Message from the State Executive Director

I hope everyone is staying safe this summer. It is important to remind our customers that county offices will remain locked until further notice. If you need assistance, please contact your local USDA Office to make an appointment either by phone or in most locations, visitors will be allowed into offices if an appointment has been made. It is important that we remain COVID aware.

Wyoming FSA is busy hammering out Coronavirus Food Assistance Program (CFAP) applications and getting them approved at a rapid rate. Our County offices have reviewed and approved over 2,582 CFAP applications and dollars have been issued to more than 2,069 producers. We are proud of our FSA staff for all their hard work in getting this program working and on the ground.

Below is a table illustrating CFAP payment amounts for each county as of July 13, 2020.

To find contact information for your local office go to www.fsa.usda.gov/wy

Wyoming Counties	CFAP Dollars Issued
Albany	\$863,581.77
Big Horn	\$2,923,166.27
Campbell	\$2,674,837.42
Carbon	\$1,339,252.75
Converse	\$847,456.63
Crook	\$3,191,319.52
Fremont	\$2,216,512.70
Goshen	\$2,708,723.42
Hot Springs	\$930,247.64
Johnson	\$2,177,009.15
Laramie	\$3,916,642.36
Lincoln	\$1,258,979.94
Natrona	\$1,433,088.28
Niobrara	\$2,078,738.29
Park	\$1,538,016.26
Platte	\$2,625,572.59
Sheridan	\$1,363,125.80
Sublette	\$884,778.40
Sweetwater	\$1,013,345.36
Teton	\$19,698.40
Uinta	\$1,045,657.17
Washakie	\$2,196,055.94
Weston	\$1,285,993.16
Total	\$40,531,799.22
CCC Funds	\$28,389,008.64
CARES Funds	\$12,142,790.58

Please remember that CFAP applications will be accepted through August 28th. So, get your applications in to your local FSA office as soon as possible. For more CFAP information please see the below articles.

Wyoming is also suffering drought conditions. FSA has several drought relief programs to include the **Non-Insured Crop Disaster Assistance Program (NAP)**, **Livestock Forage Disaster Program (LFP)**, **Livestock Indemnity Program (LIP)**, **Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP)**, **Emergency Loan Program**, and the **Emergency Conservation Program (ECP)**. For more information on disaster assistance programs and loans visit fsa.usda.gov/disaster or contact your local FSA Office.

Again, I hope that everyone enjoys a safe summer. If you have questions, please feel free to contact me at any time!

-Lois Van MARK-

USDA Issues First Coronavirus Food Assistance Program Payments

U.S. Secretary of Agriculture Sonny Perdue today announced the USDA Farm Service Agency (FSA) has already approved more than \$545 million in payments to producers who have applied for the Coronavirus Food Assistance Program. FSA began taking applications May 26, and the agency has received over 86,000 applications for this important relief program.

In the first six days of the application period, FSA has already made payments to more than 35,000 producers. Out of the gate, the top five states for CFAP payments are Illinois, Kansas, Wisconsin, Nebraska, and South Dakota. USDA has released data on application progress and program payments and will release further updates each Monday at 2:00pm ET. The report can be viewed at farmers.gov/cfap.

FSA will accept applications through August 28, 2020. Through CFAP, USDA is making available \$16 billion in financial assistance to producers of agricultural commodities who have suffered a five-percent-or-greater price decline due to COVID-19 and face additional significant marketing costs as a result of lower demand, surplus production, and disruptions to shipping patterns and the orderly marketing of commodities.

In order to do this, producers will receive 80 percent of their maximum total payment upon approval of the application. The remaining portion of the payment, not to exceed the payment limit, will be paid at a later date nationwide, as funds remain available.

Getting Help from FSA

New customers seeking one-on-one support with the CFAP application process can call 877-508-8364 to speak directly with a USDA employee ready to offer general assistance. This is a recommended first step before a producer engages the team at the FSA county office at their local USDA Service Center.

Producers can download the CFAP application and other eligibility forms from farmers.gov/cfap. Also, on that webpage, producers can find a payment calculator to help producers identify sales and inventory records needed to apply and calculate potential payments. Producers self-certify their records when applying for CFAP and that documentation is not submitted with the application. However, producers may be asked for their documentation to support the certification of eligible commodities, so producers should retain the information used to complete their application.

Those who use the online calculator tool will be able to print a pre-filled CFAP application, sign it, and submit it to your local FSA office either electronically or via hand delivery through an office drop box. Please contact your local office to determine the preferred delivery method for your local office. Team members at FSA county offices will be able to answer detailed questions and help producers apply quickly and efficiently through phone and online tools. Find contact information for your local office at farmers.gov/cfap.

Policy Clarifications

FSA has been working with stakeholder groups to provide further clarification to producers on the CFAP program. For example, the agency has published a matrix of common marketing contracts that impact eligibility for non-specialty crops and has provided a table that crosswalks common livestock terms to CFAP cattle categories. Updated information can be found in the frequently asked questions section of the CFAP website.

More Information

To find the latest information on CFAP, visit farmers.gov/CFAP or call 877-508-8364.

FSA Implements Set-Aside Loan Provision for Customers Impacted by COVID-19

Set-Aside Delays Loan Payments for Borrowers

USDA's Farm Service Agency (FSA) will broaden the use of the Disaster Set-Aside (DSA) loan provision, normally used in the wake of natural disasters, to allow farmers with USDA farm loans who are affected by COVID-19, and are determined eligible, to have their next payment set aside. In some cases, FSA may also set aside a second payment for farmers who have already had one payment set aside because of a prior designated disaster.

FSA direct loan borrowers will receive a letter with the details of the expanded Disaster Set-Aside authorities, which includes the possible set-aside of annual operating loans, as well as explanations of the additional loan servicing options that are available. To discuss or request a loan payment Set-Aside, borrowers should call or email the farm loan staff at their local FSA county office.

The set-aside payment's due date is moved to the final maturity date of the loan or extended up to twelve months in the case of an annual operating loan. Any principal set-aside will continue to accrue interest until it is repaid. This aims to improve the borrower's cashflow in the current production cycle.

FSA previously announced it was relaxing the loan-making process and adding flexibilities for servicing direct and guaranteed loans to provide credit to producers in need. Direct loan applicants and borrowers are encouraged to contact their local FSA county office to discuss loan making and servicing flexibilities and other needs or concerns. Customers participating in FSA's guaranteed loan programs are encouraged to contact their lender. Information on these flexibilities, and office contact information, can be found on farmers.gov/coronavirus.

FSA will be accepting most forms and applications by facsimile or electronic signature. Some services are also available online to customers with an eAuth account, which provides access to the farmers.gov portal where producers can view USDA farm loan information and certain program applications and payments. Customers can track payments, report completed practices, request conservation assistance and electronically sign documents. Customers who do not already have an eAuth account can enroll at farmers.gov/sign-in.

USDA Service Centers are open for business by phone appointment only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources

Conservation Service or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information can be found at farmers.gov/coronavirus.

USDA Announces Loan Maturity for Marketing Assistance Loans Now Extended to 12 Months

Agricultural producers now have more time to repay Marketing Assistance Loans (MAL) as part of the U.S. Department of Agriculture's implementation of the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020. The loans now mature at 12 months rather than nine, and this flexibility is available for most commodities.

Effective immediately, producers of eligible commodities now have up to 12 months to repay their commodity loans. The maturity extension applies to nonrecourse loans for crop years 2018, 2019 and 2020. Eligible open loans must in good standing with a maturity date of March 31, 2020, or later or new crop year (2019 or 2020) loans requested by September 30, 2020. All new loans requested by September 30, 2020, will have a maturity date 12 months following the date of approval.

The maturity extension for current, active loans will be automatically extended an additional 3 months. Loans that matured March 31 have already been automatically extended by USDA's Farm Service Agency (FSA). Producers who prefer a nine-month loan will need to contact their local FSA county office. Loans requested after September 30, 2020, will have a term of nine months.

Eligible commodities include barley, chickpeas (small and large), corn, cotton (upland and extra-long staple), dry peas, grain sorghum, honey, lentils, mohair, oats, peanuts, rice (long and medium grain), soybeans, unshorn pelts, wheat, wool (graded and nongraded); and other oilseeds, including canola, crambe, flaxseed, mustard seed, rapeseed, safflower, sunflower seed, and sesame seed. Seed cotton and sugar are not eligible.

About MALs

Placing commodities under loan provides producers interim financing to meet cash flow needs without having to sell their commodities when market prices are low and allows producers to store production for more orderly marketing of commodities throughout the year.

These loans are considered nonrecourse because the commodity is pledged as loan collateral, and producers have the option of delivering the pledged collateral to the Commodity Credit Corporation (CCC) for repayment of the outstanding loan at maturity.

MAL Repayment

Under the new maturity provisions, producers can still repay the loan as they would have before the extension:

- repay the MAL on or before the maturity date;
- upon maturity by delivering or forfeiting the commodity to CCC as loan repayment; or
- after maturity and before CCC acquires the farm-stored commodity by repaying the outstanding MAL principle and interest.

Marketing Loan Gains

A Marketing Loan Gain occurs when a MAL is repaid at less than the loan principal. If market gain is applicable during the now-extended loan period, producers can receive a gain on the repayment made before the loan matures.

For more information on MALs, contact the nearest FSA county office. USDA Service Centers, including FSA county offices, are open for business by phone appointment only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service, or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information can be found at farmers.gov/coronavirus.

Eligibility for Nominations for the 2020 County Committee Elections

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) county committees are a critical component of the day-to-day operations of FSA and allow grassroots input and local administration of federal farm programs.

Committees are comprised of locally elected agricultural producers responsible for the fair and equitable administration of FSA farm programs in their counties. Committee members are accountable to the Secretary of Agriculture. If elected, members become part of a local decision making and farm program delivery process.

A county committee is composed of three to 11 elected members from local administrative areas (LAA). Each member serves a three-year term. To be eligible for nomination and hold office as a committee member or alternate, a person must fulfill each of the following requirements: (1) be a producer with an interest in farming or ranching operations, (2) participate or cooperate in any FSA program provided for by law, (3) be a U.S. citizen, (4) be of legal voting age, (5) meet the basic eligibility requirements, and (6) reside in the county or multi-county jurisdiction in which they will be serving.

All nomination forms for the 2020 election must be postmarked or received in the local USDA Service Center by Aug. 1, 2020 (or next business day). For more information on FSA county committee elections and appointments, refer to the FSA fact sheet: Eligibility to Vote and Hold Office as a COC Member available online at: fsa.usda.gov/elections.

USDA is an equal opportunity provider, employer and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
