Vermont FSA Newsletter

Sign in/Sign up!

Farmers, ranchers and agricultural producers have new online options to access U.S. Department of Agriculture (USDA) programs. Through USDA’s new streamlined process, producers doing business as an individual can now register, track and manage their applications for the Market Facilitation Program (MFP) and 2017 Wildfires Hurricanes Indemnity Program (2017 WHIP) on the secure and convenient www.farmers.gov. Producers doing business as an individual first need to sign up for the Level 2 eAuthentication access. Currently USDA eAuthentication does not have the mechanism to issue accounts to businesses, corporations, other entities or for anyone acting on behalf of another individual or entity.

- Step 1: Create and online account at www.eauth.usda.gov
- Step 2: Complete identity verification by either using the online self-service identity verification method or by completing the identity verification in-person at your USDA Service Center.
- Step 3: You’re enrolled
To find contact information for your local office go to www.fsa.usda.gov/vt.

- Step 4: Contact your local USDA Service Center to have your new Level 2 account linked with your USDA customer record
- Step 5: You’re ready to Log In

Or go to your local USDA Service Center and our supportive staff will help you sign up for Level 2 Access on your mobile device right in the office! They will assist you to create an online account at https://www.farmers.gov/sign-in and then you’ll complete identity verification right on the spot. You’re enrolled! Users with a secure Level 2 eAuthentication ID linked to their USDA customer record can apply for select USDA programs, view and print farm maps and farm records data. Enrolling is easy! Visit farmers.gov/sign-in to learn more.

To locate a service center near you or use online services not requiring eAuthentication access, visit www.farmers.gov. For technical assistance, call the eAuthentication help desk at 1-800-457-3642.

**USDA and SCORE Joining Forces to Find Mentors**

If you are a farmer or rancher, or have agricultural or business experience, join us in supporting the next generation and in investing in your local community! Your experiences and knowledge as a business owner, agricultural professional, or farmer can provide vital support to the community you live in.

USDA is collaborating with SCORE – www.score.org - the nation’s largest network of volunteer, expert business mentors in an effort to expand the field of available agricultural mentors and provide free business mentoring to farmers, ranchers, and other agricultural and rural business owners. SCORE is currently looking for volunteers with experience in an agriculture-related field who would like to become a part of an extended field of volunteers. The organization’s Orientation and Mentoring Certification program provides volunteers with everything needed to be a successful volunteer. Training includes background about SCORE’s mission and services, as well as guidance on how to be a business mentor, including enhancement of listening, interviewing and problem-solving skills.

Current SCORE volunteer mentors have backgrounds in finance, accounting, marketing, operations, business and financial planning. The mentors provide local expertise and free one-on-one business mentoring to new and existing farmers and business owners. Together they work through the process of starting up or maintaining agricultural and rural businesses. No matter what stage a business is in, SCORE volunteer mentors can help in developing business plans, navigating financing and legal issues, identifying new markets, and other topics, in order to help their clients succeed. USDA invites you to learn more and sign up to become a mentor today at https://newfarmers.usda.gov/mentorship.

**Changing Bank Accounts**

FSA program payments are issued electronically into your bank account. In order to make timely payments, you need to notify your FSA servicing office if you close your account or if your bank
information is changed for whatever reason (such as your financial institution merging or being purchased). Payments can be delayed if FSA is not notified of changes to account and bank routing numbers.

For some programs, payments are not made until the following year. For example, payments for crop year 2017 through the Agriculture Risk Coverage and Price Loss Coverage program aren’t paid until 2018. If the bank account was closed due to the death of an individual or dissolution of an entity or partnership before the payment was issued, please notify your local FSA office as soon as possible to claim your payment.

---

**Update Your Records**

FSA is cleaning up our producer record database. If you have any unreported changes of address, zip code, phone number, email address or an incorrect name or business name on file they need to be reported to our office. Changes in your farm operation, like the addition of a farm by lease or purchase, need to be reported to our office as well. Producers participating in FSA and NRCS programs are required to timely report changes in their farming operation to the County Committee in writing and update their CCC-902 Farm Operating Plan.

If you have any updates or corrections, please call your local FSA office to update your records.

**USDA Offers Targeted Farm Loan Funding for Underserved Groups and Beginning Farmers**

The USDA Farm Service Agency (FSA) reminds producers that FSA offers targeted farm ownership and farm operating loans to assist underserved applicants as well as beginning farmers and ranchers.

USDA defines underserved applicants as a group whose members have been subjected to racial, ethnic, or gender prejudice because of their identity as members of the group without regard to their individual qualities. For farm loan program purposes, targeted underserved groups are women, African Americans, American Indians and Alaskan Natives, Hispanics and Asians and Pacific Islanders.

Underserved or beginning farmers and ranchers who cannot obtain commercial credit from a bank can apply for either FSA direct loans or guaranteed loans. Direct loans are made to applicants by FSA. Guaranteed loans are made by lending institutions who arrange for FSA to guarantee the loan. FSA can guarantee up to 95 percent of the loss of principal and interest on a loan. The FSA guarantee allows lenders to make agricultural credit available to producers who do not meet the lender's normal underwriting criteria.

The direct and guaranteed loan program provides for two types of loans: farm ownership loans and farm operating loans. In addition to customary farm operating and ownership loans, FSA now offers Microloans through the direct loan program. The focus of Microloans is on the financing needs of small, beginning farmer, niche and non-traditional farm operations. Microloans are available for both ownership and operating finance needs. To learn more about microloans, visit [www.fsa.usda.gov/microloans](http://www.fsa.usda.gov/microloans).
To qualify as a beginning producer, the individual or entity must meet the eligibility requirements outlined for direct or guaranteed loans. Additionally, individuals and all entity members must have operated a farm for less than 10 years. Applicants must materially or substantially participate in the operation.

For more information on FSA’s farm loan programs and targeted underserved and beginning farmer guidelines, visit [www.fsa.usda.gov/farmloans](http://www.fsa.usda.gov/farmloans).
