Carbon/Albany County FSA Updates

Carbon/Albany County Farm Service Agency

101 Cypress Ave; PO Box 607
Saratoga, WY 82331

Phone: 307-326-5657
Fax: 855-415-3441

County Executive Director:
Sheryl Hunter

Farm Loan Manager:
Dixie Mount: 307-322-4050

Program Technician:
Analyse Perue

County Committee:
Ryan Wilson, Cheryl Munroe, Mary Ann Boles, Robin Carter, Savannah Chant

From the desk of Sheryl Hunter, CED

I believe that the winter weather has found us. As you bundle up and prepare for the winter, I would like to remind you of some programs and deadlines with FSA.

Non-Insured Crop Disaster Assistance Program (NAP) – provides financial assistance to producer of non-insurable crops to protect against natural disaster that result in lower yields or crop losses or prevents crop planting. See article below. Deadline for 2021 coverage is **December 1, 2020**

Coronavirus Food Assistance Program 2 (CFAP2) – provides vital financial assistance to agricultural producers who continue to face market disruptions and associated costs because of COVID-19. See article below. **Deadline is December 11, 2020.**

Livestock Forage Program (LFP)- provides compensation if you suffer grazing losses for covered

**Next County Committee
Meeting: December 9, 2020**

livestock due to drought on privately owned or cash leased land or fire on federally managed land. Deadline to apply is **January 30, 2021**.

Please be aware that due to COVID 19 precautions, the office door is locked but we can work with producers in the office by appointment. So please call to make an appointment.

Happy Fall!

Sheryl

Noninsured Crop Coverage Helps Producers Manage Risks

The Farm Service Agency's (FSA) Noninsured Crop Disaster Assistance Program (NAP) helps you manage risk through coverage for both crop losses and crop planting that was prevented due to natural disasters. The eligible or "noninsured" crops include agricultural commodities not covered by federal crop insurance.

You must be enrolled in the program and have purchased coverage for the eligible crop in the crop year in which the loss incurred to receive program benefits following a qualifying natural disaster.

NAP Buy-Up Coverage Option

NAP offers higher levels of coverage, from 50 to 65 percent of expected production in 5 percent increments, at 100 percent of the average market price.

Producers of organics and crops marketed directly to consumers also may exercise the "buy-up" option to obtain NAP coverage of 100 percent of the average market price at the coverage levels of between 50 and 65 percent of expected production.

NAP basic coverage is available at 55 percent of the average market price for crop losses that exceed 50 percent of expected production.

Buy-up coverage is not available for crops intended for grazing.

NAP Service Fees

For all coverage levels, the NAP service fee is the lesser of \$325 per crop or \$825 per producer per county, not to exceed a total of \$1,950 for a producer with farming interests in multiple counties.

NAP Enhancements for Qualified Military Veterans

Qualified veteran farmers or ranchers are eligible for a service fee waiver and premium reduction, if the NAP applicant meets certain eligibility criteria.

Beginning, limited resource and targeted underserved farmers or ranchers remain eligible for a waiver of NAP service fees and premium reduction when they file form CCC-860, “*Socially Disadvantaged, Limited Resource and Beginning Farmer or Rancher Certification.*”

For NAP application, eligibility and related program information, contact your Washakie-Hot Springs County USDA Service Center at 307-347-2456 or visit fsa.usda.gov/nap.

Coronavirus Food Assistance Program 2

Signup for the Coronavirus Food Assistance Program 2 (CFAP 2) began on Sept. 21, 2020 and will continue through Dec. 11, 2020. CFAP 2 provides eligible producers with direct financial assistance due to market disruptions and associated costs because of the COVID-19 pandemic. Check out our [brief video](#) about the program.

CFAP 2 is a *separate program* from the first round of the Coronavirus Food Assistance Program, now referred to as CFAP 1. Farmers and ranchers who participated in CFAP 1 will not be automatically enrolled and must complete a new application for CFAP 2. Details on how to apply can be found on farmers.gov/cfap/apply.

Price Trigger Commodities Price trigger commodities are major commodities that meet a minimum 5-percent price decline over a specified period of time. Eligible price trigger crops include barley, corn, sorghum, soybeans, sunflowers, upland cotton, and all classes of wheat. Payments will be based on 2020 planted acres of the crop, excluding prevented planting and experimental acres. Payments for price trigger crops will be the greater of: 1) the eligible acres multiplied by a payment rate of \$15 per acre; or 2) the eligible acres multiplied by a nationwide crop marketing percentage, multiplied by a crop-specific payment rate, and then by the producer’s weighted 2020 Actual Production History (APH) approved yield. If the APH is not available, 85 percent of the 2019 Agriculture Risk Coverage-County Option (ARC-CO) benchmark yield for that crop will be used.

For broilers and eggs, payments will be based on 75 percent of the producers’ 2019 production.

Dairy (cow’s milk) payments will be based on actual milk production from April 1 to Aug. 31, 2020. The milk production for Sept. 1, 2020, to Dec. 31, 2020, will be estimated by FSA.

Eligible beef cattle, hogs and pigs, and lambs and sheep payments will be based on the maximum owned inventory of eligible livestock, excluding breeding stock, on a date selected by the producer, between Apr. 16, 2020, and Aug. 31, 2020.

Flat-rate Crops Crops that either do not meet the 5-percent price decline trigger or do not have data available to calculate a price change will have payments calculated based on eligible 2020 acres multiplied by \$15 per acre. These crops include alfalfa, extra long staple (ELS) cotton, oats, peanuts, rice, hemp, millet, mustard, safflower, sesame, triticale, rapeseed, and several others.

Sales Commodities Sales commodities include specialty crops; aquaculture; nursery crops and floriculture; other commodities not included in the price trigger and flat-rate categories, including tobacco; goat milk; mink (including pelts); mohair; wool; and other livestock (excluding breeding stock) not included under the price trigger category that were grown for food, fiber, fur, or feathers. Payment calculations will use a sales-based approach, where producers are paid based on five payment gradations associated with their 2019 sales.

Additional commodities are eligible in CFAP 2 that weren't eligible in the first iteration of the program. If your agricultural operation has been impacted by the pandemic since April 2020, we encourage you to apply for CFAP 2. A complete list of eligible commodities, payment rates and calculations can be found on farmers.gov/cfap.

CFAP 2 Eligible Commodities Finder

Many more commodities are eligible for CFAP 2 than CFAP 1. Interested in finding the Coronavirus Food Assistance Program 2 payment rates for the eligible commodities you grow or raise? Our new, easy-to-use [CFAP 2 Eligible Commodities Finder](#) makes finding payment rates specific to your operation simple. From yam to alpaca farmers – and everyone in between – the payment rate information you need is just a few clicks away. Try it today on your desktop, tablet, or mobile device.

Applying for Assistance Producers can apply for assistance beginning Sept. 21, 2020. Applications will be accepted through Dec. 11, 2020.

Additional information and application forms can be found at farmers.gov/cfap. Documentation to support the producer's application and certification may be requested. All other eligibility forms, such as those related to adjusted gross income and payment information, can be downloaded from farmers.gov/cfap/apply. For existing FSA customers, including those who participated in CFAP 1, many documents are likely already on file. Producers should check with FSA county office to see if any of the forms need to be updated.

Customers seeking one-on-one support with the CFAP 2 application process can call 877-508-8364 to speak directly with a USDA employee ready to offer assistance. This is a recommended first step before a producer engages with the team at the FSA county office.

All USDA Service Centers are open for business, including some that are open to visitors to conduct business in person by appointment only. All Service Center visitors wishing to conduct business with FSA, Natural Resources Conservation Service or any other Service Center agency should call ahead and schedule an appointment. Service Centers that are open for appointments will pre-screen visitors based on health concerns or recent travel, and visitors must adhere to social distancing guidelines. Visitors are also required to wear a face covering during their appointment. Our program delivery staff will be in the office, and they will be working with our producers in the office, by phone and using online tools. More information can be found at farmers.gov/coronavirus.

FSA Encourages Farmers and Ranchers to Vote in County Committee Elections

The 2020 Farm Service Agency County Committee Elections will begin on Nov. 2, 2020, when ballots will be mailed to eligible voters. The deadline to return ballots to local FSA offices, or to be postmarked, is Dec. 7, 2020.

County committee members are an important component of the operations of FSA and provide a link between the agricultural community and USDA. Farmers and ranchers elected to county committees help deliver FSA programs at the local level, applying their knowledge and judgment to make decisions on commodity price support programs, conservation programs, incentive indemnity and disaster programs for some commodities, emergency programs and eligibility. FSA committees operate within official regulations designed to carry out federal laws.

To be an eligible voter, farmers and ranchers must participate or cooperate in an FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm, may also be eligible to vote.

Eligible voters in local administrative area 3 which is everything in the Little Snake River Conservation District, who do not receive a ballot can obtain one from their local USDA Service Center.

Newly elected committee members will take office Jan. 1, 2021.

The candidates in this year's election for a 3-year term are:

Cody McKee, Darcy Kaisler, Robbie I Davis, and Jock Sheehan.

More information on county committees, such as the new 2020 fact sheet, can be found on the FSA website at fsa.usda.gov/elections or at a local USDA Service Center.

Farm Loan Graduation Reminder for Direct Loan Borrowers

Farm Service Agency (FSA) Direct Loans are considered a temporary source of credit available to producers who do not meet normal underwriting criteria for commercial banks.

FSA periodically conducts Direct Loan graduation reviews to determine a borrower's ability to graduate to commercial credit. If the borrower's financial condition has improved to a point where they can refinance their debt with commercial credit, they will be asked to obtain other financing and partially or fully pay off their FSA debt.

By the end of a producer's operating cycle, the Agency will send a letter requesting a current balance sheet, actual financial performance and a projected farm budget. The borrower has 30 days to return the required financial documents. This information will be used to evaluate the borrower's potential for refinancing to commercial credit.

If a borrower meets local underwriting criteria, FSA will send the borrower's name, loan type, balance sheet, and projected cash flow to commercial lenders. The borrower will be notified when loan information is sent to local lenders.

If any lenders are interested in refinancing the borrower's loan, FSA will send the borrower a letter with a list of lenders interested in refinancing the loan. The borrower must contact the lenders and complete an application for commercial credit within 30 calendar days.

If a commercial lender rejects the borrower, the borrower must obtain written evidence that specifies the reasons for rejection and submit to their local FSA farm loan office.

If a borrower fails to provide the requested financial information or to graduate, FSA will notify the borrower of noncompliance, FSA's intent to accelerate the loan, and appeal rights.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Sheryl Hunter at 307-326-5657 or Federal Relay Service at 1-800-877-8339.
