at least three years out of the 10 years prior to the date the application is submitted. The applicant must show documentation that their participation in the business operation of the farm or ranch was not solely as a laborer.

For more information about FSA Loan programs, contact your local FSA office or visit [fsa.usda.gov](https://fsa.usda.gov). To find your local FSA office, visit [offices.usda.gov](https://offices.usda.gov).
