Mercedes Jauregui Guadron

Program Technicians:
Julianna Eckley
Carol Zogata

County Committee:
Jim Hellyer - Chairman

Message from the County Executive Director

I would like to remind everyone about several important application deadlines as listed below. Please mark these dates in your calendars!

Farm Program Deadlines:

ARC-PLC (2019): 03-16-2020

NAP (Spring): 04-01-2020

ARC-PLC (2020): 06-30-2020

Crop Acreage Reports: 07-15-2020

Please call our office if you have any questions. Due to staff vacancies we strongly recommend that you call to schedule appointments for all programs.

Stan Horton - Vice- Chairman
Will O'Neal - Member

**Next County Committee
Meeting: February 20, 2020**

Higher Limits Now Available on USDA Farm Loans

Higher limits are now available for borrowers interested in USDA's farm loans, which help agricultural producers purchase farms or cover operating expenses. The 2018 Farm Bill increased the amount that producers can borrow through direct and guaranteed loans available through USDA's Farm Service Agency (FSA) and made changes to other loans, such as microloans and emergency loans.

Key changes include:

- The Direct Operating Loan limit increased from \$300,000 to \$400,000, and the Guaranteed Operating Loan limit increased from \$ 1.429 million to \$1.75 million. Operating loans help producers pay for normal operating expenses, including machinery and equipment, seed, livestock feed, and more.
- The Direct Farm Ownership Loan limit increased from \$300,000 to \$600,000, and the Guaranteed Farm Ownership Loan limit increased from \$1.429 million to \$1.75 million. Farm ownership loans help producers become owner-operators of family farms as well as improve and expand current operations.
- Producers can now receive both a \$50,000 Farm Ownership Microloan and a \$50,000 Operating Microloan. Previously, microloans were limited to a combined \$50,000. Microloans provide flexible access to credit for small, beginning, niche, and non-traditional farm operations.
- Producers who previously received debt forgiveness as part of an approved FSA restructuring plan are now eligible to apply for emergency loans. Previously, these producers were ineligible.
- Beginning and socially disadvantaged producers can now receive up to a 95 percent guarantee against the loss of principal and interest on a loan, up from 90 percent.

About Farm Loans

Direct farm loans, which include microloans and emergency loans, are financed and serviced by FSA, while guaranteed farm loans are financed and serviced by commercial lenders. For guaranteed loans, FSA provides a guarantee against possible financial loss of principal and interest.

For more information on FSA farm loans, visit www.fsa.usda.gov or contact your [local USDA service center](#).

USDA Announces Buy-Up Coverage Availability and New Service Fees for Noninsured Crop Coverage Policies

USDA's Farm Service Agency (FSA) announced that higher levels of coverage will be offered through the Noninsured Crop Disaster Assistance Program (NAP), a popular safety net program, beginning April 8, 2019. The 2018 Farm Bill also increased service fees and made other changes to the program, including service fee waivers for qualified military veterans interested in obtaining NAP coverage.

NAP provides financial assistance to producers of commercial crops for which insurance coverage is not available in order to protect against natural disasters that result in lower yields or crop losses, or prevent crop planting.

NAP Buy-Up Coverage Option

The 2018 Farm Bill reinstates higher levels of coverage, from 50 to 65 percent of expected production in 5 percent increments, at 100 percent of the average market price. Producers of organics and crops marketed directly to consumers also may exercise the “buy-up” option to obtain NAP coverage of 100 percent of the average market price at the coverage levels of between 50 and 65 percent of expected production. NAP basic coverage is available at 55 percent of the average market price for crop losses that exceed 50 percent of expected production.

Buy-up coverage is not available for crops intended for grazing.

NAP Service Fees

For all coverage levels, the new NAP service fee is the lesser of \$325 per crop or \$825 per producer per county, not to exceed a total of \$1,950 for a producer with farming interests in multiple counties. These amounts reflect a \$75 service fee increase for crop, county or multi-county coverage. The fee increases apply to obtaining NAP coverage on crops on or after April 8, 2019.

NAP Enhancements for Qualified Military Veterans

The 2018 Farm Bill NAP amendments specify that qualified veteran farmers or ranchers are now eligible for a service fee waiver and premium reduction, if the NAP applicant meets certain eligibility criteria.

Beginning, limited resource and targeted underserved farmers or ranchers remain eligible for a waiver of NAP service fees and premium reduction when they file form CCC-860, “*Socially Disadvantaged, Limited Resource and Beginning Farmer or Rancher Certification.*”

For NAP application, eligibility and related program information, visit www.fsa.usda.gov/nap or contact your local USDA Service Center. To locate your local FSA office, visit www.farmers.gov.

Emergency Assistance for Livestock, Honeybee, and Farm-Raised Fish Program (ELAP)

The Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP) provides emergency assistance to eligible livestock, honeybee, and farm-raised fish producers who have losses due to disease, adverse weather or other conditions, such as blizzards and wildfires, not covered by other agricultural disaster assistance programs.

Eligible livestock losses include grazing losses not covered under the Livestock Forage Disaster Program (LFP), loss of purchased feed and/or mechanically harvested feed due to an eligible adverse weather event, additional cost of transporting water because of an eligible drought and additional cost associated with gathering livestock to treat for cattle tick fever.

Eligible honeybee losses include loss of purchased feed due to an eligible adverse weather event, cost of additional feed purchased above normal quantities due to an eligible adverse weather condition, colony losses in excess of normal mortality due to an eligible weather event or loss condition, including CCD, and hive losses due to eligible adverse weather.

Eligible farm-raised fish losses include death losses in excess of normal mortality and/or loss of purchased feed due to an eligible adverse weather event.

Producers who suffer eligible livestock, honeybee, or farm-raised fish losses from Oct. 1, 2018 to Dec. 31, 2019 must file:

- A notice of loss within 30 calendar days after the loss is apparent.
- An application for payment by Jan. 30, 2020

The following ELAP Fact Sheets (by topic) are available online:
