## County Office Message

Greetings Lincoln County farmers and ranchers! While wrapping up harvests and bringing home cattle, be sure to notify the office if you are experiencing any losses. If you have a loss on your crops, you must report those losses to this office within 15 days of when the loss is apparent.

### Upcoming Deadlines/Important Dates

September 11- CFAP Application Deadline  
September 30- PLC Yield Update Deadline  
October 12- Columbus Day- Office Closed

Text WYLincoln to FSANOW (372669) to subscribe for text alerts from Lincoln County FSA for deadline reminders.

## New USDA Survey to Measure Areas for Improvement

The U.S. Department of Agriculture (USDA) today announced a new annual survey of farmers, ranchers and private forestland owners. The survey will help USDA understand what it is doing well and where improvements are needed, specifically at the Farm Service Agency (FSA), Natural Resources Conservation Service (NRCS) and Risk Management Agency (RMA).

A selection of 28,000 producers will receive the survey over the next few weeks, but all farmers are encouraged to take the survey at [farmers.gov/survey](http://farmers.gov/survey).

This survey is part of the President's Management Agenda. It requires High Impact Service Provider agencies across the federal government, including FSA and NRCS, to conduct annual surveys to measure and respond to areas needing improvement.

The survey consists of 20 questions and takes approximately 10 minutes to complete. Responses are confidential, and individual responses will be aggregated. The survey will be open for at least six weeks and will be closed once USDA receives a 30% response rate.

Learn more and take the survey at [www.farmers.gov/survey](http://www.farmers.gov/survey).

### Interest Rates for September 2020

Farm Operating Loans — Direct	1.250%
Farm Ownership Loans — Direct	2.250%
Farm Ownership Loans — Direct Down Payment,	1.500%
Emergency Loans	2.250%
Farm Storage Facility Loans (7 years)	0.500%
Commodity Loans 1996-Present	1.125%

## Applying for Farm Storage Facility Loans

The Farm Service Agency's (FSA) Farm Storage Facility Loan (FSFL) program provides low-interest financing to help you build or upgrade storage facilities and to purchase portable (new or used) structures, equipment and storage and handling trucks.

Eligible commodities include corn, grain sorghum, rice, soybeans, oats, peanuts, wheat, barley, minor oilseeds harvested as whole grain, pulse crops (lentils, chickpeas and dry peas), hay, honey, renewable biomass, fruits, nuts and vegetables for cold storage facilities, floriculture, hops, maple sap, rye, milk, cheese, butter, yogurt, meat and poultry (unprocessed), eggs, and aquaculture (excluding systems that maintain live animals through uptake and discharge of water). Qualified facilities include grain bins, hay barns and cold storage facilities for eligible commodities.

Loans up to \$50,000 can be secured by a promissory note/security agreement, loans between \$50,000 and \$100,000 may require additional security, and loans exceeding \$100,000 require additional security.

You do not need to demonstrate the lack of commercial credit availability to apply. The loans are designed to assist a diverse range of farming operations, including small and mid-sized businesses, new farmers, operations supplying local food and farmers markets, non-traditional farm products, and underserved producers.

For more information, contact your Lincoln County USDA Service Center at 307-886-9001 ext 2 or visit [fsa.usda.gov/pricesupport](https://fsa.usda.gov/pricesupport).

## Supervised Credit from FSA

Farm Service Agency (FSA) farm loans are considered supervised credit. Unlike loans from a commercial lender, FSA loans are intended to be temporary in nature. Our goal is to help you graduate to commercial credit, and our farm loan staff is available to help borrowers through training and credit counseling.

The FSA team will help borrowers identify their goals to ensure financial success. FSA staff will advise borrowers on developing strategies and a plan to meet your goals and graduate to commercial credit. FSA borrowers are responsible for the success of their farming operation, but FSA staff will help in an advisory role, providing the tools necessary to help you achieve your operational goals and manage your finances.

For more information on FSA farm loan programs, contact your Lincoln County USDA Service Center at 307-886-9001 or visit [fsa.usda.gov](https://fsa.usda.gov).

## FSA is Accepting CRP Continuous Enrollment Offers

The Farm Service Agency (FSA) is accepting offers for specific conservation practices under the [Conservation Reserve Program \(CRP\) Continuous Signup](#).

In exchange for a yearly rental payment, farmers enrolled in the program agree to remove environmentally sensitive land from agricultural production and to plant species that will improve environmental health and quality. The program's long-term goal is to re-establish valuable land cover to improve water quality, prevent soil erosion, and reduce loss of wildlife habitat. Contracts for land enrolled in CRP are 10-15 years in length.

Under continuous CRP signup, environmentally sensitive land devoted to certain conservation practices can be enrolled in CRP at any time. Offers for continuous enrollment are not subject to competitive bidding during specific periods. Instead they are automatically accepted provided the land and producer meet certain eligibility requirements and the enrollment levels do not exceed the statutory cap.

## USDA Accepting Applications to Help Cover Costs for Organic Certification

USDA's Farm Service Agency (FSA) announced that organic producers and handlers can apply for federal funds to assist with the cost of receiving and maintaining organic certification through the [Organic Certification Cost Share Program \(OCCSP\)](#). Applications for eligible certification expenses paid between Oct. 1, 2019, and Sept. 30, 2020, are due Oct. 31, 2020.

OCCSP provides cost-share assistance to producers and handlers of agricultural products for the costs of obtaining or maintaining organic certification under the USDA's National Organic Program. Eligible producers include any certified producers or handlers who have paid organic certification fees to a USDA-accredited certifying agent. Eligible expenses for cost-share reimbursement include application fees, inspection costs, fees related to equivalency agreement and arrangement requirements, travel expenses for inspectors, user fees, sales assessments and postage.

### **Changes in Reimbursement**

Due to expected participation levels for fiscal year 2020, FSA revised the reimbursement amount through fiscal year 2023. Certified producers and handlers are now eligible to receive reimbursement for up to 50 percent of the certified organic operation's eligible expenses, up to a maximum of \$500 per scope.

This change is due to the limited amount of funding available and will allow a larger number of certified organic operations to receive assistance. If additional funding is authorized later, FSA may provide additional assistance to certified operations that have applied for OCCSP, not to exceed 75 percent of their eligible costs, up to \$750 per scope.

The changes to the payment calculation and maximum payment amount are applicable to all certified organic operations, regardless of whether they apply through an FSA county office or a participating state agency. State agencies that are interested in overseeing reimbursements to producers and handlers in their states must establish new agreements with FSA for fiscal 2020.

### **Opportunities for State Agencies**

Today's announcement also includes the opportunity for state agencies to apply for grant agreements to administer the OCCSP program in fiscal 2020. State agencies that establish agreements for fiscal 2020 may be able to extend their agreements and receive additional funds to administer the program in future years.

FSA has not yet determined whether an additional application period will be announced for later years for state agencies that choose not to participate in fiscal 2020. States that would like to administer OCCSP for future years are encouraged to establish an agreement for 2020 to ensure that they will be able to continue to participate.

FSA will accept applications from state agencies for fiscal year 2020 funding for cost-share assistance from Aug. 10, 2020 through Sept. 9, 2020.

State Agencies must submit the Application for Federal Assistance (Standard Form 424 and 424B) electronically via Grants.gov, the Federal grants website, at <http://www.grants.gov>.

### **More Information**

To learn more about organic certification cost share, please visit the [OCCSP webpage](#), view the [notice of funds availability on the Federal Register](#), or contact the [FSA county office](#) at your local USDA Service Center.

To learn more about USDA support for organic agriculture, visit [usda.gov/organic](https://usda.gov/organic).

**Attention all Buyers of Agricultural Products**

It is required that buyers of agricultural products check or register with the Secretary of State's Office to determine if there are liens against the Seller of the product. If a lien is found you are required to place the lien holders name on the check as well as that of the Seller. Ag Products include but are not limited to: livestock (including horses), crops used for feed (hay, silage, oats, etc.), machinery, equipment and all other crops. **Failure to place the lien holder's name on the check may result in civil legal action being taken against the Buyer of the product. Protect yourself as a Buyer!** You may contact the Secretary of State's Office at 1-307-777-7311.
