March 2017

South Dakota FSA Newsletter

Upcoming Deadlines and Important Dates

The Marketing Assistance Loans (MAL) and Loan Deficiency Payments (LDP) deadline for prior year harvested wheat, barley, canola, crambe, flaxseed, honey, oats, rapeseed and sesame is March 31.

Contact or visit the your local County FSA office for a full customer calendar with program deadlines, NAP crop closure dates, observed holidays and more.

Disaster Set-Aside (DSA) Program

FSA borrowers with farms located in designated primary or contiguous disaster areas who are unable to make their scheduled FSA loan payments should consider the Disaster Set-Aside (DSA) program.

DSA is available to producers who suffered losses as a result of a natural disaster and is intended to relieve immediate and temporary financial stress. FSA is authorized to consider setting aside the portion of a payment(s) needed for the operation to continue on a viable scale.

Borrowers must have at least two years left on the term of their loan in order to qualify.

Borrowers have eight months from the date of the disaster designation to submit a complete application. The application must include a written request for DSA signed by all parties liable for the debt along with production records and financial history for the operating year in which the disaster occurred. FSA may request additional information from the borrower in order to determine eligibility.

All farm loans must be current or less than 90 days past due at the time the DSA application is complete. Borrowers may not set aside more than one installment on each loan.

The amount set-aside, including interest accrued on the principal portion of the set-aside, is due on or before the final due date of the loan.

For more information, contact your local FSA farm loan office.
Beginning Farmer Loans

FSA assists beginning farmers to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- Has operated a farm for not more than 10 years
- Will materially and substantially participate in the operation of the farm
- Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- Does not own a farm in excess of 30 percent of the county’s average size farm

Additional program information, loan applications, and other materials are available at your local USDA Service Center. You may also visit www.fsa.usda.gov.

USDA’s Farm Service Agency Expands Bridges to Opportunity Nationwide

The U.S. Department of Agriculture’s (USDA) Farm Service Agency (FSA) announced the expansion of a unique service for farmers and ranchers. FSA’s Bridges to Opportunity program provides a one-stop-shop that connects producers with resources, programs and educational services offered across the department, as well as from other USDA partner organizations. Bridges to Opportunity, which currently provides enhanced customer support to more than 150,000 customers in 20 states, will expand to serve customers across the country before the end of the month using fiscal year 2016 funds.

FSA’s presence in over 2,100 county offices, in nearly every rural county, puts the agency in a unique position to partner with non-governmental organizations to reach thousands of agricultural producers who can benefit from the programs and services. Bridges to Opportunity allows FSA employees to search and obtain a list of all local, state, regional and national organizations that may be able assist local producers with their specific need. For example, FSA’s Houston County office in Texas partnered with many agricultural organizations to serve producers affected by severe drought. When drought-stricken agricultural producers came to the county office looking for assistance, FSA employees were able to provide traditional services, such as the Livestock Forage Program and the Emergency loan program administered by FSA, as well as connect local farmers with local, regional, and national organizations that provide drought assistance and education.

Bridges to Opportunity was developed by FSA to provide producers with a more comprehensive customer service experience by connecting them with other USDA agencies and nonfederal partners. Through Bridges to Opportunity, FSA county office employees have the tools to connect farmers, ranchers and anyone interested in agriculture with customized expertise on topics ranging including organic production, beginning farmer resources, integrated pest management, disaster assistance, conservation practices, agricultural educational courses, loans, grants and other financial assistance that can start, grow or benefit farming and ranching operations.

For more information about Bridges to Opportunity, please contact your local FSA county office.

USDA Farm Service Agency (FSA) Online Hay and Grazing Acres Locator Tool

FSA’s Hay Net website www.fsa.usda.gov/haynet is the “go to” online resource for agricultural producers to list information concerning the need for hay and grazing acres or the availability of hay and grazing acres.

If, due to extenuating circumstances, producers are in need of hay and/or grazing acres to support livestock, please use Hay Net to post an advertisement seeking these resources. Likewise, landowners who have hay and/or grazing acres available for livestock producers should post a Hay Net advertisement as well.

A few things to remember when using the Hay Net website:

- There is a one-time registration process that should be completed by all users who want to post an ad online.
- Users who just want to browse ads DO NOT NEED to have an eAuthentication user id.
- Hay and grazing acre ads will be automatically removed after a period of 13 months.
- Please help your fellow farmer and rancher by keeping ads current and up to date and remove ads you no longer need or want advertised on Hay Net. Please, no corporate advertisements on this site.

Hay Net is brought to you by FSA as a public service. The sole purpose of this online resource is to provide a site for the exchange of information. FSA does not endorse, guarantee, or otherwise make
representations of any kind regarding any user of this site and FSA is not responsible for defining the 
terms of grazing agreements or lease contracts.

For more information about Hay Net and other FSA services and programs, please contact your local 
FSA office. For local FSA Service Center contact information, please visit: offices.usda.gov.
