

Inflation Reduction Act Assistance for Distressed Borrowers

Since October 2022, USDA has provided approximately \$1.5 billion in immediate assistance to more than 24,000 financially distressed direct and guaranteed FSA loan borrowers through the Inflation Reduction Act.

FSA is currently accepting individual requests for assistance from borrowers who took certain extraordinary measures to avoid delinquency on their direct FSA loans, missed a recent installment, or are unable to make their next scheduled installment.

For more information on eligibility, or to submit a request for assistance, producers can contact their local USDA Service Center or visit farmers.gov/inflation-reduction-investments/assistance
