County Office Message

The Afton Service Center is now open to the public by appointment. Please call ahead and schedule an appointment before arriving. We are so happy to be able to assist our farmers and ranchers in person again.

We have a few deadlines approaching:

Agricultural Risk Coverage and Price Loss Coverage (ARC/PLC) signup for the 2020 year needs to be completed by **June 30, 2020**.

Acreage Reporting deadline is **July 15, 2020**. Please contact the office for an appointment to complete your acreage report.

Coronavirus Food Assistance Program (CFAP) signup is in full force. This program signup is running through **August 28, 2020**. Please see below article for more information.

Kim Clark
Deanna Clark

**Next County Committee
Meeting: TBD**

Farmers and Ranchers in Wyoming Can Now Apply for Financial Assistance through USDA's Coronavirus Food Assistance Program

Agricultural producers can now apply for USDA's Coronavirus Food Assistance Program (CFAP), which provides direct payments to offset impacts from the coronavirus pandemic. The application and a payment calculator are now available online, and USDA's Farm Service Agency (FSA) staff members are available via phone, fax and online tools to help producers complete applications. The agency set up a call center in order to simplify how they serve new customers across the nation.

Applications will be accepted through August 28, 2020. Through CFAP, USDA is making available \$16 billion for vital financial assistance to producers of agricultural commodities who have suffered a five-percent-or-greater price decline due to COVID-19 and face additional significant marketing costs as a result of lower demand, surplus production, and disruptions to shipping patterns and the orderly marketing of commodities.

We also want to remind producers that the program is structured to ensure the availability of funding for all eligible producers who apply.

In order to do this, producers will receive 80 percent of their maximum total payment upon approval of the application. The remaining portion of the payment, not to exceed the payment limit, will be paid at a later date nationwide, as funds remain available.

Producers can download the CFAP application and other eligibility forms from farmers.gov/cfap. Also, on that webpage, producers can find a payment calculator to help identify sales and inventory records needed to apply and calculate potential payments.

Additionally, producers in search of one-on-one support with the CFAP application process can call 877-508-8364 to speak directly with a USDA employee ready to offer assistance. This is a good first step before a producer engages the team at the FSA county office at their local USDA Service Center.

Applying for Assistance

Producers of all eligible commodities will apply through their local FSA office. Those who use the online calculator tool will be able to print off a pre-filled CFAP application, sign, and submit to your local FSA office either electronically or via hand delivery. Please contact your local office to determine the preferred method. Find contact information for your local office at farmers.gov/cfap.

Documentation to support the producer's application and certification may be requested after the application is filed. FSA has streamlined the signup process to not require an acreage report at the time of application and a USDA farm number may not be immediately needed.

Additional Commodities

USDA is also establishing a process for the public to identify additional commodities for potential inclusion in CFAP. Specifically, USDA is looking for data on agricultural commodities, that are not currently eligible for CFAP, that the public believes to have either:

1. suffered a five percent-or-greater price decline between mid-January and mid-April as a result of the COVID-19 pandemic,
2. shipped but subsequently spoiled due to loss of marketing channel, or
3. not left the farm or remained unharvested as mature crops.

More information about this process is available on farmers.gov/cfap.

More Information

To find the latest information on CFAP, visit farmers.gov/cfap or call 877-508-8364.

USDA Service Centers are open for business by phone appointment only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service, or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information can be found at farmers.gov/coronavirus.

FSA Implements Set-Aside Loan Provision for Customers Impacted by COVID-19

USDA's Farm Service Agency (FSA) will broaden the use of the Disaster Set-Aside (DSA) loan provision, normally used in the wake of natural disasters, to allow farmers with USDA farm loans who are affected by COVID-19, and are determined eligible, to have their next payment set aside. In some cases, FSA may also set aside a second payment for farmers who have already had one payment set aside because of a prior designated disaster.

FSA direct loan borrowers will receive a letter with the details of the expanded Disaster Set-Aside authorities, which includes the possible set-aside of annual operating loans, as well as explanations of the additional loan servicing options that are available. To discuss or request a loan payment Set-Aside, borrowers should call or email the farm loan staff at their local FSA county office.

The set-aside payment's due date is moved to the final maturity date of the loan or extended up to twelve months in the case of an annual operating loan. Any principal set-aside will continue to accrue interest until it is repaid. This aims to improve the borrower's cashflow in the current production cycle.

FSA previously announced it was relaxing the loan-making process and adding flexibilities for servicing direct and guaranteed loans to provide credit to producers in need. Direct loan applicants and borrowers are encouraged to contact their local FSA county office to discuss loan making and servicing flexibilities and other needs or concerns. Customers participating in FSA's guaranteed loan programs are encouraged to contact their lender. Information on these flexibilities, and office contact information, can be found on farmers.gov/coronavirus.

FSA will be accepting most forms and applications by facsimile or electronic signature. Some services are also available online to customers with an eAuth account, which provides access to the farmers.gov portal where producers can view USDA farm loan information and certain program applications and payments. Customers can track payments, report completed practices, request conservation assistance and electronically sign documents. Customers who do not already have an eAuth account can enroll at farmers.gov/sign-in.

USDA Service Centers are open for business by phone appointment only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information can be found at farmers.gov/coronavirus.

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Dee Harbach at 307-886-9001 extension 2 or Federal Relay Service at 1-800-877-8339.
