### Farm Loan Chief:

Mike Hoyt  
Phone: 859-224-7440

## Firearms and Dangerous Weapons Forbidden In Federal Facilities

*USDA Service Centers and Farm Service Agency Offices are Off Limits for Firearms*

This is an important reminder to all customers and patrons of USDA Farm Service Agency (FSA) offices and USDA Service Centers statewide that **firearms are forbidden (even with a permit/license) in Federal Buildings**. A Federal Building by definition is any building owned, leased or rented by the Federal Government, where Federal employees are regularly present for the purpose of performing their official duties.

The items that are prohibited in Federal facilities include any item prohibited by any applicable Federal, State, local, and tribal law and/or ordinance, as well as firearms, dangerous weapons, explosives, or other destructive devices (including their individual parts or components) designed, redesigned, used, intended for use, or readily converted to cause injury, death, or property damage. Possession of firearms and dangerous weapons in Federal facilities as outline above is a crime punishable by fines and imprisonment.

For a complete list of items prohibited in Federal facilities, please view and/or download the document titled, **Items Prohibited from Federal Facilities: An Inter-agency Security Committee Standard**: <http://www.dhs.gov/sites/default/files/publications/isc-items-prohibited-federal-facilities-feb-2013-508.pdf>. **The lists of prohibited items outlined in this document apply to all facility occupants, contractors, and the visiting public.**

If you have questions or concerns regarding this notification, please contact your local Farm Service Agency Office—<http://offices.usda.gov>.

## USDA Removes Farm Program Payments to Managers Not Actively Engaged in Farming

USDA finalized a rule to ensure that farm safety-net payments are issued only to active managers of farms that operate as joint ventures or general partnerships, consistent with the direction and authority provide by Congress in the 2014 Farm Bill. The action, which exempts family farm operations, closes a loophole where individuals who were not actively part of farm management still received payments.

Since 1987, the broad definition of “actively engaged” resulted in some general partnerships and joint ventures adding managers to the farming operation, qualifying for more payments, that did not substantially contribute to management. The rule applies to operations seeking more than one farm manager, and requires measureable, documented hours and key management activities each year. Some operations of certain sizes and complexity may be allowed up to three qual-

ifying managers under limited conditions. The changes apply to payments for 2016 and subsequent crop years for Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) Programs, Loan Deficiency Payments (LDP) and Marketing Loan Gains (MLG) realized via the Marketing Assistance Loan program.

As required by Congress, the new rule does not apply to family farms, or change regulations related to contributions of land, capital, equipment, or labor. The changes go into effect for the 2016 crop year for most farms. Farms that have already planted fall crops for 2016 have until the 2017 crop year to comply. For more details, producers are encouraged to consult their local Farm Service Agency office.

---

### **USDA Announces Changes to Fruit, Vegetable and Wild Rice Planting Rules**

Farm Service Agency (FSA) has announced fruit, vegetable and wild rice provisions that affect producers who intend to participate in certain programs authorized by the Agricultural Act of 2014.

Producers who intend to participate in the Agriculture Risk Coverage (ARC) or Price Loss Coverage (PLC) programs are subject to an acre-for-acre payment reduction when fruits and nuts, vegetables or wild rice are planted on the payment acres of a farm. Payment reductions do not apply to mung beans, dry peas, lentils or chickpeas. Planting fruits, vegetables or wild rice on acres that are not considered payment acres will not result in a payment reduction. Farms that are eligible to participate in ARC/PLC but are not enrolled for a particular year may plant unlimited fruits, vegetables and wild rice for that year but will not receive ARC/PLC payments for that year. Eligibility for succeeding years is not affected.

Planting and harvesting fruits, vegetables and wild rice on ARC/PLC acreage is subject to the acre-for-acre payment reduction when those crops are planted on either more than 15 percent of the base acres of a farm enrolled in ARC using the county coverage or PLC, or more than 35 percent of the base acres of a farm enrolled in ARC using the individual coverage.

Fruits, vegetables and wild rice that are planted in a double-cropping practice will not cause a payment reduction if the farm is in a double-cropping region as designated by the USDA's Commodity Credit.

### **2016 Acreage Reporting Dates**

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit their local FSA office to file an accurate crop certification report by the applicable deadline.

Acreage reporting dates vary by crop and by county so please contact your local FSA office for a list of county-specific deadlines.

The following exceptions apply to acreage reporting dates:

- If the crop has not been planted by the applicable acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the applicable acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.
- If a perennial forage crop is reported with the intended use of "cover only," "green manure," "left standing," or "seed," then the acreage must be reported by July 15th.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the applicable dates or 15 calendar days before grazing or harvesting of the crop begins.

For questions regarding crop certification and crop loss reports, please contact your local FSA office.

---

### **Farm Service Agency (FSA) and Risk Management Agency (RMA) to Prevent Fraud, Waste, and Abuse**

FSA supports the RMA in the prevention of fraud, waste and abuse of the Federal Crop Insurance Program. FSA has been, and will continue to, assist RMA and insurance providers by monitoring crop conditions throughout the growing season. FSA will continue to refer all suspected cases of fraud, waste and abuse directly to RMA. Producers can report suspected cases to the county office staff, the RMA office, or the Office of the Inspector General.

## Foreign Buyers Notification

The Agricultural Foreign Investment Disclosure Act (AFIDA) requires all foreign owners of U.S. agricultural land to report their holdings to the Secretary of Agriculture. The Farm Service Agency administers this program for USDA.

All individuals who are not U.S. citizens, and have purchased or sold agricultural land in the county are required to report the transaction to FSA with 90 days of the closing. Failure to submit the AFIDA form (FSA-153) could result in civil penalties of up to 25 percent of the fair market value of the property. County government offices, Realtors, attorneys and others involved in real estate transactions are reminded to notify foreign investors of these reporting requirements.

---

## Loans for Targeted Underserved Producers

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating type loans and/or to purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, FSA has provided priority funding for members of targeted underserved applicants.

A targeted underserved applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of the group without regard to his or her individual qualities.

For purposes of this program, targeted underserved groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

---

## Direct Loans

FSA offers direct farm ownership and direct farm operating Loans to producers who want to establish, maintain or strengthen their farm or ranch. FSA loan officers process, approve and service direct loans.

Direct farm operating loans can be used to purchase livestock and feed, farm equipment, fuel, farm chem-

icals, insurance and other costs including family living expenses. Operating loans can also be used to finance minor improvements or repairs to buildings and to refinance some farm-related debts, excluding real estate.

Direct farm ownership loans can be used to purchase farmland, enlarge an existing farm, construct and repair buildings, and to make farm improvements.

The maximum loan amount for both direct farm ownership and operating loans is \$300,000 and a down payment is not required. Repayment terms vary depending on the type of loan, collateral and the producer's ability to repay the loan. Operating loans are normally repaid within seven years and farm ownership loans are not to exceed 40 years.

Please contact your local FSA office for more information or to apply for a direct farm ownership or operating loan.

USDA is an equal opportunity provider employer, and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
