Trump Administration Appoints Brent Hampy to Serve as State Executive Director for USDA’s Farm Service Agency in Missouri

The Trump Administration recently appointed Brent Hampy as the new State Executive Director for the USDA Missouri Farm Service Agency (FSA). Hampy joined the Missouri FSA team on Oct. 1.

Hampy has extensive experience in production agriculture and public service. He has been a landowner since 1987 and has a row crop and cow-calf operation in Smithton, Missouri. Hampy has served as the Pettis County Commissioner since 2012 and was the chair of the Pioneer Trails Regional Planning Commission. He has served as a Missouri Farm Bureau State Board member since 2013 and previously held county leadership positions with the Missouri Pork Producers Association. Hampy earned a Bachelor of Science in Wildlife Management from the University of Missouri and a Master of Science in Range and Wildlife Management from Texas Tech University.

As State Executive Director, Hampy will use his leadership experience and knowledge of federal farm program legislation to oversee FSA programs in a customer-focused manner to ensure a safe, affordable, abundant and nutritious food supply for consumers.
Upcoming Acreage Reporting Deadlines

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit their local FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable in Missouri:

- November 15, 2018: Grass (hay and pasture) certification deadline for 2019
- December 15, 2018: Wheat and other fall-seeded small grains
- January 2, 2019: Honey

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendars days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.
- If a perennial forage crop is reported with the intended use of "cover only," "green manure," "left standing," or "seed," then the acreage must be reported by July 15th.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.

For questions regarding crop certification and crop loss reports, please contact your local FSA office.

USDA Issues Safety-Net and Conservation Payments to Missouri Farmers

USDA Missouri Farm Service Agency (FSA) announced that approximately $86 million will be paid to Missouri farms that enrolled in Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) for 2017 market downturns. Additionally, Missouri FSA will distribute approximately $102 million in Conservation Reserve Program (CRP) rental payments to landowners for their commitment to conservation stewardship.

PLC payments have triggered for 2017 barley, canola, corn, grain sorghum, wheat and other crops. In the next few months payments will be triggered for rice, chickpeas, sunflower seeds, flaxseed, mustard seed, rapeseed, safflower, crambe, and sesame seed. Producers with bases enrolled in ARC for 2017 crops can visit www.fsa.usda.gov/arc-plc for updated crop yields, prices, revenue and payment rates. In Missouri, 110 counties have experienced a drop in price and/or revenues below the benchmark price established by the ARC or PLC programs and will receive payments.

ARC and PLC payments by county can vary because average county yields will differ.

Also, USDA recently began issuing 2018 CRP payments to support voluntary conservation efforts on private lands. In Missouri, enrolled landowners will receive compensation for their efforts to improve water quality, reduce soil erosion and improve wildlife habitat.
USDA Market Facilitation Program

USDA launched the trade mitigation package aimed at assisting farmers suffering from damage due to unjustified trade retaliation by foreign nations. Producers of certain commodities can now sign up for the Market Facilitation Program (MFP).

USDA’s Farm Service Agency (FSA) will administer MFP to provide payments to corn, cotton, dairy, hog, sorghum, soybean, wheat, shelled almond, and fresh sweet cherry producers. An announcement about further payments will be made in the coming months, if warranted.

The sign-up period for MFP runs through Jan. 15, 2019, with information and instructions provided at [www.farmers.gov/mfp](http://www.farmers.gov/mfp). MFP provides payments to producers of eligible commodities who have been significantly impacted by actions of foreign governments resulting in the loss of traditional exports. Eligible producers should apply after harvest is complete, as payments will only be issued once production is reported.

A payment will be issued on 50 percent of the producer’s total production, multiplied by the MFP rate for a specific commodity. A second payment period, if warranted, will be determined by the USDA.

For a list of initial MFP payments rates, view the [MFP Fact Sheet](http://www.farmers.gov/mfp).

MFP payments are capped per person or legal entity as follows:

- A combined $125,000 for eligible crop commodities
- A combined $125,000 for dairy production and hogs
- A combined $125,000 for fresh sweet cherries and almonds

Applicants must also have an average adjusted gross income for tax years 2014, 2015, and 2016 of less than $900,000. Applicants must also comply with the provisions of the Highly Erodible Land and Wetland Conservation regulations.

Expanded Hog Timeline

USDA has expanded the timeline for producers with whom the Aug. 1, 2018, date does not accurately represent the number of head of live hogs they own. Producers may now choose any date between July 15 to Aug. 15, 2018 that correctly reflects their actual operation.

MFP applications are available online at [www.farmers.gov/mfp](http://www.farmers.gov/mfp). Applications can be completed at a local FSA office or submitted electronically either by scanning, emailing, or faxing. To locate or contact your local FSA office, visit [www.farmers.gov](http://www.farmers.gov).
Organic Certification Cost Share Program

The Organic Certification Cost Share Program (OCCSP) provides cost share assistance to producers and handlers of agricultural products who are obtaining or renewing their certification under the National Organic Program (NOP). Certified operations may receive up to 75 percent of their certification costs paid from Oct. 1, 2017, through Sept. 30, 2018, not to exceed $750 per certification scope. The application deadline for the 2018 program year is Oct. 31, 2018.

Eligible costs include application fees, inspection costs, fees related to equivalency agreement/arrangement requirements, travel/per diem for inspectors, user fees, sales assessments and postage.

Ineligible costs include equipment, materials, supplies, transitional certification fees, late fees and inspections necessary to address National Organic Program regulatory violations.

Producers and handlers may submit OCCSP applications to FSA county offices or they may apply through participating State Agencies, which will be listed at [https://www.fsa.usda.gov/programs-and-services/occsp/index](https://www.fsa.usda.gov/programs-and-services/occsp/index) as their agreements to administer the program are finalized.

The FSA OCCSP application form is available at USDA's eForms site, by selecting "Browse forms" and entering "OCCSP" in the "title or keywords" field on the search page.

USDA Offers Secure, Convenient Online Business Options

Farmers, Ranchers and Foresters Encouraged to Sign-In/Sign-Up

Farmers, ranchers and agricultural producers in Missouri have new online options to access U.S. Department of Agriculture (USDA) programs. Through USDA’s new streamlined process producers can now register, track and manage their applications for the Market Facilitation Program (MFP) and 2017 Wildfires Hurricanes Indemnity Program (2017 WHIP) on the secure and convenient [https://www.farmers.gov/sign-in](https://www.farmers.gov/sign-in).

MFP and 2017 WHIP are administered by FSA and are currently available on the [https://www.farmers.gov/sign-in](https://www.farmers.gov/sign-in). To apply and manage their applications online, producers first need to sign up for the Level 2 eAuthentication access. Enrolling is a two-step process. For producers who do not already have an account can register for an account at [www.eauth.usda.gov](http://www.eauth.usda.gov). After creating the account, customers receive a confirmation email with instructions for identity verification. Identity verification can be completed online or by presenting a government issued photo ID in person at a USDA service center.

In addition to the programs available through the farmers.gov portal, other programs offered by FSA can be managed at the [Online Services page](https://www.fsa.usda.gov) with the same eAuthentication credentials.

Individual producers have many options available for conducting business online with USDA agencies including FSA, Natural Resources Conservation Service (NRCS) and the Risk Management Agency (RMA). Online tools such as the NRCS Conservation Client Gateway offer customers added flexibility and a secure web portal to track payments, report completed practices,
request assistance, and sign documents. Level 2 eAuthentication access is not yet available for entities, but it is available for individuals.

To learn more about conducting business with USDA online and to locate the nearest USDA service center, visit [www.farmers.gov](http://www.farmers.gov).

**Youth Loans**

The Farm Service Agency makes loans to youth to establish and operate agricultural income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is $5000.

**Youth Loan Eligibility Requirements:**

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Comply with FSA’s general eligibility requirements
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the project under guidance and assistance from a project advisor. The project supervisor must recommend the youth loan applicant, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.
