Sarah Hanlon

Farm Loan Manager:
Rob Weppner, 307-682-8843

Program Technicians:
Susan Johnson
Pam Schurman

County Committee:
Ivan Cranston
Jeanne Habeck
Alan Ista
Chase Williams

Next County Committee Meeting:

County Office Notes

Hi Everyone!

To start off this month's message, I have the honor of inviting you all to join us:

Friday, September 6th, 2019 at 1pm.

What Can We Do For You? Your Operation and the 2018 Farm Bill

This is a workshop designed to make sure you know about all of our offerings, especially what might be new with the latest farm bill. The workshop will be held at the Sundance State Bank Meeting Room (on Second Street attached to the Post Office). Rob Weppner will also be presenting and answering your questions on all things Farm Loan Program related. The Weston and Campbell Farm Program offices will be joining us also. Even if you work with multiple offices, we can get your questions answered! If you are a beginning farmer or rancher this would be a great workshop to attend to get introduced to our agency. No matter your age or your experience we welcome you to come and learn the new information we have to present. There are new programs and new things we can do for you!

September 17, 2019 @ 9:00AM We are also beginning to take applications for the Market Facilitation Program (MFP). More information on this year's application process is below.

The entire FSA office staff will be attending Farm Bill training soon, likely the last week of August. NRCS is still having a very busy field season. If you are wanting to come and submit an MFP application, or visit us for any other reason we recommend that you call ahead and schedule an appointment to ensure staff is available. Please help us make your visit successful!

Dates to Remember:

- September 2 - Office Closed in Observance of Labor Day
- September 6 - What Can We Do For You? Your Operation and the 2018 Farm Bill, 1:00 PM, Sundance State Bank Meeting Room
- November 15 - Reporting deadline for Fall Seeded Crops
- December 2 - NAP Application for Coverage Deadline - Fall Seeded Crops, Honey, and Perennial Forage
- December 6 - Market Facilitation Program Application Deadline

USDA Opens Signup for Market Facilitation Program

Enrollment Now Open through Dec. 6

Signup opens today for the Market Facilitation Program (MFP), a U.S. Department of Agriculture (USDA) program to assist farmers who continue to suffer from damages because of unjustified trade retaliation from foreign nations. Through MFP, USDA will provide up to \$14.5 billion in direct payments to impacted producers, part of a broader trade relief package announced in late July. The sign-up period runs through Dec. 6.

MFP payments will be made to producers of certain non-specialty and specialty crops as well as dairy and hog producers.

Non-Specialty Crops

MFP payments will be made to producers of alfalfa hay, barley, canola, corn, crambe, dried beans, dry peas, extra-long staple cotton, flaxseed, lentils, long grain and medium grain rice, millet, mustard seed, oats, peanuts, rapeseed, rye, safflower, sesame seed, small and large chickpeas, sorghum, soybeans, sunflower seed, temperate japonica rice, triticale, upland cotton, and wheat.

MFP assistance for 2019 crops is based on a single county payment rate multiplied by a farm's total plantings to the MFP-eligible crops in aggregate in 2019. Those per acre payments are not dependent on which of those crops are planted in 2019. A producer's total payment-eligible plantings cannot exceed total 2018 plantings. [View payment rates by county.](#)

Dairy and Hogs

Dairy producers who were in business as of June 1, 2019, will receive a per hundredweight payment on production history, and hog producers will receive a payment based on the number of live hogs owned on a day selected by the producer between April 1 and May 15, 2019.

Specialty Crops

MFP payments will also be made to producers of almonds, cranberries, cultivated ginseng, fresh grapes, fresh sweet cherries, hazelnuts, macadamia nuts, pecans, pistachios, and walnuts. Each specialty crop will receive a payment based on 2019 acres of fruit or nut bearing plants, or in the case of ginseng, based on harvested acres in 2019.

More Information

Payments will be made in up to three tranches, with the second and third tranches evaluated as market conditions and trade opportunities dictate. If conditions warrant, the second and third tranches will be made in November and early January.

MFP payments are limited to a combined \$250,000 for non-specialty crops per person or legal entity. MFP payments are also limited to a combined \$250,000 for dairy and hog producers and a combined \$250,000 for specialty crop producers. However, no applicant can receive more than \$500,000. Eligible applicants must also have an average adjusted gross income (AGI) for tax years 2015, 2016, and 2017 of less than \$900,000, or 75 percent of the person's or legal entity's average AGI for those tax years must have been derived from farming and ranching. Applicants must also comply with the provisions of the Highly Erodible Land and Wetland Conservation regulations.

More information can be found on farmers.gov/mfp, including payment information and a program application.

Farm Loan Graduation Reminder

FSA Direct Loans are considered a temporary source of credit that is available to producers who do not meet normal underwriting criteria for commercial banks.

FSA periodically conducts Direct Loan graduation reviews to determine a borrower's ability to graduate to commercial credit. If the borrower's financial condition has improved to a point where they can refinance their debt with commercial credit, they will be asked to obtain other financing and partially or fully pay off their FSA debt.

By the end of a producer's operating cycle, the Agency will send a letter requesting a current balance sheet, actual financial performance and a projected farm budget. The borrower has 30 days to return the required financial documents. This information will be used to evaluate the borrower's potential for refinancing to commercial credit.

If a borrower meets local underwriting criteria, FSA will send the borrower's name, loan type, balance sheet and projected cash flow to commercial lenders. The borrower will be notified when loan information is sent to local lenders.

If any lenders are interested in refinancing the borrower's loan, FSA will send the borrower a letter with a list of lenders that are interested in refinancing the loan. The borrower must contact the lenders and complete an application for commercial credit within 30 calendar days.

If a commercial lender rejects the borrower, the borrower must obtain written evidence that specifies the reasons for rejection and submit to their local FSA farm loan office.

If a borrower fails to provide the requested financial information or to graduate, FSA will notify the borrower of noncompliance, FSA's intent to accelerate the loan, and appeal rights.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Sarah Hanlon at 307-283-2870 extension 2 or Federal Relay Service at 1-800-877-8339.
