New USDA Survey to Measure Areas for Improvement

The U.S. Department of Agriculture (USDA) today announced a new annual survey of farmers, ranchers and private forestland owners. The survey will help USDA understand what it is doing well and where improvements are needed, specifically at the Farm Service Agency (FSA), Natural Resources Conservation Service (NRCS) and Risk Management Agency (RMA).

A selection of 28,000 producers will receive the survey over the next few weeks, but all farmers are encouraged to take the survey at farmers.gov/survey.

This survey is part of the President's Management Agenda. It requires High Impact Service Provider agencies across the federal

State Executive Director:
Jeffrey Holmes

government, including FSA and NRCS, to conduct annual surveys to measure and respond to areas needing improvement.

State Committee:
Kathy Sherman, Chair
Gary LeClair
Madison Hardy
Scott Mason
Kirk Scamman

The survey consists of 20 questions and takes approximately 10 minutes to complete. Responses are confidential, and individual responses will be aggregated. The survey will be open for at least six weeks and will be closed once USDA receives a 30% response rate.

Learn more and take the survey at www.farmers.gov/survey

To find contact information for your local office go to www.fsa.usda.gov/nh

Sign in/Sign up for an Online Account

Farmers, ranchers and agricultural producers have online options to access USDA programs. Through USDA's new streamlined process, producers doing business **as an individual** can now register, track and manage their applications on the secure and convenient farmers.gov. Producers doing business as an individual first need to sign up for the Level 2 eAuthentication access. Currently USDA eAuthentication does not have the mechanism to issue accounts to businesses, corporations, other entities or for anyone acting on behalf of another individual or entity.

- Step 1: Create and online account at www.eauth.usda.gov
- Step 2: Complete identity verification by either using the online self-service identity verification method or by completing the identity verification in-person at your USDA Service Center.
- Step 3: You're enrolled
- Step 4: Contact your local USDA Service Center to have your new Level 2 account linked with your USDA customer record
- Step 5: You're ready to Log In

Or go to your local USDA Service Center and our supportive staff will help you sign up for Level 2 Access right in the office! They will get you online so you can create an online account at farmers.gov/sign-in. You'll complete identity verification right on the spot. You're enrolled! Users with a secure Level 2 eAuthentication ID linked to their USDA customer record can apply for select USDA programs, view and print farm maps and farm records data. Enrolling is easy! Visit farmers.gov/sign-in to learn more.

To locate a service center near you or use online services not requiring eAuthentication access, visit farmers.gov. For technical assistance, call the eAuthentication help desk at 1-800-457-3642.

FSA Reminds Producers of Ongoing Disaster Assistance Program Signup

USDA has started making payments through the Wildfire and Hurricane Indemnity Program – Plus (WHIP+) to agricultural producers who suffered eligible losses because of drought or excess moisture in 2018 and 2019. Signup for these causes of loss opened March 23, and producers who suffered losses from drought (in counties designated D3 or above), excess moisture, hurricanes, floods, tornadoes, typhoons, volcanic activity, snowstorms or wildfires can still apply for assistance through WHIP+.

To be eligible for WHIP+, producers must have suffered losses of certain crops, trees, bushes or vines in counties with a Presidential Emergency Disaster Declaration or a Secretarial Disaster Designation (primary counties only) for qualifying natural disaster events that occurred in calendar years 2018 or 2019. Also, losses located in a county not designated by the Secretary as a primary county may be eligible if a producer provides documentation showing that the loss was due to a qualifying natural disaster event.

For losses due to drought, a producer is eligible if any area of the county in which the loss occurred was rated D3, or extreme drought, or higher on the U.S. Drought Monitor during calendar years 2018 or 2019. Producers who suffered losses should contact their FSA county office.

In addition to the recently added eligible losses of drought and excess moisture, FSA will implement a WHIP+ provision for crop quality loss that resulted in price deductions or penalties when marketing crops were damaged by eligible disaster events. To ensure an effective program for all impacted farmers, the Agency is currently gathering information on the extent of quality loss from producers and stakeholder organizations.

USDA Service Centers, including FSA county offices, are open for business by phone only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information on Service Centers can be found at farmers.gov/coronavirus, and more information on WHIP+ can be found at farmers.gov/whip-plus.

Save Time – Make an Appointment with FSA

Producers are encouraged to call their local FSA office to schedule an appointment to ensure maximum use of their time and to make sure FSA staff is available to tend to their important

business needs. Please call your local FSA office ahead to set an appointment and to discuss any records or documentation that might be needed during your appointment. To find your local FSA office, visit: offices.sc.egov.usda.gov/locator/app.

Applying for FSA Direct Loans

FSA offers direct farm ownership and direct farm operating loans to producers who want to establish, maintain, or strengthen their farm or ranch. Direct loans are processed, approved and serviced by FSA loan officers.

Direct farm operating loans can be used to purchase livestock and feed, farm equipment, fuel, farm chemicals, insurance, and other costs including family living expenses. Operating loans can also be used to finance minor improvements or repairs to buildings and to refinance some farm-related debts, excluding real estate.

Direct farm ownership loans can be used to purchase farmland, enlarge an existing farm, construct and repair buildings, and to make farm improvements.

The maximum loan amount for direct farm ownership loans is \$600,000 and the maximum loan amount for direct operating loans is \$400,000 and a down payment is not required. Repayment terms vary depending on the type of loan, collateral and the producer's ability to repay the loan. Operating loans are normally repaid within seven years and farm ownership loans are not to exceed 40 years.

Please contact your local FSA office for more information or to apply for a direct farm ownership or operating loan.

Reminders for FSA Direct and Guaranteed Borrowers with Real Estate Security

Farm loan borrowers who have pledged real estate as security for their Farm Service Agency (FSA) direct or guaranteed loans are responsible for maintaining loan collateral. Borrowers must obtain prior consent or approval from FSA or the guaranteed lender for any transaction that affects real estate security. These transactions include, but are not limited to:

- Leases of any kind
- Easements of any kind
- Subordinations
- Partial releases
- Sales

Failure to meet or follow the requirements in the loan agreement, promissory note, and other security instruments could lead to nonmonetary default which could jeopardize your current and future loans.

It is critical that borrowers keep an open line of communication with their FSA loan staff or guaranteed lender when it comes to changes in their operation. For more information on borrower responsibilities, read [Your FSA Farm Loan Compass](#).

Persons with disabilities who require accommodations to attend meetings should contact New Hampshire State Office at 603-224-7941 or your local County Office.
