Michael Bittel  
Lawrence Eckhardt  
Theodore Furber

### **Decision Tool Released for New Dairy Margin Coverage Program**

USDA announced the availability of a new [web-based tool](#) – developed in partnership with the University of Wisconsin – to help dairy producers evaluate various scenarios using different coverage levels through the new [Dairy Margin Coverage](#) (DMC) program. The web browsers the tool works best in are Google Chrome and Firefox.

The 2018 Farm Bill authorized DMC, a voluntary risk management program that offers financial protection to dairy producers when the difference between the all milk price and the average feed cost (the margin) falls below a certain dollar amount selected by the producer. It replaces the program previously known as the Margin Protection Program for Dairy. Sign up for this USDA Farm Service

Barbara Hanselman

Agency (FSA) program opens on June 17.

**Executive Officer:**  
Mark Dennis

**Farm Program Chief:**  
Vacant

**Farm Loan Chief:**  
John Liddington

To find contact information for your local office go to [www.fsa.usda.gov/ny](http://www.fsa.usda.gov/ny)

The University of Wisconsin launched the decision support tool in cooperation with FSA and funded through a cooperative agreement with the USDA Office of the Chief Economist. The tool was designed to help producers determine the level of coverage under a variety of conditions that will provide them with the strongest financial safety net. It allows farmers to simplify their coverage level selection by combining operation data and other key variables to calculate coverage needs based on price projections.

The decision tool assists producers with calculating total premiums costs and administrative fees associated with participation in DMC. It also forecasts payments that will be made during the coverage year.

For more information, access the tool at [fsa.usda.gov/dmc-tool](http://fsa.usda.gov/dmc-tool). For DMC sign up, eligibility and related program information, visit [fsa.usda.gov](http://fsa.usda.gov) or contact your local [USDA Service Center](#).

## Dates To Remember

<b>May 24</b>	<b>Deadline</b> to purchase 2019 NAP buy-up coverage
<b>May 27</b>	All offices closed for Memorial Day holiday
<b>May 31</b>	<b>Marketing Assistance Loan Deadline</b> for prior year corn, soybeans, grain sorghum, and sunflower seed
<b>June 17</b>	<b>Acreage Reporting Deadline</b> for Onions
<b>July 15</b>	<b>Acreage Reporting Deadline</b> for spring planted crops, except cabbage and beans, and perennial forage

---

## USDA Announces Buy-Up Coverage Availability and New Service Fees for Noninsured Crop Coverage Policies

USDA's Farm Service Agency (FSA) announced that higher levels of coverage will be offered through the Noninsured Crop Disaster Assistance Program (NAP), a popular safety net program, beginning April 8, 2019. The 2018 Farm Bill also increased service fees and made other changes to the program.

NAP provides financial assistance to producers of commercial crops for which insurance coverage is not available in order to protect against natural disasters that result in lower yields or crop losses, or prevent crop planting.

### NAP Buy-Up Coverage Option

The 2018 Farm Bill reinstates higher levels of coverage, from 50 to 65 percent of expected production in 5 percent increments, at 100 percent of the average market price. Producers of

organics and crops marketed directly to consumers also may exercise the “buy-up” option to obtain NAP coverage of 100 percent of the average market price at the coverage levels of between 50 and 65 percent of expected production. NAP basic coverage is available at 55 percent of the average market price for crop losses that exceed 50 percent of expected production.

Producers have a *one-time opportunity until May 24, 2019*, to obtain buy-up coverage for 2019 or 2020 eligible crops for which the NAP application closing date has passed.

Buy-up coverage is not available for crops intended for grazing.

### **NAP Service Fees**

For all coverage levels, the new NAP service fee is the lesser of \$325 per crop or \$825 per producer per county, not to exceed a total of \$1,950 for a producer with farming interests in multiple counties. These amounts reflect a \$75 service fee increase for crop, county or multi-county coverage. The fee increases apply to obtaining NAP coverage on crops on or after April 8, 2019.

Beginning, limited resource and targeted underserved farmers or ranchers are eligible for a waiver of NAP service fees and premium reduction when they file form CCC-860, “*Socially Disadvantaged, Limited Resource and Beginning Farmer or Rancher Certification*.”

For NAP application, eligibility and related program information, visit [www.fsa.usda.gov/nap](http://www.fsa.usda.gov/nap) or contact your local USDA Service Center. To locate your local FSA office, visit [www.farmers.gov](http://www.farmers.gov).

## **Higher Limits Now Available on USDA Farm Loans**

Higher limits are now available for borrowers interested in USDA’s farm loans, which help agricultural producers purchase farms or cover operating expenses. The 2018 Farm Bill increased the amount that producers can borrow through direct and guaranteed loans available through USDA’s Farm Service Agency (FSA) and made changes to other loans, such as microloans and emergency loans.

Key changes include:

- The Direct Operating Loan limit increased from \$300,000 to \$400,000, and the Guaranteed Operating Loan limit increased from \$ 1.429 million to \$1.75 million. Operating loans help producers pay for normal operating expenses, including machinery and equipment, seed, livestock feed, and more.
- The Direct Farm Ownership Loan limit increased from \$300,000 to \$600,000, and the Guaranteed Farm Ownership Loan limit increased from \$1.429 million to \$1.75 million. Farm ownership loans help producers become owner-operators of family farms as well as improve and expand current operations.
- Producers can now receive both a \$50,000 Farm Ownership Microloan and a \$50,000 Operating Microloan. Previously, microloans were limited to a combined \$50,000. Microloans provide flexible access to credit for small, beginning, niche, and non-traditional farm operations.
- Producers who previously received debt forgiveness as part of an approved FSA restructuring plan are now eligible to apply for emergency loans. Previously, these producers were ineligible.
- Beginning and socially disadvantaged producers can now receive up to a 95 percent guarantee against the loss of principal and interest on a loan, up from 90 percent.

## About Farm Loans

Direct farm loans, which include microloans and emergency loans, are financed and serviced by FSA, while guaranteed farm loans are financed and serviced by commercial lenders. For guaranteed loans, FSA provides a guarantee against possible financial loss of principal and interest.

For more information on FSA farm loans, visit [www.fsa.usda.gov](http://www.fsa.usda.gov) or contact your [local USDA service center](#).

---

## 2019 Acreage Reporting Dates

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit their local FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for New York:

<b>June 1, 2019</b>	Onions
<b>July 15, 2019</b>	Spring planted crops, except cabbage and beans, and perennial forage
<b>August 15, 2019</b>	Cabbage and beans

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office

**Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.**

For questions regarding crop certification and crop loss reports, please contact your local FSA office. To locate your local FSA office, visit [www.farmers.gov](http://www.farmers.gov).

## USDA Announces March Income over Feed Cost Margin Triggers Third 2019 Dairy Safety Net Payment

*Dairy Margin Coverage Program Sign-Up Begins June 17*

USDA's Farm Service Agency (FSA) announced this week that the March 2019 income over feed cost margin was \$8.85 per hundredweight (cwt.), triggering the third payment for dairy producers who purchase the appropriate level of coverage under the new [Dairy Margin Coverage](#) (DMC) program.

DMC, which replaces the Margin Protection Program for Dairy (MPP-Dairy), offers protection to

dairy producers when the difference between the all milk price and the average feed cost (the margin) falls below a certain dollar amount selected by the producer.

The signup period for DMC opens June 17, 2019. Dairy producers who elect a DMC coverage level between \$9 and \$9.50 would be eligible for a payment for January, February and March 2019.

For example, a dairy operation that chooses to enroll an established production history of 3 million pounds (30,000 cwt.) and elects the \$9.50 coverage level on 95 percent of production would receive \$1,543.75 for March.

**Sample calculation:**

$\$9.50 - \$8.85 \text{ margin} = \$0.65 \text{ difference}$

$\$0.65 \times 95 \text{ percent of production} \times 2,500 \text{ cwt. (30,000 cwt./12)} = \$1,543.75$

DMC premiums are paid annually. The calculated annual premium for coverage at \$9.50 on 95 percent of a 3-million-pound production history for this example would be \$4,275.

**Sample calculation:**

$3,000,000 \times 95 \text{ percent} = 2,850,000/100 = 28,500 \text{ cwt.} \times 0.150 \text{ premium fee} = \$4,275$

The dairy operation in the example calculation will pay \$4,275 in total premium payments for all of 2019 and receive \$8,170 in DMC payments for January, February and March combined. Additional payments will be made if calculated margins remain below the \$9.50/cwt level.

All participants are also required to pay an annual \$100 administrative fee in addition to any premium, and payments will be subject to a 6.2 percent reduction to account for federal sequestration.

Operations making a one-time election to participate in DMC through 2023 are eligible to receive a 25 percent discount on their premium for the existing margin coverage rates. For the example above, this would reduce the annual premium by \$1,068.75.

**About DMC**

On December 20, 2018, President Trump signed into law the 2018 Farm Bill, which provides support, certainty and stability to our nation's farmers, ranchers and land stewards by enhancing farm support programs, improving crop insurance, maintaining disaster programs and promoting and supporting voluntary conservation. FSA is committed to implementing these changes as quickly and effectively as possible, and today's updates are part of meeting that goal.

Recently, FSA announced the availability of the [DMC decision support tool](#) as well as [repayment options](#) for producers who were enrolled in MPP-Dairy.

For DMC signup, eligibility and related dairy program information, visit the [DMC webpage](#) or contact your local USDA service center.

---

**Opportunity to Request a Referendum: Soybean Promotion, Research, and Information Program**

The USDA Agricultural Marketing Service (AMS) announced that soybean producers may request a referendum on the Soybean Promotion and Research Order, as authorized under the Soybean Promotion, Research, and Consumer Information Act. Participation in the Request for Referendum is voluntary, and producers should only participate if they wish to request a referendum on the program.

The results of the Request for Referendum will be published in a notice in the Federal Register. If at least 10 percent of eligible producers, as determined by USDA, participate in the Request for Referendum, a referendum will be held within one year from that determination.

Interested soybean producers may request a referendum during a four-week period beginning on May 6 and ending May 31, 2019. Form LS-51-1, *Soybean Promotion and Research Order Request for Referendum*, may be [downloaded online](#), or obtained by mail, fax, or in person from Farm Service Agency (FSA) county offices during this time.

Completed forms and supporting documentation must be returned to the appropriate county FSA office by fax or in person no later than close of business May 31, 2019, or if returned by mail, must be postmarked by midnight May 31, 2019, and received in the county FSA office by close of business on June 6, 2019.

For detailed information, including eligibility, read the full [AMS announcement](#). To find your local office, visit [www.farmers.gov](http://www.farmers.gov).

---

## Guaranteed Conservation Loans

Guaranteed Conservation Loans are available for applicants to install a conservation practice. These funds may be used for any conservation activities included in a conservation plan or Forest Stewardship Management plan. A copy of the conservation plan is required to complete the application. These loans are not limited to just family farmers. In some cases, applicants can operate non-eligible enterprises. Loan funds are issued by a participating commercial lender and guaranteed up to 80 percent by FSA or up to 90 percent for beginning and historically underserved producers.

---

## Sign in/Sign up!

Farmers, ranchers and agricultural producers have new online options to access U.S. Department of Agriculture (USDA) programs. Through USDA's new streamlined process, producers doing business **as an individual** can now register, track and manage their applications for the Market Facilitation Program (MFP) on the secure and convenient [www.farmers.gov](http://www.farmers.gov). Producers doing business as an individual first need to sign up for the Level 2 eAuthentication access. Currently USDA eAuthentication does not have the mechanism to issue accounts to businesses, corporations, other entities or for anyone acting on behalf of another individual or entity.

- Step 1: Create an online account at [www.eauth.usda.gov](http://www.eauth.usda.gov)
- Step 2: Complete identity verification by either using the online self-service identity verification method or by completing the identity verification in-person at your USDA Service Center.
- Step 3: You're enrolled
- Step 4: Contact your local USDA Service Center to have your new Level 2 account linked with your USDA customer record

- Step 5: You're ready to Log In

Or go to your local USDA Service Center and our supportive staff will help you sign up for Level 2 Access right in the office! They will get you online so you can create an online account at <https://www.farmers.gov/sign-in>. You'll complete identity verification right on the spot. You're enrolled! Users with a secure Level 2 eAuthentication ID linked to their USDA customer record can apply for select USDA programs, view and print farm maps and farm records data. Enrolling is easy! Visit [farmers.gov/sign-in](https://www.farmers.gov/sign-in) to learn more.

To locate a service center near you or use online services not requiring eAuthentication access, visit [www.farmers.gov](https://www.farmers.gov). For technical assistance, call the eAuthentication help desk at 1-800-457-3642.
