2020 ACREGE REPORTING-WE NEED YOUR HELP

Acreage Reports are required for participation in many of our Farm Programs and they are due by not later than **July 15, 2020**. Each year we schedule appointments for you as producers to come in and report what you have planted, when you planted it, any changes to your farm records and updates to your payment eligibility. For various reasons, we cannot do that this year.

The Natrona/Converse County USDA Service Center will continue to be open for business by phone appointment only and field work will continue with appropriate social distancing. While we will continue to come into the office, we will be working with you by phone, and using online tools whenever possible.

At this time, I am encouraging all producers who need to report annual planting, to please contact our office to discuss your 2020 acreage report. We may be able to complete your acreage report over the phone. We can email you a map for you to fill out with your 2020 planting information and you can return it to us.

We can be reached at 307-261-5436, ext 2. We are handling an extremely high workload at this time. Please leave a message.

We can also be reached at wanda.mclean@usda.gov and deena.mcdaniels@usda.gov.

Thank you and we look forward to hearing from you!

Persons with disabilities who require accommodations to attend or participate in this meeting should contact Deena R. McDaniels at 307-261-5436 extension 2 or Federal Relay Service at 1-800-877-8339.
