### **USDA Announces Opening Signup for Conservation Reserve Program on December 9, 2019**

USDA is opening signup for the Conservation Reserve Program (CRP) on December 9, 2019. The deadline for agricultural producers to sign up for general CRP is February 28, 2020, while signup for continuous CRP is ongoing.

Farmers and ranchers who enroll in CRP receive a yearly rental payment for voluntarily establishing long-term, resource-conserving plant species, such as approved grasses or trees (known as "covers") to control soil erosion, improve water quality and develop wildlife habitat on marginally productive agricultural lands.

CRP has 22 million acres enrolled, but the 2018 Farm Bill lifted the cap to 27 million acres. This means farmers and ranchers have a chance to enroll in CRP for the first time or continue their participation for another term.

**Farm Loan Programs**

To find contact information for your local office go to [www.fsa.usda.gov/pa](http://www.fsa.usda.gov/pa)

By enrolling in CRP, producers are improving water quality, reducing soil erosion, and restoring habitat for wildlife. This in turn spurs hunting, fishing, recreation, tourism, and other economic development across rural America.

**CRP Enrollment Options**

*General Signup*

CRP general signup will be held annually. The competitive general signup will now include increased opportunities for enrollment of wildlife habitat through the State Acres For Wildlife Enhancement (SAFE) initiative.

*Continuous Signup*

While some practices under SAFE will remain available through continuous signup, CRP continuous signup will focus primarily on water quality with the Clean Lakes, Estuaries, and Rivers (CLEAR) Initiative. The 2018 Farm Bill prioritizes water quality practices such as contour grass strips, filter strips, riparian buffers, wetlands and a new prairie strip.

USDA will also be working with Conservation Reserve Enhancement Program (CREP) partners to relaunch CREP continuous options in each state under new statutory provisions. CREP will continue to target high-priority local, state or regional conservation concerns.

*Grasslands Signups*

CRP Grasslands signup helps landowners and operators protect grassland, including rangeland, and pastureland and certain other lands while maintaining the areas as grazing lands. A separate CRP Grasslands signup will be offered each year following general signup.

*Pilot Programs*

Later in 2020, (FSA will roll out pilot programs within CRP: CLEAR 30, which allows contracts expiring with CLEAR practices to be reenrolled in 30-year contracts and in the Soil Health and Income Protection Program (SHIPP) in the prairie pothole region. More information on these programs will be announced in the new year.

*Land Transition*

The CRP Transition Incentives Program (TIP) is an option for producers interested in transitioning land to a beginning farmer or rancher or a member of a socially disadvantaged group to return land to production for sustainable grazing or crop production. CRP contract holders no longer need to be a retired or retiring owner or

operator to transition their land. TIP participants may have a lease less than five years with an option to purchase, and they have two years before the end of the CRP contract to make conservation and land improvements.

### **Previously Expired Land**

Land enrolled in CRP under a 15-year contract that expired in September 2017, 2018 or 2019, may be eligible for enrollment if there was no opportunity for re-enrollment and the practice under the expired contract has been maintained.

### **CRP Rates and Payments**

FSA recently posted updated soil rental rates for CRP. County average rates are posted on the [CRP Statistics webpage](#). Soil rental rates are statutorily prorated at 90 percent for continuous signup and 85 percent for general signup. The rental rates will be assessed annually. Under continuous signup, producers also receive incentives, including a signup incentive payment and a practice incentive payment.

To enroll in CRP, contact your local FSA county office or visit [fsa.usda.gov/crp](https://fsa.usda.gov/crp). To locate your local FSA office, visit [farmers.gov/service-locator](https://farmers.gov/service-locator).

## **USDA Safety Net Program Enrollment Opens for 2019 and 2020**

Agricultural producers now can enroll in the Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) programs – two U.S. Department of Agriculture (USDA) safety net programs – for the 2019 and 2020 crop year.

ARC provides income support payments on historical base acres when actual crop revenue declines below a specified guaranteed level. PLC provides income support payments on historical base acres when the effective price for a covered commodity falls below its reference price. The 2018 Farm Bill reauthorized and updated both programs.

Signup for the 2019 crop year closes March 15, 2020, while signup for the 2020 crop year closes June 30, 2020. Producers who have not yet enrolled for 2019 can enroll for both 2019 and 2020 during the same visit to an FSA county office.

ARC and PLC have options for the farm operator who is actively farming the land as well as the owner of the land. Farm owners also have a one-time opportunity to update PLC payment yields beginning with crop year 2020. If the farm owner and producer visit the FSA county office together, FSA can also update yield information during that visit.

Covered commodities include barley, canola, large and small chickpeas, corn, crambe, flaxseed, grain sorghum, lentils, mustard seed, oats, peanuts, dry peas, rapeseed, long grain rice, medium and short grain rice, safflower seed, seed cotton, sesame, soybeans, sunflower seed and wheat.

## USDA Offers Disaster Assistance for Pennsylvania Farmers Hurt by 2018 Disasters

Agricultural producers affected by natural disasters in 2018, can apply through the Wildfire and Hurricane Indemnity Program Plus (WHIP+). Sign-up for this U.S. Department of Agriculture (USDA) program began September 11, 2019.

### WHIP+ Eligibility

WHIP+ will be available for eligible producers who have suffered eligible losses of certain crops, trees, bushes or vines in counties with a Presidential Emergency Disaster Declaration or a Secretarial Disaster Designation (primary counties only). Disaster losses must have been a result of hurricanes, floods, tornadoes, typhoons, volcanic activity, snowstorms or wildfires that occurred in 2018. Also, producers in counties that did not receive a disaster declaration or designation may still apply for WHIP+ but must provide supporting documentation to establish that the crops were directly affected by a qualifying disaster loss.

A list of counties that received qualifying disaster declarations and designations is available at [farmers.gov/recover/whip-plus](https://farmers.gov/recover/whip-plus). Because grazing and livestock losses, other than milk losses, are covered by other disaster recovery programs offered through FSA, those losses are not eligible for WHIP+.

Eligible crops include those for which federal crop insurance or Noninsured Crop Disaster Assistance Program (NAP) coverage is available, excluding crops intended for grazing. A list of crops covered by crop insurance is available through USDA's Risk Management Agency (RMA) Actuarial Information Browser at [webapp.rma.usda.gov/apps/actuarialinformationbrowser](https://webapp.rma.usda.gov/apps/actuarialinformationbrowser).

The WHIP+ payment factor ranges from 75 percent to 95 percent, depending on the level of crop insurance coverage or NAP coverage that a producer obtained for the crop. Producers who did not insure their crops in 2018 or 2019 will receive 70 percent of the expected value of the crop. Insured crops (either crop insurance or NAP coverage) will receive between 75 percent and 95 percent of expected value; those who purchased the highest levels of coverage will receive 95-percent of the expected value.

At the time of sign-up, producers will be asked to provide verifiable and reliable production records. If a producer is unable to provide production records, WHIP+ payments will be determined based on the lower of either the actual loss certified by the producer and determined acceptable by FSA or the county expected yield and county disaster yield. The county disaster yield is the production that a producer would have been expected to make based on the eligible disaster conditions in the county.

WHIP+ payments for 2018 disasters will be eligible for 100 percent of their calculated value.

Both insured and uninsured producers are eligible to apply for WHIP+. But all producers receiving WHIP+ payments will be required to purchase crop insurance or NAP, at the 60 percent coverage level or higher, for the next two available, consecutive crop years after the crop year for which

WHIP+ payments were paid. Producers who fail to purchase crop insurance for the next two applicable, consecutive years will be required to pay back the WHIP+ payment.

Additional information about WHIP+ program eligibility and payment limitations can be found at [farmers.gov/recover](https://farmers.gov/recover) or by contacting your local [USDA Service Center](#).

## Update Your Records

FSA is cleaning up our producer record database. If you have any unreported changes of address, zip code, phone number, email address or an incorrect name or business name on file they need to be reported to our office. Changes in your farm operation, like the addition of a farm by lease or purchase, need to be reported to our office as well. Producers participating in FSA and NRCS programs are required to timely report changes in their farming operation to the County Committee in writing and update their CCC-902 Farm Operating Plan.

If you have any updates or corrections, please call your local FSA office to update your records.

---

## Loans for Targeted Underserved Producers

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating type loans and/or to purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, FSA has provided priority funding for members of targeted underserved applicants.

A targeted underserved applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of the group without regard to his or her individual qualities.

For purposes of this program, targeted underserved groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

## December 2019 Interest Rates

### Farm Operating Loans

|                                  |         |
|----------------------------------|---------|
| Farm Operating Loans - Direct    | 2.500 % |
| Farm Operating Loans - Microloan | 2.500 % |

### Farm Ownership Loans

|        |        |
|--------|--------|
| Direct | 3.125% |
|--------|--------|

|  |         |
|--|---------|
| Microloan  | 3.125 % |
| Joint Financing                                  | 2.500 % |
| Direct Down Payment, Beginning Farmer or Rancher | 1.500 % |

|                 |         |
|-----------------|---------|
| Emergency Loans | 3.500 % |
|-----------------|---------|

Farm Storage Facility Loans

|  |         |
|--|---------|
| Farm Storage Facility Loans (3 Year Term)  | 1.625 % |
| Farm Storage Facility Loans (5 Year Term)  | 1.625 % |
| Farm Storage Facility Loans (7 Year Term)  | 1.750 % |
| Farm Storage Facility Loans (10 Year Term) | 1.875 % |
| Farm Storage Facility Loans (12 Year Term) | 1.875 % |

|                 |         |
|-----------------|---------|
| Commodity Loans | 2.625 % |
|-----------------|---------|
