Goshen County FSA Updates

Goshen County FSA Office **CED Comments & Upcoming Deadlines**

1441 East M St., Suite C
Torrington, WY 82240

Phone: 307-532-4880 x2
Fax: 855-415-3443

The Goshen County FSA Staff are now meeting with producers by appointment only. We were able to start bringing producers into the office a few weeks ago, however all producers must have a pre-scheduled appointment. Please contact the office by phone to schedule an appointment.

County Executive Director:

Courtney Yelton

Acreage reporting season is now in full swing! We are working diligently to get the maps processed and acreage reports out for signature. Please watch your emails and mailboxes if you have reached out to us for materials.

Farm Loan Manager:

Dixie Mount (Platte Co. Office)

As we are seeing drier and hotter days, if you have NAP coverage on your hay, please contact the office within 15 days of a loss becoming apparent, so we can arrange for a loss adjuster to visit your fields.

Program Technicians:

Jennifer Baumgartner
Brian McKenna
Leisha Orr

Upcoming Deadlines/Important Dates

June 30- 2020 ARC/PLC Enrollment Deadline

July 3- FSA Office Closed- Independence Day (Observed)

July 15- Spring Crop Reporting Deadline

August 28- CFAP Application Deadline

County Committee:

Lon Eisenbarth
Dixie Roth
David Unverzagt

**Next County Committee Meeting:
TBD**

Farmers and Ranchers in Wyoming Can Now Apply for Financial Assistance through USDA's Coronavirus Food Assistance Program

Agricultural producers can now apply for USDA's Coronavirus Food Assistance Program (CFAP), which provides direct payments to offset impacts from the coronavirus pandemic. The application and a payment calculator are now available online, and USDA's Farm Service Agency (FSA) staff members are available via phone, fax and online tools to help producers complete applications. The agency set up a call center in order to simplify how they serve new customers across the nation.

Applications will be accepted through August 28, 2020. Through CFAP, USDA is making available \$16 billion for vital financial assistance to producers of agricultural commodities who have suffered a five-percent-or-greater price decline due to COVID-19 and face additional significant marketing costs as a result of lower demand, surplus production, and disruptions to shipping patterns and the orderly marketing of commodities.

We also want to remind producers that the program is structured to ensure the availability of funding for all eligible producers who apply.

In order to do this, producers will receive 80 percent of their maximum total payment upon approval of the application. The remaining portion of the payment, not to exceed the payment limit, will be paid at a later date nationwide, as funds remain available.

Producers can download the CFAP application and other eligibility forms from farmers.gov/cfap. Also, on that webpage, producers can find a payment calculator to help identify sales and inventory records needed to apply and calculate potential payments.

Additionally, producers in search of one-on-one support with the CFAP application process can call 877-508-8364 to speak directly with a USDA employee ready to offer assistance. This is a good first step before a producer engages the team at the FSA county office at their local USDA Service Center.

Applying for Assistance

Producers of all eligible commodities will apply through their local FSA office. Those who use the online calculator tool will be able to print off a pre-filled CFAP application, sign, and submit to your local FSA office either electronically or via hand delivery. Please contact your local office to determine the preferred method. Find contact information for your local office at farmers.gov/cfap.

Documentation to support the producer's application and certification may be requested after the application is filed. FSA has streamlined the signup process to not require an acreage report at the time of application and a USDA farm number may not be immediately needed.

Additional Commodities

USDA is also establishing a process for the public to identify additional commodities for potential inclusion in CFAP. Specifically, USDA is looking for data on agricultural commodities, that are not currently eligible for CFAP, that the public believes to have either:

1. suffered a five percent-or-greater price decline between mid-January and mid-April as a result of the COVID-19 pandemic,
2. shipped but subsequently spoiled due to loss of marketing channel, or
3. not left the farm or remained unharvested as mature crops.

More information about this process is available on farmers.gov/cfap.

More Information

To find the latest information on CFAP, visit farmers.gov/cfap or call 877-508-8364.

USDA Service Centers are open for business by phone appointment only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service, or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information can be found at farmers.gov/coronavirus.

Maps for Acreage Reporting

Maps are now available at the Goshen County FSA Office for acreage reporting purposes. If you wish to receive your maps by e-mail or regular mail, please call our office or email Jennifer Baumgartner at Jennifer.Baumgartner@usda.gov.

In order to maintain program eligibility and benefits, producers must timely file acreage reports. Failure to file an acreage report by the crop acreage reporting deadline may result in ineligibility for future program benefits. FSA will not accept acreage reports provided more than a year after the acreage reporting deadline.

Producers are encouraged to file their acreage reports as soon as planting is completed.

Reminder to FSA Direct and Guaranteed Borrowers with Real Estate Security

Farm Service Agency would like to remind farm loan borrowers who have pledged real estate as security for their loans, of key items for maintaining loan collateral. It is required that borrowers must obtain prior consent, or approval, by either FSA, for direct loans, or by a guaranteed lender, for any transaction affecting real estate security. Examples of these transactions include, but are not limited to:

- Leases of any kind;
- Easements of any kind;
- Subordinations;
- Partial releases, and
- Sales

Failure to meet or follow the requirements set forth in the loan agreement, promissory note, and other security instruments could lead to nonmonetary default which could jeopardize your current and future loans.

It is critical that borrowers keep an open line of communication with their FSA loan staff or guaranteed lender when it comes to changes in their operation. For more information on borrower responsibilities, read [Your FSA Farm Loan Compass](#).

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Courtney Yelton at 307-532-4880 extension 2 or Federal Relay Service at 1-800-877-8339.
